Words from the President

HOWARD BOWMAN
W6QIR #4509

SOME OF YOU MAY REMEMBER THAT SIX MONTHS AGO the XYL and I had planned a trip to Australia which we had to cancel in favor of a hospital sojourn for me. Well, we finally made it, spending more than a month in kangaroo-land and finishing up with five days lolling on the beach in Fiji.

A day after we arrived in Sydney (14 hours non-stop from LAX), I called Les Olsen, whose call sign is now VK2JLO (he upgraded), and who is 10-10's Manager down there. I told Les that we would be leaving Sydney the next day to go to the barrier reef area, but that I would like to meet him when we returned to Sydney about a week later. Les kindly offered to meet us at the airport and take us to our hotel. However, it turned out that our flight was delayed several hours (a baggage-handlers' strike, what else!) and we took a cab instead. I did manage to meet with Les the next day, however. He took time off from work and showed up at our hotel. We went across the street to an establishment where we were able to enjoy a pot of Foster's lager together. I took a couple of (it turned out) out-of-focus pictures of Les, and maybe, if Jim Michaels and Bert Ayers can work magic, one of them will appear elsewhere in this issue.

On our way home from the airport, I had the cab driver stop at the post office so I could get the mail they had been holding for 35 days. Apparently when the mail being held gets beyond a certain volume they begin to toss it in a large basket, and it was one of these baskets that the young lady staggered out to the counter with. I took it out to the cab and carried it home, where I dumped it on the floor. Edith and I spent some interesting evenings sorting it out. Two issues (November and December) of a lot of magazines, a ton of junk mail, and a bundle of letters from 10-10 members responding to my offer in the last issue of a copy of the official ARRL-ICAO phonetic alphabet, plus a time conversion chart to anyone who would send me an SASE. Incidentally, that offer still holds, so if you forgot to write and ask for one, you can still get it by sending an SASE to me at my address, which is 5872 W. 77 Place, Los Angeles, CA 90045.

SHORTLY AFTER I RETURNED HOME, I received a telephone call from Willie Madison, WB7VZI. For some time, now, Willie had been doing double duty. He is 10-10's Manager for the 7th Call Area, and he has also been handling the applications for Bars from 100 to 900. Some of you may recall that last issue I commented on the problem he and other award managers have with members who don't read the rules for awards and send in their applications without the required proof of current membership. Willie was most outspoken on the matter, and I had a couple of letters expressing some indignation that members should be scolded for not following directions. I also had some commending Willie's point of view. I wish that the indignant ones would try handling one of these volunteer jobs for a while. It might open their eyes.

At any rate, Willie has decided that enough is enough, and has asked to be relieved of the Bar Award job. Knowing how hard it is to get volunteers to do anything, Willie found a replacement. It is Bobbie Vaughan, WB7NUU, who lives near him, and who knows the 10-10 ropes, having been 7th Call Area Manager herself a few years back. Willie will continue as 7th Call Area manager, and I certainly thank him for the hard work he has done the past few years. Willie has all the 10-10 membership data on his computer now, and sends out reminder cards to those whose memberships have expired. He gets about a 10% favorable response. Bobbie's picture was on the cover of the fall, 1980 issue of this journal, and her address appears on page 30 of this issue, along with other information about Bars.

A FEW ISSUES BACK, I WROTE ABOUT MY DISSAPOINTING effort to take a look at the ham station aboard HMS Belfast, which is a floating museum in the Thames. The station has a 10-10

number, which made it particularly interesting to me. I saw parts of the station through glass, but the door was locked. A nearby placard carried the name and address of the chief op. Although I tried to telephone and subsequently wrote a letter, I had no luck. Now my complaint has been answered by means of an apologetic letter from Bob Barton, G3PQH, who is on the Committee of the London Group of the Royal Navy Amateur Radio Society. That is the group which operates GB2RN, the station on the Belfast. Bob mentions the difficulty of obtaining volunteers to operate the station, and also tells me that Chief Operator Don Walmsley, G3HZL, was spending quite a bit of time in hospital at that time. Believe me, Bob and Don, I know exactly what you are talking about, on both counts.

I also received a very nice and most welcome letter from Eddy Waddington, G4GIZ, who has been spending a lot of time catching up on Bars since 10 has been so stinko. He was very complimentary with respect to Willie Madison's help and prompt response when he submitted his numbers 200 at a time, which I understand is OK with respect to DX members. Eddy also says that he is managing to keep up with some of his stateside contacts by using other bands. Don't give up on 10, however. Some strange things are happening from time to time!

A LETTER CAME FROM RICHARD E. "JACK" FROST, in which he says, "I understand the problem of typing the 1000 numbers. I had to give it a try with the help of a computer." He enclosed a very nice page of all the 1000 numbers, plus a suitable heading. I'll pass it along to Editor Jim Michaels, just in case he needs something to fill up a page some time. Jack's call is NF7V, and he is No. 14945. In the same mail I had another letter, written to ask for the phonetic alphabetic and time chart cards, but also saying, "Also enclosed is a short basic program which will generate the list of numbers from 1 to 1000." I sent the cards, but sorry, Charles, you forgot to enclose the program. I'm not mentioning your last name or call sign here, but I think you will identify yourself. If you want to send the program along, it will be most welcome.

WILLARD "BEN" BENTON, N6EZF, NO. 39085, lives in San Diego, reports that he had two great days during the phone contest. Ben has been licensed since 1929 and became 82 in December. Most amazing thing is that Ben is a runner with the San Diego Track Club. He competes in the 80 year old bracket, can still do the mile in seven minutes, runs 25 miles a week in training, and somewhat apologetically says that his limit at one time is fifteen miles. Holy smoke!

ANOTHER LETTER CAME FROM RUDDY, WIMME, who holds No. 4695. That number must, like my 4509, date back to 1972. Ruddy asked for the two cards I said I would send out, but says he will have trouble converting from the Able, Baker, Charlie, Dog sequence. No need to, Ruddy, unless you want to. As I have pointed out in the past, it really doesn't matter which alphabetic equivalents you use. Just don't get cutesy about it. When you do that, no one can tell what you mean. Ruddy also said that on the evening he wrote the letter (November 12), the Minute Man Chapter would hold its 510th consecutive on-the-air meeting.

I ALSO HAD A LETTER FROM GLENN YERBY, ND9Y, who had a question relating to finances, which I cannot answer. Maybe Treasurer Gerry Gross can, and I'll try to remember to ask him, although he is so busy with various activities I can rarely get him on the telephone. Glenn also had some suggestions regarding the contest scoring responsibilities. His principal idea is that all chapters be held responsible for contest scoring on a rotating basis, and that after each contest, every chapter be responsible for the scoring of its own members, forwarding the completed tally to the one chapter designated to total all submitted scores. This suggestion is really in Harry Syring's department, but I can see a couple of problems. First is that many who participate do not belong or assign their scores to chapters. Another is that not all chapters have the facilities to handle the chore. However, maybe Harry will see merit in it.

AS YOU MAY HAVE CONCLUDED FROM READING THE two pages which precede this one, I rely on my mail to provide almost all the "inspiration" for what I write. And I only have to do these pages once every three months. Not so fortunate is Chuck Imsande, W6YLJ, who does a monthly column about 10-10 in Worldradio. Chuck has a problem: he is running out of material, especially material about people who are involved with 10-10. I imagine that most of you feel as I do -- Who wants to read about me? Well, I think that the answer to that is that many people do. Not all of you by any means, but a good many. I ask you, therefore, to send Chuck (and me as well) interesting material about yourself, your family, your background, the job you hold (or retired from), and anything else you can think of. Notice that I used the word, 'interesting'. Don't presume to be your own judge of what is interesting. Chuck or I will judge that. What you think may be uninteresting may, in our judgment, turn out to be interesting and useful. And don't be disappointed if neither of us uses what you send. Maybe it isn't interesting, but let us judge that. Chuck's full name and address are, Chuck Imsande, W6YLJ, 16130 Bromley Dr., Tarzana, CA 91356. Mine, in case you have forgotten what you read two pages back, is Howard Bowman, W6QIR, 5872 W. 77 Place, Los Angeles, CA 90045. Write us!

WHEN I WAS A YOUNGSTER, AWAY BACK IN THE DARK AGES, my mother and grandmother used to read the obituary portion of the daily newspaper. I wondered why. It held no interest for me. Now, however, I know why they read those notices. It is just one of those changes of interest that come as one grows older. When I returned from being away for five weeks, I learned that we had lost one of our real old timers - a bedrock of 10-10 almost from its inception, Hans Tromholt, WB6YYI. It was news that all of us around here had been expecting, but dreading, for some time. Elsewhere in this issue you will find a more formal notice of his passing. Read it. He was one of the best, and we will miss him.

BEFORE I GET TO THE END OF THIS PAGE, I want to say something about the 10-10 Roster. It's been nearly two years since we last printed a Roster, and the reason is that of the last printing of 1,000 (of which about 75 went to officers, managers, and net control stations), we have not sold all copies. Indeed, I venture to say that if we do a new one early in 1986, we will still have unsold copies of the last issue.

As I have previously reported, the actual printing is the least of the Roster expenses. Prior to printing there are (1) the computer work to supply the original copy, (2) the assembly of the computer product into a form which lends itself to subsequent operations, (3) photographing all these pages, (4) making the plates for the printing operation, (5) putting the plates on the presses, and (6) doing the actual printing. Once (1) through (5) have been accomplished, it makes little difference whether we print one copy or 1000 copies, or even more. The point of all this recital is to answer those who ask why we don't print 500 copies, rather than 1000, so we would sell them faster and print a new issue sooner. The answer is that the price (\$4.50) is based on the cost of printing and mailing 1000 copies, and assumes that we will sell all of them. If we were to print only 500, it would be necessary to raise the price so that the costs could be recovered.

It should be noted that those who have been clamoring for a new Roster make a noise all out of proportion to their numbers. This organization has more than 40,000 calls listed, but fewer than one fortieth of that number have bought Rosters. From the inquiries and questions, one might be tempted to assume (if he did not know otherwise) that everyone wanted one. And I'm sure that many of those who ask haven't bothered to buy updates from Jack Smothers, KD7XI (P.O.B. 425, Turner, OR 97329).

Let me lay it on the line. If you want only 500 printed, for the reason stated above, it's going to cost more per copy. If that is agreeable with you, let me know. Don't send any money, either to me or to your Manager, just drop me a note or a card. I'm listening. Do I hear anything out there?

73,
Howard

SUMMARY OF SECOND QUARTER 1985-1986

EXCESS (LOSS)	5,251	<2,625>	5,209	<4,272>	4,808

Projections indicate that this could be another banner year for 10-10. While it is the bottom of the sunspot cycle, Regional Managers are keeping interest in 10-10 at a level where income is ahead of our expenses. As this is the quickest way I know to let everyone know about my new call and trip... March 22, 1986 through April 5, 1986, look for me as JY8GG (hopefully), from Amman, Jordan. A once in a lifetime opportunity to visit and operate from a DX country was made possible by Alan Kaul JY9RL/W6RCL 10-10 19628. He and his wife Chris invited, persuaded, and arm-twisted (lightly) me to visit them while he is on assignment in the Middle East for NBC NEWS. The fact that I'm his QSL manager played little on the invitation. Except for sightseeing, I plan to operate as much as possible. The CQ WPX contest, March 29-30, is my primary goal. Openings to the US are possible on 10, but more probable on other bands. If you yell 10-10, rather than your call, I'll pick you up first!!! I'm having some difficulty obtaining a passport. My birth certificate was not certified, I've sent for a new one, waiting for it to arrive so I can again apply and for the passport. By the way, look for Alan from Amman, JY9RL, Beirut W6RCL/QD5, England, W6RCL/G4, Jamaica, W6RCL/6Y5, and possibly India W6RCL/VU2 and Cypress W6RCL/5B. Say Hi for me.

Last issue I hinted that I had undertaken the task of entering the 10-10 roster on floppies for my Apple. It is complete as of the 1st of December with adds and changes through December 1984. By the end of the year I hope to be current. Programming is still incomplete, but taking shape. If anyone is interested, send 2 floppies (I'll write on both sides) plus postage or sufficient funds to cover all costs and a copy is yours. --APPLE-- only. More next quarter. Happy holidays.

REMEMBER! Award applicants MUST show proof of paid-up 10-10 membership. If you do not, your application will be returned without action.

The 10-10 International Net is saddened to learn of the passing of Hans Tromholt, WB6YYI #181. Hans passed away 1 November 1985 at the age of 80 years. He was a member of the group which formed the 10-10 Net, Los Angeles Area, later known as the 10-10 International Net, Inc. He was very active in the formation of the Net and was the author of the first by-laws used by the net. He was also editor of the "Bulletin" for several issues and later wrote a column titled "One Man's Opinion" which appeared in later issues. He was active in many other amateur organizations.

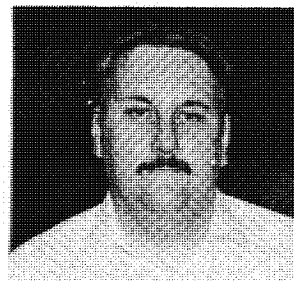

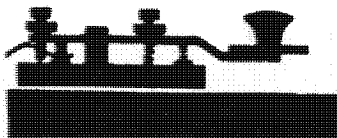

Hans Tromholt was a native of Denmark. In his early days, he was a commercial radio operator aboard seagoing ships. He made many trips to the U.S.A. before making this country his permanent home and had been a resident of the U.S.A. since 1941. Hans leaves his wife Edna, two daughters and son. He will be missed, not only by his family but by radio amateurs throughout the world.

SCORING DONE BY THE NOR'EASTER CHAPTER-- MILT AHRENDT K1CKD

The Republic of Texas Hits the Road

Janet (XYL WD8JKV), Betty (XYL WD5BFO), Dave (KD5EE, RTx CM) and Tom (WD5BFO) at the Shreveport hamfest.

Chuck (KJ5L) RTx CH and Tom (WD5BFO) discuss 10/10 activities with Steamboat Chapter CM Mel (KD5DE).

The Republic of Texas chapter has found one more way to enjoy amateur radio, 10/10 and life in general -- they go traveling. Two trips in 1985 were the beginning of the RTx Road Gang.

In August the RTx chapter responded to a call from the Steamboat chapter in Shreveport, LA to put on a 10/10 forum at the Shreveport Amateur Radio Association hamfest. Twelve charters plus XYLs made the trip and had a fantastic time meeting and visiting with the Steamboaters. It was so successful the chapter XYLs planned a second trip in October. This safari went north to Oklahoma to visit the annual Texoma Hamarama on Lake Texoma. Nine charters and XYLs responded to the call of the road and spent a great weekend enjoying amateur radio without even turning on a transceiver. Plans are in the making for future trips in 1986. If life has been dull for your chapter, give some serious thought to a weekend outing. As they say on ABC "You'll love it!"

The year 1985 saw RTx member #2000 come aboard, the beginning of the 'Sesquicentennial Award' celebrating Texas' 150th birthday in 1986, many successful nets and excellent contest participation. As a result the RTx chapter is alive and well thanks to the efforts of all its members everywhere and particularly the XYLs of the chapter. During the year our ladies support the chapter by holding craft sales and garage sales to bolster the chapter treasury (contributing over \$500 in 1985); they attend our monthly meetings en masse and give 100% support. Without their efforts the Republic of Texas chapter would not be the successful organization that it is.

WHEN 10 opens, look for us, we'll be there!

Pictured during their trip to the annual Texoma Hamarama is the Republic of Texas 'Road Gang': Howdy (K85VV), Leslie (K8LKO), Chuck (KJ5L), Ray (WD8JKV), Janet (XYL WD8JKV), Martha (XYL KJ5L), George (AF5A), Theo (N5DIU), Dave (KD5EE), Betty (XYL KD5EE), Connie (XYL WA5JDM), Betty (XYL WD5BFO), and Toney (WA5JDM). Shorties in front are Chris and Debbie (son and daughter of WD8JKV).

Grinning Armadillo Chapter

Merry Christmas from the land of the Grinning Armadillo Chapter 10-10 International. Since the world heard from us last things have been going swimmingly! We have about five hundred holders of the basic Grinning Armadillo Certificate with all states but Alaska, Hawaii, Idaho, North Dakota, Delaware, and Vermont represented.

We also have been fortunate in having as-many-as forty countries with GA Certificate holders in them. We are hoping for better propagation so that there will be more activity in the new year not only on the whole but especially in grinning armadillo land. Propagation to this part of the world has been very bad and we have not had the openings that some of you folks have had.

Grady, W5QLD our fearless leader, has just told me there is a new way to get the basic certificate and also the Deputy certificate for those of you that are in a hurry or just like to take shortcuts. He says that there are five or six Armadillo Gang certificate holders out there that are instant qualifiers for both the basic and deputy certificates. This means that someone could, by working a "Gang" certificate holder get both the basic and the deputy certificate at one time without collecting any points or anything! Now, THAT would be easy except for finding the "Gang" certificate holder! Hopefully some of you out there will do just that but don't forget to send the Armadillo Gang certificate number and two dollars and three first class stamps.

Oh, by the way, bear with us here, those of you that have sent for certificates and upgrades as our certificate manager (Grady of course) took a two month vacation and is just now getting caught up with his mail with a little help. All of you waiting for mail from the Grinning Armadillos should have it in hand by the time you read this.

With that, let us Grinning Armadillos wish all of you the best of wishes for the Christmas Season and a fruitful and happy New Year in 1986.

ON THE ROAD WITH 10-10

by: CHUCK ALBRECHT

Chapter Head, Colorado Centennial
former 10-10 News Editor ('76-'82)

Since my chapter visiting trips, of '77 and '78, I have been looking forward to another such trip. My wishes became a reality last September. Mid-month I set out with my XYL, Alice, on a two week vacation that included the state of Oregon. Along the way I qso'd with several stations in Utah, Idaho and Oregon. Many of these stations boasted membership in 10-10. At Salem, Oregon an eyeball meet was co-ordinated by Jim-KG7F (City Of Roses) & George-WA7OVP (Cascade). Through their efforts, members from both chapters met with me in Salem for supper.

SALEM OREGON MEET: (l-to-r) Dickie XYL & Del-W7ISP, Fred-KC7UF, Chuck-NØCKW and XYL Alice, Jim-KG7F, Marge-WA6ZPX and George-WA7OVP. Seated: Barbara XYL and Dick-KO7N.

As a post-script I will mention that after a long season of a mostly dead band, ten is starting to open into the Rocky Mountains. I hope to hear you folks on ten again soon.

Congratulations to Mike Krichick, WA5UYL #779, of Fort Worth, TX. This year, 1986, marks his 50th year as a ham radio operator. Mike is one of our long-time, faithful members and certainly still enjoys the hobby. This photo was sent to Grace Dunlap, K5MRU, who was kind enough to forward it to your editor so we could all share the celebration with Mike. Again, Congratulations from all of the 10-10 members!

Back in the summer of 1984, your editor received some correspondence from V. F. Gromov, UAØFDA #26449 in which he stated that he was interested in physical culture and body-building. At that time, it was mentioned that he would appreciate receiving any american books or magazines on the subject of body-building. Well, the response was more than expected and he sends along his deepest gratitude to those who responded. You may note in the photo that he is holding an enlarged copy of the 10-10 logo. Enclosed with the picture was a very pretty greeting card in which he wished a Merry Christmas and Happy New Year to all 10-10 members.

Thanks to Dr. Jaime Koen, EA3CTG, #33646, of Barcelona, Spain, for sending along a picture taken at the operating position of his very neat and efficient station.

Dear Jim,

A couple of quick comments. A BIG THANKY from the CITY OF LIGHTS members for the fine job you do with the 10 - 10 NEWS. We all look forward for each issue.

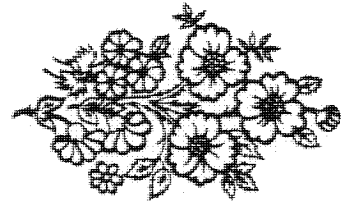

This picture was taken at the FOX RIVER RADIO LEAGUE - W9CEBQ HAMFEST on August 25th, 1985 also the Illinois ARRL convention. Berniece - N9CDO was on a nine land tour and was our guest all day and manned our CITY OF LIGHTS display table all day. Most all our net members were able to meet Berniece and have a first time QSO. We again want to thank Berniece for attending and being our guest. Everyone in the ninth district should let Berniece know that we all appreciate the very efficient job she does with new membership applications and renewals.....

We really hoped a chapter somewhere would have taken possession of the silver cup trophy last summer. We planned on shipping it out to either the SHOT or NUTMEG Chapter, but they will all be required to work harder, recruit new members and activate the old ones. Our members have had a good time talking about keeping the trophy and also taking it to the local radio club for show and tell. We will let other net members take the trophy to their favorite radio club in other cities. We hope other chapter will do the same when they are able to qualify as winner....

The very best to you and your for the holidays out in 6 land.

CONNIE'S LETTER

CHAPTER COORDINATOR

I hope that all of you have a great Christmas and start off 1986 by being faithful to ten meters. There are contacts there if you will use your transmitter as much as you use your receiver. I read in QST that no one ever made a contact with just a receiver.

It has again been brought to my attention that some of you do not understand some of the symbols that I use. This is done to save space and here is a listing. BC-basic charter, C-charter, CH-chapter head, CL-charter local, CM-certificate manager, cont or cts-contacts, FC-First Country, FCS-First Class Stamp, HC-Honorary Charter, HCL-Honorary Charter Local, HM-Honorary Member, inc-including, IQ-instant Qualifier, L-Local, LC-Local Charter, NP-non-propagating, pts-points, SQ-Special Qualifier, S-Summer, W-Winter, WC-Wild Card and T-Team OM/YL. These are all listed in the very nice certificate guide published by W4YHF/Jim Beswick Rt 5 Box 77B Ellijay, Ga. 30540. This book contains so much info and it is a must for those who are into certificates or nets.

Please note that the many chapters that are giving you bonus points for proof of paid up membership in 10-10. I do appreciate the ways that you are doing to promote interest in 10-10. So many people become a member of 10-10 in order to join a chapter and never renew dues. Maybe this will encourage those people to renew.

I would like to thank the Thunderbird and Brooklyn Bridge for the HC's. They are very much appreciated. The Hungarian Landscape certificates have arrived and they are so very pretty and colorful. The Deed to the Brooklyn is also an outstanding certificate and also worth working for. No C or HC are required on the Brooklyn Bridge now.

It is time to start thinking of Dayton. Many have reservations now and if you are going it is not too early to make yours. I had wanted to have information on the dinner but as now no information has come to me. I am sure that a nice place will be found for us for Saturday night so inquire when you arrive. The next NEWS will be too late to reach you but don't let that stop you from going. Some chapters have special things planned so be there to enjoy it.

Last year at the meeting of Paper Chasers prizes were given and all of them were in some way related to 10-10 and would put money in the 10-10 pocket. Various chapters gave one or more prizes and they were memberships, rosters or stamps. If you would like to have a part in this, please let someone in your chapter who is going take care of it for you and if you are not going to have someone there, please let KC8KF know what you would like to do.

Plans are in the works for Reno. It will be Aug. 14-17. We will have a meeting room next to Betty & Bill/KB6AN & KB6YX. That will work out great and give us a chance to have more fellowship. Betty & Bill stay at the Circus Circus so plan early if you want to stay there. At least we will not have the air show to contend with. There will be special activities planned so that we may meet as a group but more as details are worked out.

Some of you have expressed an interest in results of the Paper Doll contest and Bea has

sent the following information to me. The winners in each district and country follows: WB1GMM; WB2SJQ; WB3HCU; KE4JO; KA5OVO; WD6DFB; WB8JET; WD8DSR; WD9JIA; WD0BXU; F6PCH; HA5DW and VE3MGH. WB2SJQ was the overall winner for the two year subscription. Thanks to all of you who took part. A new certificate is in the works but no date for it yet.

Many of the chapters are experiencing difficulty in getting support while others are doing quite well. It takes such little time to at least check into a net and it means so much to the net control to have some support. Many chapters are folding for lack of support, don't let yours be one of them. Next issue I hope to have room to list the chapters that are no longer active.

I am delighted at some of the DX stations who are sending for certificates. Let us all do our part to support our DX friends and keep them interested in 10-10 and the chapters.

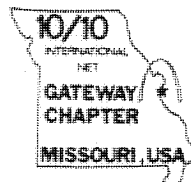

We owe a special thanks to World Radio and especially Chuck/W6YLJ for the great service that are doing for 10-10. The 10-10 NEWS only goes to the current members of 10-10 and World Radio goes to about 29,000 many of whom no knothing about 10-10. Chuck sends info out on request and he does get requests. If you are having a special event or have done something that you would like others to know about, write Chuck and he will try to get it published for you. Chuck needs a two month lead so let him know in plenty of time.

Think positive-1986 is going to be a better year for all of us so let your voice be heard.

I saw this on a list and thought that it was quite nice so want to pass it on to you. Each day is a new gift-Untie the ribbons.

73,

Connie Hauck

CITY of LIGHTS(W9ZGP): We thought that another chapter would have picked up the trophy in the last 10-10 QSO Party but it stayed right here with us. We are willing to ship it any place if you get in win it. Work on your chapter members to take part in the Feb. party and maybe you will be the lucky one. PARROT(KB9IU): The Parrot is getting ready for the annual flight to

Dayton. Are you going to be there to greet it? Besure to save your Parrot points for the annual award. DRUID CITY(K4CIH): 10 pts for proof of 10-10 paid up membership. High Priest is worth 50 pt ug once & High Priestess is worth 25 pt ug once. An appeal from all of us please pay your dues on time. 10-10 does not run on thin air. We didn't have a roster last year because half the ones that were printed in 1984 were still not sold. It was not wise to print a roster in 1985 with such little interest-the cost would have been too high. There will be a new roster this year so do your part by ordering one. SUN COAST(KA4DDY): We made 1670 contacts Sept., Oct. & Nov. Ole Sol is good between 28.5 & 28.8. Ole Sol is good for 100 pts on ug and if you contact Ole Sol once per day it is another 2 pts. WIREGRASS PEANUT PICKERS(W4PNC): New CH is Chuck/W4PNC. Laa locals now use L after chapter #. Membership increased 10% last year. We now meet Tue & Fri. 7:30 PM CST 28.535. Local support has been outstanding during poor propagation. MISS. GULF COAST LIGHTHOUSE(N5AQJ): Activity was on the increase when the hurricane came along and destroyed much property for all of us. We used make shift antenna to keep our obligation to hold a net weekly. Activity has fallen off again so we are planning another activity early in 1986. OKIE RELAYS(WA5EXY) Don't forget our DX friends who are looking for numbers. On the short band openings give them yours because it is easier for you to get numbers than for them. CLIFF DWELLERS(KØWZX): NDØQ/Debbie #35166 was elected president of the Pueblo ham club. Glen/KØWRL is a SK. GATEWAY(WØERZ): Celebrated 700 consecutive net on Oct. 30th. This is about 13½ years of nets. This dedication to the 10 meter cause makes us proud of this achievement. Congrats to WØQX/Chuck who was top in zero district. Watch out for us in Feb. Thanks to all the hard working people that make the 10-10 International Net such an enjoyment.

BERLIN BEARS (DL7ZR):Correct our net time to 1700 UTC. DOWN UNDER (ZL1KQ):ZL1LE/Brian has been in England and took the opportunity to pass out his IQ and we have been getting applications from his efforts. At last some activity on the band. HUNGARIAN LANDSCAPE (HA5SO):Many thanks to our HC's who are IQ. They have done well in getting our certificate publicized and our full color awards are being well accepted in Europe. JOHNNY CANUCK (VE2BQN):VK5AAX/Ron and his xyl, Iris visited us. Ron is now SQ#1 and Iris is an HC. LAKE GENEVA (HB9OP):We have about 40 certificates left to issue. PENDLE WITCH (G3WYI):We were delighted to have visits from KA4HOY/Teresa and her om as well as Dr. Brian Egan/ZL1LE. SCARBOROUGH BLUFFS (VE3RG). New upgrade is Casa Loma for 300 contacts..it gives one 7 contacts and 20 pts. So far I am the only one who has it. The frequency listed in the net guide is wrong. Correct one is 28.730. We plan a new chapter in 1986.RHONE ALPES (F6CSK)We have a QSO for Europe and Far East Sundays on 28.770 at 08.30 local time. F6EAK to give a talk about amateur radio and 10-10 at Palaiseau, near Paris. He will speak two other days and give demonstrations. V K 4 GOLD COAST (VK4VAS): While VK4VAS and VK4VAR are traveling Australia things are well taken care of by Peter/VK4ZM. Many thanks Peter for a job well done.

RESULTS OF THE 10-10 CLOSED CONTEST

As you can see the CLOSED CONTEST was not a great event. Some districts did not have any logs while others had only one. The 3, 7 and 9 districts did show more support than others. Last year I managed to get the call of JI3BFG wrong and he did not get the certificate which was due so it is being sent a year late. Sorry. The winners are noted * 10-10 official and + member at large. Some scores were corrected.

A reminder now, for those who tend to forget once in a while. Look on page 29, at the Coming Events, and mark your calendar. You'll be glad you did! Also, I'm sure that many of you have pictures that would be of great interest to other 10-10 folks. While it is fresh in your mind, please go through some of your prints and send them along to me. Rest assured that the pictures will appear in the News. Black and white prints reproduce best. Color prints, if they are nice and sharp, can be used. Poloroid and 35 mm slides are not good for this type of processing for the News. Seepage 2 for information on submitting photos and articles for publication. I have received comments from as far away as New Zealand on the subject of ten meter beacons and how useful they are especially when band conditions are quiet. My thanks to Joe Gumino, K2OLG for his enthusiasm and cooperation in furnishing beacon information for publication in the News. If any of you have new reports on 10 meter beacons, please send it to Joe Gumino, K2OLG, 303 Old Stage Road, Spotswood, NJ 08884 U.S.A. See up-date on page 17 of this issue.
