WAØYNQ

Dateline.....
DENVER, COLORADO

The ARRL National Convention in San Diego is just around the corner in September. We have scheduled a two hour 10-10 Forum, 10-10 Booth and a hospitality room during the three day event. Plan to be there for a great get-together. Be sure to bring your license if you plan to operate W6OI/6. Ten-Ten Officials and Chapter Heads attending are asked to check-in

with the Ten-Ten Booth upon arriving so plans can be made for introductions at the Forum. I'm looking forward to meeting you at the convention. Members are reminded to write to their District Vice President/Manager (see page 30 for addresses) for the following:

- A-To report a change of address.
- B-To renew (or re-instate) your membership.
- C-To order copies of the Ten-Ten Membership Roster.
- D-To report non-receipt of Quarterly Bulletins.

A reminder, also, that the new Editor of the Ten-Ten Certificate/Net Guide is now Susan Levy - WA2SID (XYL of WB2MAN, Net Co-Ord) address on page 2. Send your 9X4" SASE (15¢) to her for current up-dates and Guide. Quarterly Reports should be sent to Rich Levy - WB2MAN (Net Co-Ord). Send news items and photos to me at my new address shown on page 2. I have been getting a lot of mail involving some of the above mentioned Ten-Ten services that are NOT within my area of responsibility. This creates the need for me to forward mail. With the recent increase in postage, forwarding of mail thus caused is an unnecessary drain on the Ten-Ten Treasury. When I asked for reader response to my "poll" (pro or con...mailing certificate number lists) I found out that people DO read the Editorial Page, HI HI. BUT!... too many members misunderstood the intent of my "poll". It was my own idea to see just how members felt. No one at Headquarters asked for the poll. In most cases I was told not to be, "setting up new rules"...so I would like to make a few points clear:

A-Ten-Ten International would not have any reason, or, authority to set up such rules (much less try to enforce them).

B-The exchanging of certificate numbers by mail is the concern of the members that are involved. Chapters who are not in favor cannot know in award applications if numbers were exchanged by mail. In all fairness I would hope that the list that is exchanged contain only those 10-10 awards held at the time of the QSO. As an example...if there has been some delay after the QSO before lists are exchanged it is conceivable that additional awards might be added to the lists that were not held during the QSO in question. I hope that members will realize that I did not intend to create such a stir...only to get your pro or con vote for reader interest. I take no stand for or against mailing lists. As I write this editorial the results of my poll stand at: AGAINST-11 (including 7 chapters), FOR-40 (including 1 chapter) for a total of 59 replies. I do thank those that responded with their interesting comments and observations. The chapters voting AGAINST were: All American City, Cradle of Liberty, City of Lights, Sky Blue Waters, Plainsman, Houston Shot and Q.R.P. Chapter, voting FOR: Bay Area.

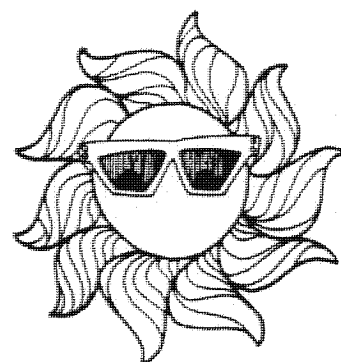

On my return trip back to Denver from the National Convention I plan to visit with The Thunderbirds, Grand Canyon State and 7-Land VP/Mgr in Phoenix. Then in El Paso to visit with the people of the Ten-Bar-X Chapter, followed by the Tamale Chapter in Albuquerque. Photos taken at the Convention and my visits to chapters will be featured in the Winter Quarterly Bulletin due out in January 1979.

As you can see by the "centerfold" in this issue the response from Chapters and members with photos has been wonderful and I thank them. However, there are many of our chapters who have never sent photos. To them I say don't be shy...let us see what you folks look like!

In the summary of the 1978 Winter QSO Party it was mentioned that 12 chapters had only one member participating: They were-Tamale, Ten-Bar-X, Orange County, Hiawatha, War Eagle, HOOT, Mark Twain, Down Under, World Tail End, Beale Street, Powell River and Choctaw-Hatchie Bay. Space limitations prevented listing these in the summary. The member's response to the 50 Year Special Spring 10-10 Bulletin was fantastic and I thank you all for your kind compliments. Well that about wraps it up until the next Quarterly Bulletin in October. See you at the convention. 73-Chuck, WAØYNQ 10-10 #8105.

Words from the President

George Elliott
10-X 1774

The number one subject that the present administration must face is the resignation of Grace Dunlap K5MRU who has been the Contest Manager for the past seven years. There is a lot of work attached to the job and Grace has done a wonderful job. The results of the various Contests have been sent to the Editor ready for the printer. The Net Co-ordinator, Richard Levy WB2MAN, is working on the problem and will have more to say on the subject in this Bulletin. Look for the Net Co-ordinators report and help solve the problem. The Ten Ten Net is sorry to hear that Grace has found it necessary to resign.

There is one bright star in the Contest line. There has been a lot of requests for a CW contest. There will be a CW only Contest starting at 0000 July 22, 1978 and ending at 2400 July 23, 1978. WA1ZXB Daniel Rubin has volunteered to run the Contest, tabulate the scores and do this once each year. The rules are that CW only must be used, all contacts must be 28.5 MHz. or below. If a Tech or Novice contact is made the call sign must be followed by /T or /N. The log must show thr RST, 10-10 number, date, time and QTH. Send the logs to WA1ZXB Daniel Rubin 12 Princeton St.-Danvers Mass. 01923. We are very grateful to Dan. In future Contests there will be notices in the various magazines but there was not time enough to get the copy to the publications. The notices must be in the hands of the publishers three months in advance of the effective date. The deadline for the logs to reach Dan. is September 15, 78. Everyone should get on the air for the QSO party, which will be the final Contest by Grace K5MRU and the first for Dan. There will be no dry throats on CW.

Howard W6QIR has been working on the production of a new roster of the membership. It was mentioned in a previous letter to some of the Vice Presidents that it would be necessary to produce the roster in two parts that will be printed separately. Roster "One" will be from number one through number fifteen thousand (15,000). Roster "Two" will be from 15,001 through all numbers that were issued and included in the April 1978 report to the Treasurer. The Rosters are mailed by Howard W6QIR although the orders are sent to the District area Vice Presidents.

During the last quarterly meeting it was mentioned that the Ten Ten Net should sponsor an Auxiliary for the silent, (on the air), xYLs and YLs of the OMs who are on the air and do have an active part in the operation of the Ten Ten International Net. The xYLs and YLs deserve a lot of credit for the work they do behind the scenes. Their work is appreciated by all of that are involved in the Net. Some of the things that the "Gals" do is addressing the Bulletins, taking the tickets at the quarterly meetings, typing and various other duties that the OM often gets credit for. The officers appreciate the jobs they do. We admit there are some OMs who are in the same category.

The "SANDARC" San Diego County Amateur Radio Council Inc. Sponsored ARRL National Convention will be held in Sandiego September 22-23-24, 1978. The Ten Ten Net will have a Booth and also a forum. The Officers invite all the Members, who can, to attend the Convention and take part in the Forum.

The Ten Ten Net Radio Station W6OI/6 will be on the air from the convention Charles (Chuck) Albrecht WAØYNQ will be there and be the MC of the Forum. Chuck will also set up the station. Look for more details on the Convention doings by the Editor.

One of the Ten Ten Members is or has been on a visit to the Soviet Union USSR and will try and set up a Chapter of the Ten Ten Net in Leningrad. The plan is for him to operate from the Club Station in Leningrad. K4BE W. O. Conrad will have Ten Ten Bulletins and other material necessary to start a Chapter. The permission of the USSR must be favorable in all cases. It is hoped that there will be no opposition to the plan. Who knows the Ten Ten Net may be get behind the "Iron Curtain" via Amateur Radio.

The Ten Ten Net is planning to have a new "Hand-out" that will be available for the use at the various Conventions and Amateur Radio gatherings. The new "Hand-out" will give a short history of the Ten Ten Net and tell how to become a Member of the Net. There will be an application blank and space to list the required ten or five members as required. The sheet may save the member, man in the booth, a lot of time answering questions. The new "Hand-out" will be a single sheet.

It was mentioned in the past that the members that renewed their dues was very small compared to the new members. The last report that was received from the Treasurer was a different story. In some of the reports the renewals were more than the new members. We are certainly glad to note that we are able to hold our membership. The Ten Ten Net needs both the new members and we like to hold those that have been with the Net for some time and in many cases years. I am sure that the District Vice Presidents are doing their best to keep the members and entice new ones to join. Our thanks to them. The Vice Presidents do a lot of work for the Net. It may seem that at times there is a long time from the time an applicant sends in the required lists and the certificate is received. Some of the VPs process from twenty five to in excess of one hundred applications per month. Please be patient if you do not receive your certificate and card the next day. They are doing the best they can.

The New Zealand and Australia membership is growing by leaps and bounds. I received word that there are nearly one thousand members in the "Down Under" area. The Net Co-ordinator informed me that there are new Chapters in New Zealand. The membership in Germany is also on the increase. The DX membership increased by a large number after the last QSO party. The same thing may occur after the July QSO Party and CW Contest in July. The two Contests should please all the Amateurs.

I wish to thank all the Officers, Chapter Heads and Members that have made the last quarter so successful. Don't forget the quarterly meeting July 30, 1978 at the Odyssey Restaurant 15600 Midwood Dr. Granada Hills, CA. Send reservations to WA6VPM Karen Upcraft 7053 Vanalden Av. Reseda, CA 91355

Geo. E. Elliott W6ENC #1774
President "73-88"

Geo. E. Elliott

COMMENT FROM WINTER QSO PARTY:

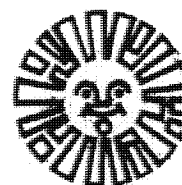

When Tom-WA5UEK sent his log to Grace for the Winter QSO Party, he had the following comment: "Had an illegal CB'er come on frequency and ask about all those strange numbers." "What point value for working the 'Blue Goose'?"

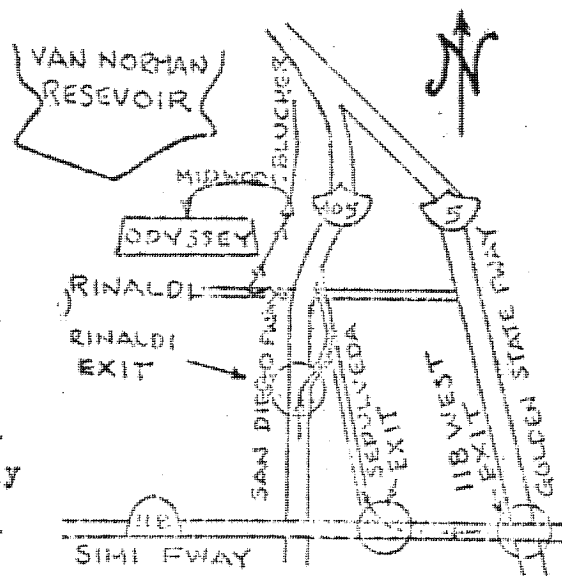

MESSAGE FROM MORRIE.....

(President 1974 to 1977)

W6EHM

QUARTERLY MEETING ANNOUNCEMENT

From Hugh N6UB C/H and Jim WA6LYM Secy: The City of Angels Chapter of the 10-X Int. Net is pleased to host the quarterly meeting on July 30, 1978. Social Hour at 10AM, buffet luncheon at noon at the ODYSSEY Restaurant, 15600 Midwood Drive, Granada Hills, Calif. Price \$5.45 includes tax and tip. Make reservations with Karen Upcraft WA6VPM (City of Angels Cert. Co-Manager) 7053 Vanalden Ave. Reseda, CA 91335 or call (213)-996-0772, or check-in to the net Sat. 9AM local time 28.660mhz. Please make any checks payable to Karen Upcraft. We encourage early reservations to assure appropriate accommodations. Directions: Golden State Freeway (I-5) to Simi Fwy Exit marked 118 West, then off at Sepulveda Exit or San Diego Fwy (I-405) north to Rinaldi Exit (onto Sepulveda)-North on Sepulveda to Rinaldi, left under I-405 to Blucher to Midwood.

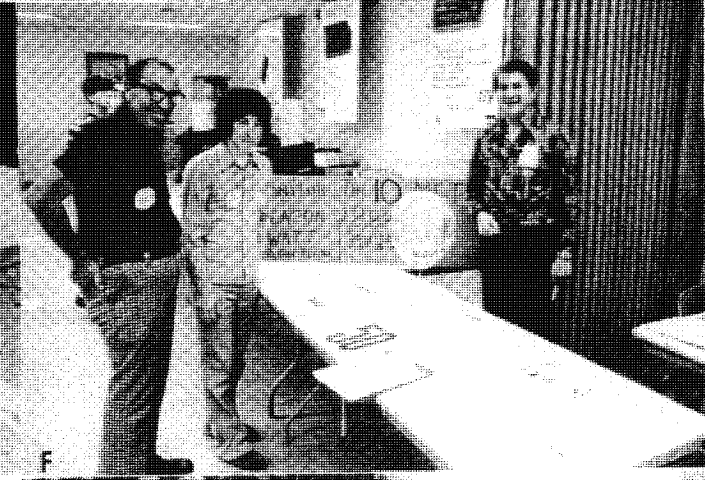

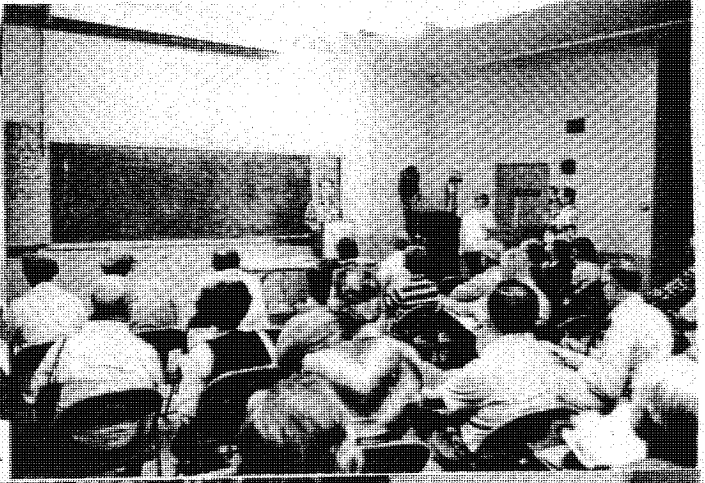

13th Annual L.A. Amateur Radio Convention May 20-21: On Friday May 19, Norm W6IRT was successful in persuading Bill Welsh W6DDB chairman of this event, that the coax to the TH6DXX should be rerouted from the club station W6LS to his converted SSB-75 set up at the entrance to the exhibit area. All visitors had the rare opportunity to witness W6OI/6 in operation. At 1715Z W6OI/6 checked in with the City of Angels net with WB6VTB, WB6TKE, WB6YJZ, WB6KAU, WA6JZM, then an early check-in at 1745Z with the 10-X Int. Net, K6CQN Net Control, WA6MOF, K6MYA and W6DQH. Peter WD6BRO/LB showed enthusiasm and proficiency operating W6OI/6 for many hours on Sat. Made many contacts with members in call areas 1, 4, and 6. Like the sign says-W6OI/6 worked the world with 10WPEP and issued #109 and QRP #1 for this event to: PJ2FJ, VK3XB, ZL4BC, JI1ARP, OA4JN, PY2DBU, VK4JP, WB5VCL/KG6, and W6ENG, too!

Many visitors checked in to our booth and we were proud to display for the first time, certificates from each of our Southern California chapters; QRP, Hoot Owls On Ten, El Camino Real, and hot off the press Sat. AM presented by Karen WA6VPM, the City of Angels Certificate. My special thanks to Bob W6WPY, Bert W6CL, Norm W6IRT and Robert WB6UDP (not WB6UPD-sorry!) who joined me in manning the booth. My pleasure to exchange greetings with so many of our members and with the So. California Chapter Heads, Sherm K6PTF, Hugh N6UB, Ray N6HE, and Norm W6IRT.

At 4PM Sunday, the auditorium was packed with about 200 amateurs in attendance for the 10-X Forum. About 150 were non-members and we hope we got the 10-X message across to these prospective new members. My pleasure to share the podium with Jo K6AYU representing the Hoot Owls On Ten, Jim WA6LYM the City of Angels and Norm W6IRT representing the QRP Chapter and his 10 meter beacon on 28.888mhz.

All in all, it was a most successful 10-X event and I'm sure that all our So. California chapters are looking forward to an even better 14th Annual L.A. Amateur Convention in Beautiful downtown Burbank!

73, Morrie #4189

Key to photos on page 8. All photos by K1LWI

The Mecklenburg Amateur Radio Club did it right this year by sponsoring the Roanoke Division ARRL Convention in April at the Charlotte Civic Center and Radisson Plaza Hotel in Charlotte, North Carolina. The main floor, 82,000 square feet, housed the exhibits, flea market and people...standing room only! Four forums to choose from each hour, and prize drawings every hour. First prize an electric "Citicar" for your shopping pleasure.

The escalator to the upper level transported 650 nervous people grasping FCC Form 610 for their examinations.

The 10-10 Booth sponsored by the Rocky River Chapter was attended by W4YPY (CH), WD4BEJ (Cort/Mgr) and yours truly. About 2,000 pieces of 10-10 printed matter was placed in the hands of interested prospects and the end result was 37 new members, 3 reinstatements & stamp and roster sales at the booth.

I would like to express my gratitude for the genuine hospitality, and for the travel expense check presented to me by the Rocky River Chapter.

Our 10-10 Forum was well attended - biggest

yet. Chapter Head W.O. Jenkins - W4YPY was moderator and introduced me and I spoke of our Earth's environment and sunspot phenomenon as related to Amateur Radio. This was followed by a question and answer session.

FORMS TO AID MEMBERS:

On page 29 is a order form for the 10-10 Certificate/Net Guide along with a form to assist those who are certificate hunters. It was suggested by Hank-K1ZDI who also has a letter on page 22. (Ed's note: In order to preserve your copy of the Bulletin, it is suggested that you zerox copy pages 29 and 30.)

PHOTO KEY TO PAGE 7:

- A. - Morrie-W6EHM visits with Ray-N6HE (President, United Radio Amateur Club) at the URAC Booth. URAC's call is K6AA 10-10 #99.
- B&C- 10-10 Forum.
- D. - Norm-W6IRT operating W6OI/6.
- E. - Lee-K6AYZ operating W6OI/6. In background (L) Jo--K6AY & (R) Jim--WA6
- F. - At the 10-10 Booth LtoR Norm-W6IRT, WB6UDP and Morrie-W6EHM.
- G. - Informative doorway!
- H. - Matti-WA6YKU operating W6OI/6.

NEWS FROM THE 10-10 QSL BUREAU by Jim-W9NIN

Attention 10-10'ers the 10-X QSL Bureau has cards on file for the following stations: WB1DQC, WA2AUB, WB3FVU, WA4AKS, WD4AUC, WB4DPS, WA4GFC, WD4GXC, WD4TQE, WA4KBJ, WA4QCS, WA4TQE, WB4TXA, WA4WXX, WB5UXA, WA6YEO, WA8AZB, WD8JRG, WD9EPG, VE3JHA and VE3JGT. Cards will be held until Oct and if unclaimed will be thrown away. Send a legal size SASE for your card(s) and QSL Bureau information to: 10-X QSL Bureau, Box 258, Bartlett, Ill 60103. It's your bureau, use it!

THANKS FROM THE EDITOR: I wish to thank the following Chapters for bestowing Honorary Awards upon me: HOOT (K6PTF), Bay Area "Gold Nugget" (W6ANK), O.R.C.A. (WB7BZR), Chief Anderson (WB9ZBG) and Radio Club Baradero (LU6DWZ).

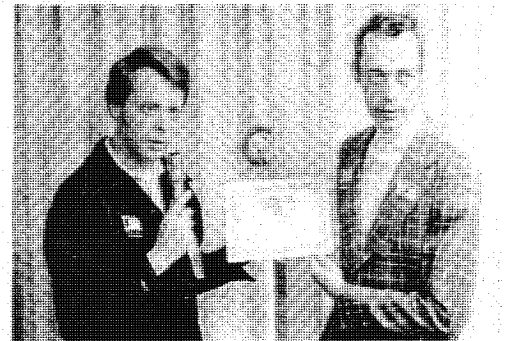

Dayton Ohio

DAYTON HEMVENTION-20

C.
A.
T.
T.

1978

(Photo key: 1-Tony WB8RIB. 2-Del WB8EDG. 3-WB8ATK Les & WB8RIB with Hamvention Speakers Award. 4-Les WB8ATK (8th District VP/Mgr) addressing 10-10 Forum. 5-WB8EDG presenting a 10-10 W.A.S. to WB8RIB.

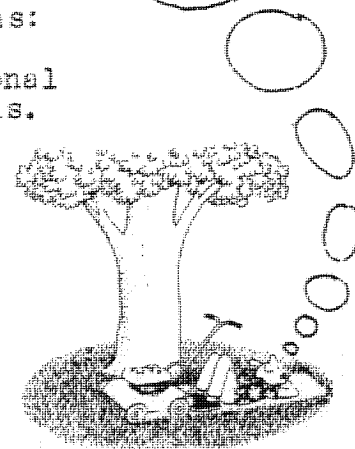

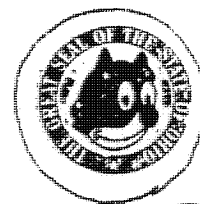

On April 29 the CATT (Cincinnati Area Ten Tuners) Chapter sponsored a forum/meeting at the Dayton Hamvention. To anyone who has never been to Dayton, surely they must feel that it is just another hamfest - well, it's not! The Dayton Hamvention is the world's largest and best organized amateur gathering; attendance was well over 20,000 this year. 10-10 International was well represented with members from more than a dozen chapters present. WB8EDG, Del, CATT Chapter Head, acted as Moderator and was assisted by WB8RIB, Tony, CATT President and Certificate Manager. Two other Chapter Heads were in attendance and described their local operations: WB5NLY, Halley, Shrimp Net and N6UB, Hugh, City of Angels. WB8ATK, Les, Eighth District Manager for the 10-10 International Net, also spoke about ten-ten membership and local operations.

by: Del - WB8EDG
Chapter Head

Representatives from the following Chapters were present:

CATT, Nutmeg, Kentucky Cardinal, Kentucky Bluegrass, Whitehouse, Shrimp Net, Dirksen Net, Old Fort, Jackpine, Mo-kan, Sky Blue waters, City of Angels, Hiawatha, Cliff Dwellers, Colorado Centennial, Chief Anderson, North Star

A word to those who gave up looking for the seemingly non-existent Room #6, next year the CATT will have signs everywhere to help you find the place. Start making plans now for April 27, 28 and 29, 1979 and the next 10-10 meeting at the Dayton Hamvention.

WINNER OF 1978 WINTER QSO PARTY - W7ZR

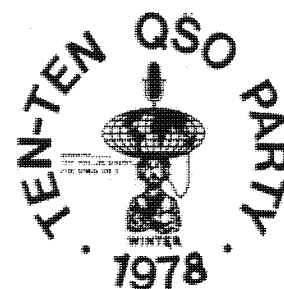

Richard was first licensed in 1952 as K2JSP in Hillsdale, NJ. Since he has had eight other calls (W6SBZ, W7KXR, W9KNF, K9ZIJ, W0KDF, W0MQU and VK4AAZ) ending with his present call of W7ZR in Beaverton, Oregon. He is President of the Willamette Valley DX Club and runs the W7-Bureau. His equipment is a TS 820 to a wilson DB 43 at 80 feet. Richard is employed as Director of Operations for an Oregon based restaurant chain.

SECOND PLACE WINNER OF 1978 WINTER QSO PARTY - VE7CMN

Michael is mainly active in contests and enjoys two meters and DX. He studies day-to-day sunspot activity and compares forecasts. Michael resides in Port Coquitlam BC Canada.

THIRD PLACE WINNER OF 1978 WINTER QSO PARTY - K7CZ

Bill was first licensed in 1964 as WA7BPF and obtained his extra class in 1977 will call K7CZ. He likes DX, contests and antenna experimentation. Bill is employed as technician for Motorola and resides in Mesa, Arizona.

Not listed are 12 Chapters, each with only one member participating.

By Grace Dunlap
K5MRU 10-X 218

The biggest and best QSO Party by far - 1113 logs! 74 Chapters represented! From the numerous comments received I believe most of us enjoyed the weekend immensely, even though there was some frustration over all those DX contacts not counting extra.

However, we should keep in mind that our QSO Parties are not DX contests. We have enough of those during the year, and we all know they encourage the use of high power, which puts the average member at a distinct disadvantage.

The White House Chapter dedicated their efforts for this contest to one of their very active members, WB3BWX, who became a Silent Key on March 1, 1978.

A suggestion was made that more detailed guidelines be printed for future QSO Parties, so a Contest Committee will study the situation and come up with some definite rules before next winter's event.

Your notes and comments are greatly appreciated. It would be impossible for me to answer each one personally, but a big "thank you" to everyone who took the time to write.

73,

Grace

Grace Dunlap, K5MRU #218
Contest Manager

EDITOR'S NUMBER ONE PROBLEM!

During the past 2½ years your Editor has had the dream of publishing an "error free" Bulletin. However, this dream will never come true until approximately 10% of our chapter officials can acquire the habit of advising the 10-10 Net/Chapter Co-Ordinator (Rich-WB2MAN) of changes...such as name of chapter, new chapter officials, change of net information, etc. There have been several cases recently of new chapters forming last Summer that were featured in the "New Chapter" section of the Fall Bulletin. Their write-ups were based on information supplied by their own chapter officials. Now, nine months later, we receive correspondence stating that our published information was incorrect. We fail to comprehend why those chapter officials did not immediately advise us of the errors when the Fall Bulletin was published in October 1977! Corrections could have been made in the following Winter Bulletin in January 1978.

"Delaware Calling!"

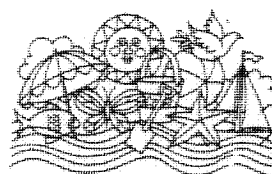

WB2SHZ, WA2HYP, WA2NNQ, WA2CZU & WB2ZFG portable/3 in Delaware.

On May 6th and 7th five members of the Lindbergh chapter went down to Delaware for a "DX-pedition". They were; WB2ZFG Phil, (chairman) WB2SHZ Bob, WA2HYP Greg, WA2NNQ Stew, and our one and only WA2CZU Bella or DELLA FROM DELAWARE. They operated from Dums Pond State Park. They used a PS520S and a Three el monobander. 82 stations were worked consisting of 21 states, 9 countries and 1 MM station. This outing was planned to coincide with the LIAKS contest. the LIAKS chapter have graciously volunteered to help defray the cost of printing the QSL's and postage.

STOP PRESS!

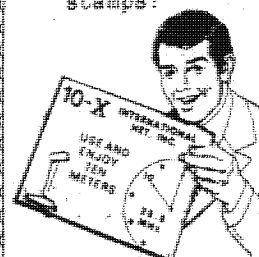

Last minute news item.....

GOLDEN BEAR CHAPTER (WB6POQ): Kay reports they now feature a certificate for 5 local contacts & \$1 to WA6NAU. The local stations must be charter members. Kay took pictures at their latest "brunch" but his camera & film were stolen. (Ed's note: This is the first report received since March 1976 from the Golden Bears and it is great to hear they are still going along as an active chapter. Don't wait so long next time, Kay.)

W9BPU and many more 10-10 personalities.....

Booth

I am glad to announce that the FCC has given me permission to operate a beacon on 10 meters for propagation study only. Authorization expires September 30, 1978.

Beacon Statistics:

1. Location: North Hollywood, Ca. $118^{\circ}28'25''$ W longitude, $34^{\circ}12'55''$ N latitude.
2. Power output: 7 watt (QRP).
3. Frequency: 28.888 MHz. Temperature controlled Xtal Osc.
4. Mode: A1 (CW) solid state, ID: W6IRT, Message: Repeats every 100 sec. (12 wpm).
5. Antenna: 1/4 λ ground plane with 3 drooping radials. Radials 15 ft. off roof and about 30 ft. above ground.

The beacon went on the air (24 hour) on May 6, 1978. Dr. Vaughn Cable, K6ZTA, Professor of Electronics and Computer Engineering at California State University, Northridge, and I are establishing a propagation study group to correlate and reduce data received from beacon monitors and listeners. We at this time are going to study all types of propagation, including ground wave in Southern California as well as various skip, reflections, refractions, scatter, back scatter, bounces, and whatever else we can learn about our favorite ham band.

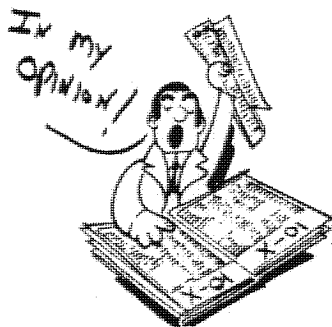

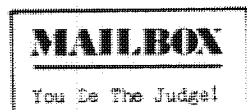

To start, the data needed is: Type and height of Antenna, Receiver, time-date GMT, RST (in microvolts if accurate equipment is available), QSB or flutter, local weather, direction best signal is coming from (for beam owners). Try to listen daily, keep a log and send a report monthly, M/M reports are especially solicited and valuable, DX pse QSL W6 Bureau. Results will be published. Sorry, at this time we do not have plans to QSL from the beacon. Perhaps in the future.

Hopefully, the Commission will extend permission to allow this to be a continuing and long term study. We would like to install several fixed beacon monitors (24hr.) with strip chart recorders around Southern California to correlate ground wave with local WX and other factors. Any W6s interested in spending a few \$ to put in a monitor and recorder, contact me. 11M converted AM receivers would do well in this case.

The IARU has a region 1 10 meter beacon band plan of 28.2 to 28.250. ARRL also backs this plan. However, I decided to go it alone. I wanted a beacon in the phone band around 29 MHz. I chose 28.888 MHz as a more practical location than 28.200. To my knowledge and observation, most 10M operators (USA) tune only 28.5 to 29.0 to check band propagation and ground wave paths. Most are not interested in a MUF (Maximum Usable Frequency) of 28.2, especially with the mass quantities of transceivers in use which use 500 KHz increments. If you hear the beacon you will know the MUF is to that frequency and you can judge how well by knowing where it is and how strong. Try calling CQ or QRZ California. In the Los Angeles area, 28.780 is used by QRP Chapter, 28.810 by the Hoot Owls and 28.6 and 28.8 by everyone. You will know if a path is open; we have no way of knowing. Since going on we have worked Japan, Canada and lots of short skip at midnight to 2 AM local time. Those stations heard the beacon and got on and called. The beacon should also show what 7 watts output with a gain of 1 antenna can do on 10M CW. Also the signal source can be used to plot antenna patterns and gain.

The 10-10 International and QRP Chapter offered much encouragement and help. I wish to thank everyone and especially George W6ENC, Morrie W6EHM and Mary WA6MOF for issuing the unused #105 for beacon use only (non exchangeable). There it is, fellow 10X members. 10 is never dead, it only needs more activity. The beacon is ON (28.888) - use it, enjoy it, and please HELP us get enough data together to prove 10 is the very best.

73 Norm Lefcourt 10X #14981
7713 Wilkinson Ave. QRP #2C
North Hollywood, Ca. USA 91605

To The Editor;

...I would also like to see the chapters discontinue requiring the following information for the issuing of certificates; the time of the contact and the station's 10-10 number. The time is meaningless information and the station's 10-10 number is redundant as far as validity is concerned. You have to have a 10-10 number in order to obtain a certificate, so why do the chapters have to see it again?...

73, Hank - K1ZDI

Aglipay Drive, Route-1, Amherst, NH 03031

EDITOR:

As a newcomer to 10-X International and an avid QRPP operator, I feel the need to respond to a letter by Mark Morris that appeared in the Winter 1978 Bulletin.

First, I agree and will lead the fight to keep the 10-meter band unchanged. Most of us like it the way it is now.

But as far as Mr. Morris' unkind remarks about QRP is concerned....I'll fight.

First, I enjoy QRPP work and currently use a converted Radio Shack TRC-449 AM-SSB 40-channel phase-lock-loop transceiver...

***I am still working South America with ease and am closing on WAS QRPP flea power. Conditions since the detuning have not permitted a strong opening into Europe or the VK and ZL areas.

During the first 20 days on the air with the 900 milliwatt rig, I worked 16 states, 11 DX countries and held more than 100 QSOs. Only one time during the 100 plus contacts did my signals fade completely out.

I don't use any bird dogs leading the way and asking other stations to standby for me. I call and answer CQs and do a lot of tail-ending.

I also fight pileups head-to-head with the power stations and am successful more times than not.

I do not want a QRP frequency. I can fight for my share of stations with nine-tenths of one watt PEP.

Mr. Morris said, in his letter, "I find it very difficult to believe that anyone interested in amateur radio will settle solely for operating QRP..."

Don't knock it if you haven't tried it. Amateur radio is many things to many people. To me, it's QRPP--working DX on less than one watt.

73 and Thanks.

WSURK - Chuck Elliott (#20752), 4308 Princeton Road,
Hamilton, Ohio 45011

by: Chuck Albrecht
WA0YINQ 8105

These thoughts were inspired after reading an article (can't remember what magazine) concerning radio signals that are still traveling out into deep space ever since Marconi started it all back in 1895. These signals of every radio, television and short wave broadcast originated in those eighty-three years might be monitored by possible life elsewhere in the great void we call the Universe.

The thought comes to mind that somewhere out there, someone (or thing) is receiving a very weird picture of us earthlings. They must think we are liars with the trots from eating tamales and wiregrass peanuts as we ride the choo-choo over the Chattahoochee Bridge on the way to Choctaw-Machie Bay searching for war eagles, magnolias, thunderbirds, shrimp and a hoot owl with a big foot. That we are cliff dwellers, living in the Devil's Triangle, wearing bluebonnets and drink sky blue water from mo-cans.

Someday in the future when a great white spaceship comes gliding down and a being steps out...instead of, "Take me to your leader", it's more likely to be, "What's your Ten-Ten Number?"

COLORADO BIGHORN

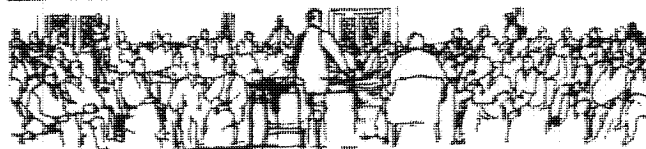

AWARDED TO

K8L12

AWARDED TO K8L12
IN RECOGNITION OF YOUR OUTSTANDING ACHIEVEMENT
OPERATING ON THE TEN TEN BAND

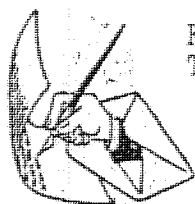

NON-CHAPTER 10-10 AWARDS:

A few of the Denver, Colorado area amateurs have decided to add a certificate of their own to the ever increasing list of 10-10 certificates and it is called, "THE COLORADO BIGHORN". It's a non-chapter propagating award requiring 10 contacts (must work 2-C, or 2 HC, or 2 FS) \$1 plus 2 first class stamps to K0LT-Lee, 10891 E. Iliff Pl., Aurora, Colorado 80014. Stations qualifying via C.W. will receive the certificate free! Also CW certificate will have a special number. More awards are planned...so save your Bighorn numbers. Another non-chapter award is the "WORKED ALL ROCKVILLE" from amateurs in Rockville, Maryland. It requires working 10-10 stations in Rockville. for further information contact Joyce - WA3WQM, Certificate Manager.

FOR
RE

IMPORTANT!!! PLEASE NOTE. GRACE/K5MRU RESIGNS AS CONTEST MANAGER. Many of you have already heard by now (via word of mouth) that Grace has resigned as manager of the 10-X Contests. Those of you (like myself) who've operated the contest for a number of years realize just how much the work load has increased on her. Still, her resignation leaves a gaping hole in our organization. Grace will manage this summers contest, but then we will need someone or some group to replace her.

The other committee could be a single individual, a Chapter or a group of individuals whose task it would be to receive the logs, tabulate the results, type up the results for printing in the newsletter, and send certificates to the winners.

I would just like to take this opportunity to express my thanks to Grace for the outstanding job she has done over the years. I've operated many contests other than the 10-X contest, yet the 10-X Contest has consistently given me the most pleasure. I've operated 10-X Contests since 1972 and the rules have changed to meet the growing number of participants, and this is due to her leadership.

THANKS to the Ky. Blue Grass, Big Nickel, HOOT, Cowtown and Treasure Coast Chapters for bestowing Honorary certificates upon me. Now I need some Chapter to send me a new wall to put them on!

OPERATION ELBOW-ROOM is progressing nicely, I'm happy to say. We now have just about every five KHZ from 28.64 to 28.9 being used by at least one Chapter, and a lot of the frequencies in between are also in use. There are still a couple of "hot spots" but these will be cleared up eventually. Thanks go to the City of Lights, Bauxite, Chief Anderson, KY Plughorse, Wild Burro, Furniture Capital and the Cradle of the Confederacy Chapters for agreeing to change their net frequencies and help spread activity throughout the entire band. I would like to ask those Chapters who have received letters from me asking them to move frequencies, and those Chapters who will be getting similar letters in the future, to give it consideration as a move which would benefit ten meters.

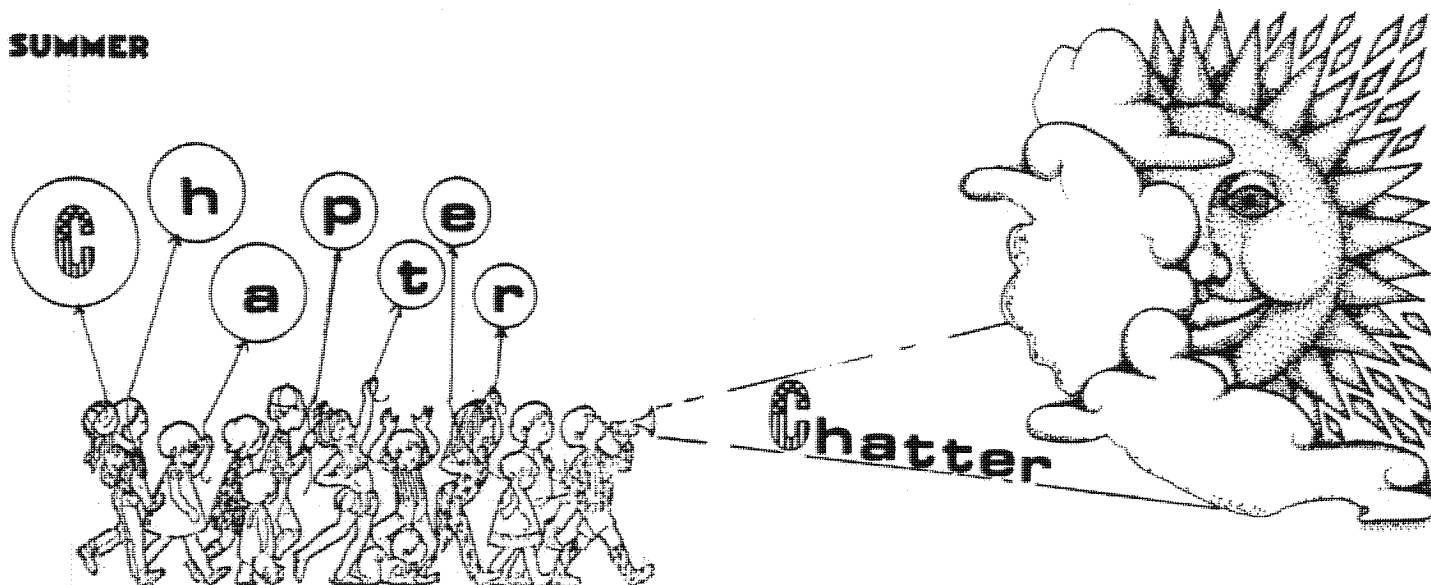

MORE NET OPERATIONS. The following are more excerpts from letters received telling how the various Chapters go about running their nets. It's interesting to see how techniques vary from one Chapter to the next. Maybe you'll come across an idea which you think might work well on your net.

From Bill/K8JZN Chapter Head of the Stark County Mutual Aid Net:..."Since the Novice and technicians now have 10 meter priveleges, we also take checkins on 28.150 at 11:15AM. This is for checkins only and to accept any info they wish passed along on the main net which starts at 11:45. I open the net after checking with WWV prior to net call up. We use a roster and anyone that checks in 3 times in a row, has their name on the roster. Failing to check in for 3 weeks gets a check mark by their call, and they are skipped over till they again start checking in with regularity. Mobiles are called first, followed by acknowledgements of early checkins. Then the 28.150 checkins are listed. We then start roll call in alphabetical order by call, starting with "A" one week and "Z" the following week. This is followed by a call for late checkins. Upon completion of roll call (and the secret for the success of our net) I follow with a three week report on all amateur activities, including club meetings, auctions, flea markets, hamfests, contests and birthdays and anniversaries of our members for the coming week."... This is part of a guide for net controls written by Harry/K4WP Chapter Head of the Suncoast Chapter: Call Up: Before starting the call up, check your exact time, your rig for correct tuning and freq. and the antenna for direction etc. and have a roster, paper and pencil handy. Start promptly by 'Calling all members of the Suncoast Chapter of the 10-X Int. Net. This is _____ your net control for this evening, located in _____. Please zero beat this frequency.' Repeat this for one or two minutes. Then designate your relay station for the evening. Before calling for checkins, stand by "for any station that may have urgent messages or announcements." As the stations check in acknowledge each one, write the calls down in the form of a list. Identify yourself again and ask for any latecomer members. Acknowledge any skip stations briefly, asking them to stand by until the end of the second round when you will call on them to exchange numbers with the members of our net... From Hugh/WB5GLZ, Secretary of the Cowtown Chapter: "A brief run down on our net operation is to Keep It Simple. We alternate our NCS each week. We run down a roster of the preceeding weeks checkins, however each NCS is free to run the net as his experience dictates. Our net is mostly a information and roundtable discussion of almost anything. If we can pass traffic into our area it is done. As far as passing 10-X information on a crowded net, the NCS usually directs the stations to move off frequency and return when finished. We make it a point to try to finish the net in one hour."... Grant Miller/VE3GFM, Chapter head of the Big Nickel says his net is run as a round table under the control of a designated net control station, and he will handle the net, taking into consideration the activity requesting to check-in, as he sees fit... Neil McMillen/WB0SNG, the Jackpine Chapter head says: "...we have had good experience using the 10-X number roll call with the NCS asking for check-ins from 0 - 4000, 4000 - 8000, etc. which has eliminated quite a bit of confusion. Contacts are sometimes handled the same, but usually the NCS asks if there are any contacts by asking for the last 3 letters of the call for ID" ...From Robert Macauley/WB8WVF, Chapter Head of the Michigan Water Wonderland Chapter: "... we try to operate the net on a formal basis. We open the net with a minor briefing on net. proceeding, and then ask for charter members only to check-in, and then check-in any other stations!"...

FINAL NOTE. Most of you know that the qualifications for forming a 10-X Chapter do not include the issuing of a Chapter Certificate. We leave this up to the individual Chapter. If the Chapter wishes to issue a Certificate it may; the Chapter may decide on the requirements for the certificate; the cost of the certificate; the certificate manager. But, if the Chapter does decide to issue a Certificate it must take on the responsibility of seeing that the Certificate is returned to the applicant before a reasonable period of time has elapsed. If for some reason the certificate manager can not perform his function for an extended period of time, arrangements must be made for someone to take over his responsibilities, or that the applicants are notified that there will be a delay in fulfilling their applications. 99% of the Chapters do a fine job in getting their certificates out quickly. There are a few Chapters, however, which take an inordinate amount of time for processing. It is that 1% I am addressing.

Richard Levy/WB2MAN #4368
Net Co-Ordinator

SUMMER

(Highlights of quarterly reports and news items from active 10-10 chapters received since the Spring Bulletin.)

MINUTEMAN (W1FFT): The chapter held it's 2nd eyeball luncheon in May with 45 attending (see page Correction on net: Tue 1930L (0030Z) 28,609mc. NOR'EASTER (W1ZQR): This chapter now features a certificate. Requires 25 pts & work 1C or L (C-5pts, L&FS-3pts, DX-2pts, O-1pt) \$1 to WA1PEL.

LINDBERGH (K2IJL): They now have a special Lindbergh QSL card available to all members of their chapter. For information contact Larry-K2IJL. (see page 9 for story of their dx-pedition to Delaware and photos.)

WHITEHOUSE (?): Received word from Ro-WB4NWG of his resignation as Chapter Head with no word about his successor. They are featuring 2 new awards: "Congressman" & "Senator" for working 20 & 40 Whitehouse 1st Staters respectively. Fees are \$1.50 & \$2.

SUNCOAST (K4WP): See page 6 for photo of their latest picnic. NORTH GEORGIA (W4YHF): They have an additional net on Wed 1930L (0030Z) 28,725mc. The chapter sponsored the 10-10 Booth at the recent 1978 Atlanta Hamfest. 271 10-10 awards were displayed making it one of the largest collections in the world. A 10-10 breakfast found 30 ten-tenners enjoying a ham & egg eyeball.

The forum drew an audience of 60 with nearly every chapter in the Southeastern U.S. represented.

ALL AMERICAN CITY (K4NFE): John reports the 10-10 Booth at the 1978 Birminghamfest a big success with over 3,700 in attendance. Patty-WB4LQU served as representative for Clint-K4EKK (4-Land VP/Mgr) at the booth. She did a \$100 worth of new members. BEALE STREET (WB4WHE): Back in the Fall Bulletin WA4FJF was listed as Chapter Head instead of Cert/Mgr as their organization letter had so indicated, however, WB4WHE is the Chapter Head replacing WA4FJF who is Cert/Mgr.

Certificate requires 15 pts (L-2, O-1) must work 1 L. \$1. Net meets Sun 1230L (1830Z) 28,705. (Ed's note: Any changes in chapter officials, awards or nets should be reported immediately to the 10-10 Net Co-ordinator.) HEART OF DIXIE (WD4ENZ): Net correction...28,775 Wed 2030L. (Ed's note: Remember to subtract 1 hour from GMT for Summer DST.)

OLD NORTH STATE (W4NJS): Their top VIP award is called "Great Seal of North Carolina" and requires 500 pts. KENTUCKY CARDINAL (WA4UEM): They now have the "Super Cardinal" Award.

MARDI GRAS (WB5SKQ): This chapter started as the "New Orleans" Chapter and Gay advised of the name change. Net change: Sun 0900L (1500Z) 28,715mc. Certificate requirements have been changed to 25pts with 2 C's. GOLDEN TRIANGLE (WB5ZCK): Their award is called, "Golden Derrick".

BLUEBONNET (WA5JDU): Net changed 28,625 Tues 1900L (0100Z). COWTOWN (W5GVP): Chapter Head Tom was 1st place winner in North Texas Section of 1977 Delta QSO Party as reported in 73 Mag. Bill-WB5TDZ returned from a stay in the hospital. BAUXITE (K5NE): Net changed to 28,765. VIP award is, "Arkansas Visitor" for 50 pts (C-5pts, L-3pts, DX & FS-pts, Others-1) \$1.

HOUSTON SHOT (WB5FII): This chapter is sponsoring their 2nd Annual Houston Hambash (Nov 4-5) at Spring Creek Park. (See page 23 for more info.) PLAINSMAN (K5ERJ): New Cert/Mgr is Chuck-K5CWB.

HEART OF TEXAS (WD5FAL): New chapter head replacing Bobie WB5OSK. Correction of Cert/Mgr to WB5KMN.

RAY AREA (W6ANK): Dick reports the passing of Bill Stryker - K6KRH 10-10#15789 who will be sadly missed by the chapter. They dedicated their Winter QSO Party Victory to his memory.

HOOT (K6PTF): The HOOTS surprised Hans-WB6YYI on April Fool's Day with a party complete with Hoot Owl Cake (see page /6). Additional information on certificate reported in Spring Bulletin is fee \$1 & must work 1C or 2L. They have a VIP Award for 75 pts & worth 2 pts, Fee 50¢. They are sponsoring a CW contest (July 22-23) send logs to Dan Rubin-WA1ZXR, 12 Princeton St., Danvers, Mass. QRP (W6IRT): Norm reports the beacon in operation on 28.888 (see page 21). (Ed's note: This frequency is also the net frequency of the Crazy Eights Chapter...I thought we had a Net Co-ord ?? I wonder who forgot to co-ordinate!!) BIG FOOT (WA6EYY): Their Cert/Mgr caught a typographical error in the Spring Bulletin. His call should read, "WB6SRQ".

ORANGE COUNTY (WA6HEL): On July 18th this chapter will sponsor a booth at the Orange County Fair. Now offering a VIP for the "El Camino Real" requiring 150 pts & SASE to the Chapter Head.

CASCADE (WA7QVP): George says to disregard all rumors..they will continue to issue awards past #500. They are starting a CW net on 28.150 to operate at same time as SSB net. Cert/Mgr is WA7WEA who is also Cert/Mgr for the City of Roses Chapter. GRAND CANYON STATE (WB7BQP): Last February the net qualified WB7QFP (first novice local) and he received his 10-10 Number in time for the Winter QSO Party. WA7QNO & K7PXI have received 2500 bars & CH has his 1000 bar. Three members have qualified for 500 Club (WB7NUU, WB7ADO & K7JNB). During a visit by YS1RVE in May, Bobbie-WB7NUU was appointed as his QSL Manager for 10-10 QSO's only. Send QSL including 10-10# & SASE to Bobbie. THUNDERBIRD (WA7DCO): (See page /6 for photo.)

STARK COUNTY MUTUAL AID (K8JZN): Bill reports K8MFO had a grand time on Dx-pedition to the Cayman Isles & then returned to say, "I Do" to his YL. WB1IV has moved to Texas becoming W5VVK. The Chapter sadly reports the passing of two members: Earl Mencer-WA8GMX #1464 and Harry George-W8NXO #14616.

SUPERMAN (WB9PVX): Chapter Head "Mib" emerges from the phone booth as Cert/Mgr. Certificate requirements changed to 1 LC & 2 HC. SITTER's (WD9CXJ): This chapter enjoyed a picnic last April (see page /7). CITY OF LIGHTS (W9ZGP): Net changed to 28.720 Mon 2030L. SIONILLI (W9ATF): Chapter is planning a big eyeball meet for September. FORT WAYNE (W9BYR): WB9ZIX was incorrectly reported as Chapter Head. They require applicants for the "Old Fort" to list the 10-10 # of each contact. Applicants for any advanced award may now choose between a mini - certificate (10¢ plus 4½" high SASE) or a full sized color certificate (\$2). Send SASE to WD9ACE for further details. VIP award applications no longer need to be in numerical order.

FLATLAND FARMER (WB9YJF): K9KC has been appointed as Secretary & Newsletter Editor. Plans are in the mill for a Flatland Farmer QSO Party in December. Details will be in the Fall Bulletin.

TROT (WB0KIN): Two new Sr Awards: Rusty Spike (50pts) & Silver Spike (100 contacts) fee 50¢ each to WB0NWQ. GATEWAY (W0QHY): This Chapter has held 304 consecutive nets. 58 members attended an eyeball meeting. WAR EAGLE W0WFB: Certificate requirements changed to 5 contacts (1 C or HC or L), Chapter Head Art came through the area last month and visited the Colorado Centennial Net & the Cliff Dwellers (photo page /6.) CLIFF DWELLERS (K0WZX): Mark attended the Dayton Hamvention and was disappointed to find no 10-10 Booth. He also wondered why the visiting Chapter Heads were not allowed to address the Forum. Mark comments as to why no special "family" membership is provided in cases where both OM & YL are members of 10-10 and receive a bulletin. He thinks one bulletin could be mailed and fees reduced. (photo page /7).

COLORADO TEN-TEN (WB0FQD): Rich says the way things are going he predicts over 3,000 basic Centennial Awards issued by Christmas. A picnic was held in June with Guest of Honor - Art W0WFB (CH of War Eagle Chapter). Elections were held and Rich was re-elected for his fourth term. (see page /6 for photos) The Fall, Winter & Spring Bulletins all reflected that WB0FQD had re-assumed duties as Cert/Mgr...but still people are sending applications to WA0YNQ and they all have to be forwarded to Rich.

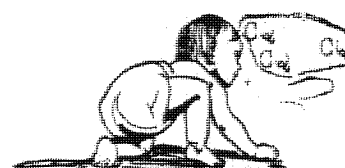

(Quarterly Activity Reports were also received by the 10-10 Net/Chapter Co-Ordinator from these 10-10 Chapters:)

LIARS (K2KDI), DELAWARE VALLEY (K3LBM), KENTUCKY BLUE GRASS (W4FNN), MIDDLE TENNESSEE (WB4PPY), CITY OF ROSES (WB7EXM), PRAIRIE STATE (WD9AMF), HIAWATHA (WB0PTB), SKY BLUE WATERS (WB0FKR), JACKPINE (WB0SNG) and MO-KAN (WB0MPH).

New Rosters

Ten-Ten has grown too big for a single Roster to be practical. There will now be two publications, MEMBERSHIP ROSTER I, and MEMBERSHIP ROSTER II. Roster I will be 'solid' from 1 through 15000. The only future changes will be deletion of call signs of SK's and call sign changes. It is expected that these may be included in the Quarterly Bulletin.

Roster II will begin at 15001, and will include all numbers through 23,400, with call signs where such have been assigned. See the Order Form below.

ORDER FORM

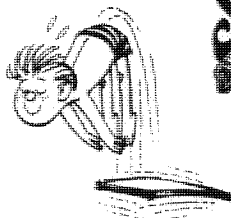

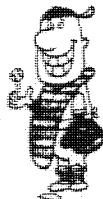

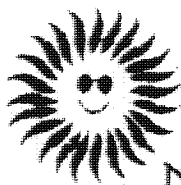

QTY.		PRICE	AMOUNT
_____	Annual Ten-Ten Dues Check: New _____ Renewal _____	\$3.00	_____
_____	Initiation or Reinstatement (3 or more mos. in arrears) Fee	1.00	_____
_____	Ten-Ten Stamps (100)	1.00	_____
_____	Membership Roster I (Nos. 1 - 15,000)	1.50	_____
_____	Membership Roster II (Nos. 15,001 - 23,400)	1.50	_____
_____	Both Membership Rosters, same order	2.50	_____

How to become a Ten-Ten Member

Work ten present members on 10 meters. Log each 10-10 number, call sign, date worked, operator's name, and location. Submit this list to your Call Area Vice-President, with \$1 Initiation Fee and \$3 for your first year's dues. Novices need not pay the Initiation Fee, and DX applicants need work but 5 present members. You will receive a Certificate and be assigned a permanent 10-10 Number. You must pay annual dues to remain in good standing, receive the Quarterly Bulletin, and participate in 10-10 activities.

How to earn Bars and Plaques

As a member, log the 10-10 numbers of stations you work on 10 meters. You may wish to mark your Roster to avoid duplicates, and to develop a filing system to record 10-10 contacts. All contacts must be bona-fide number exchanges on the air. When you have 100 contacts (including your first 10), list 100 only (never more, never less, and no duplicates) as follows:

1. Your list must be in serial order of 10-10 numbers.
2. You may submit only one list at a time.
3. You may not submit log books or copies of log book pages.
4. You must give your name, address, call sign, and 10-10 number and state which Bar you are requesting (i.e., 100 Bar, 200 Bar, etc.).
5. You must enclose an SASE (large size - about 4 1/4" x 9 3/8").
6. Mail your materials to: FRANK ORCUTT, WHJC, Awards Manager
110 Leisure Mobile Park
28501 SW 152 Ave.
Leisure City, FL 33033

When you have attained your 500 Bar, you will be assigned an Honorary V. P. Number, and will be entitled to participate in additional activities. In addition, plaques are awarded for 1,000, 2,500, and 5,000 10-10 contacts.

How to earn WAS

When you have worked at least one 10-10 member in each of the fifty states, and have QSL card confirmation, mail your cards to FRANK ORCUTT (address above), and apply for the Ten-Ten WAS Certificate. Include sufficient postage to return your cards to you.

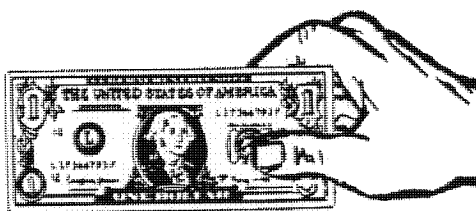

Chapter Activities

Many Ten-Ten Chapters issue Certificates which may be earned by following rules established by those Chapters. See your Guide to Chapter Certificates and Nets. Groups wishing to organize local Chapters should write to Net Coordinator RICH LEVY, WB2MAN, at 30A Arleigh Road, Great Neck, NY 11021.

Is it That Time?

Look at the mailing label on this issue of your Quarterly Bulletin. In the center of the top line there is a four-digit number which tells you the expiration date of your Ten-Ten membership. The first two digits indicate the month, and the last two the year. If your membership has expired or is about to expire, RENEW NOW. Send your \$3.00 annual dues to your Call Area V. P. If you are more than three months in arrears, you must pay a \$1.00 Reinstatement Fee. RENEW NOW!

Financial Report

Statement of cash receipts and disbursements
3-1-78 thru 5-31-78 - Submitted by K6CQN, Treasurer
