Words from the President

HOWARD BOWMAN

W6QIR #4509

LAST ISSUE I HAD A LEAD PARAGRAPH which was a sort of 'then and now' piece about ten. Last Sunday, listening around, I heard a faint signal - a chap in Texas working someone I could not hear. When they finished, I called and worked the Texas station. Signals weren't good, but we managed to finish things with some fills.

Thinking about these poor conditions moved me to get down my 1985 ARRL Handbook and look at what they had to say about propagation. It turns out that the average length of the sunspot cycle is eleven years, but don't let that fool you, because the cycles have varied from nine to thirteen. The one we're in now surely isn't a 'nine', so maybe its going to turn out to be a 'thirteen'. Anyhow, making the assumption that eleven is about as good a guess as I can make, I looked up an old log book - the one for the spring and summer of 1975.

I was amazed to discover a wealth of contacts on ten. The 10-10 numbers were noted for most of them, and I had worked into all call areas except the first. That's a lot different from my log book these days! The only reasonable explanation that occurs to me is that I'm getting on the air less these days than I was then. And, by the way, this current sunspot cycle is supposed to bottom out in late 1986 or early 1987. Guess we'll have to wait and see.

One other thing -- can it be that conditions are better in some parts of the country than they are out here in California. I have no way of knowing, but if anyone wants to express an opinion, be my guest. Write me at 5872 W. 77 Place, Los Angeles, CA 90045. And, if you enclose a small size SASE, I'll send you both the ARRL-IARU phonetic alphabet and a handy time conversion table. Now, that's an offer you can't refuse!

One day recently I received a letter from Newsy, W1FFT, and, later the same day, a telephone call from Al Kaiser, N1API. Both had the same message, that John Schmitt, WA1ZLK, had become a Silent Key. Last issue I mentioned that John, who had taken over as first district Manager when Earle White, W1NC, became ill, had himself fallen ill and turned the reins over to N1API. John was a long-time, dedicated ten-tenner, and we will miss him.

I THINK THAT MOST OF YOU ARE AWARE that these remarks don't all get written at the last minute, just before Editor Jim Michaels, W6PGM, is putting the issue to bed. Mostly, I start a couple of weeks after each issue appears, and try to get a couple of pages written long enough before the deadline so that I can use the third page to catch up on late developments, if any. Right at the bottom of the last issue is a box which warns everyone that the deadline for the next issue, which is scheduled to be published in July, is June 15. I am writing this on May 15, so I have, theoretically, a month to do the next two pages. However, in this case that isn't true, since we plan to leave for a little trip on June 6 and will not return until after the deadline. Jim tells me that so long as I give him my three pages camera-ready by, maybe, a week or two after deadline, he will not complain. However, I must admit that I am somewhat compulsive about deadlines.

SOME YEARS AGO, I ASKED MANAGERS around the country and elsewhere to give some serious consideration to backup. None of us is exempt from the vagaries of fate, and the sudden inability of a manager to function may go far beyond creating problems for his or her family. If there is a 10-10 backup available who can take over in an emergency, it will relieve the Manager's mind of that little bit of concern.

Now, how does the Manager find someone who may function as a substitute or even take over the operation entirely. That is where you come in. Make yourself known to your call area Manager. Show interest in the operation. Learn something about it. Let the Manager know that you are willing and able to act for him or her. 3

I DON'T KNOW OF ANYONE WHO PUTS FORTH MORE TIME AND EFFORT on 10-10 matters than does Lee Pasewalk, WB6MGM, who is Records Manager. If you look at the back cover of this issue (and every issue), you'll see Lee's name and address there. He is the center post of the whole tent, so to speak.

Managers send Lee all their update information - new members, renewals, name, address and call sign changes - and Lee puts it all together to go to the computer file every quarter. From that computer file, all 10-10 matters flow. Annually, following the December update, we get copies of the "Directory", which is a complete listing of all 10-10 members, with full data on each. It comes in two versions, one in order of 10-10 number, the other by district, with call signs arranged alphabetically within the district. A copy of this last one is broken down by Lee and forwarded to the respective managers.

The other three quarters of the year (March, June, September), we get only what we call a "bob-tailed" version of the Directory. It contains data only for those members whose dues are not more than three months in arrears. You may deduce from this that if you join 10-10 and pay dues for one year only, you actually get five quarters of membership, not just four. Of course, this "bob-tailed" version of the Directory is only a fraction as large as the complete version, hence costs less to have run and to mail to managers.

WHEN WE ALSO PLAN TO PUBLISH A ROSTER, as we did last time, we get, additionally, the copy for the Roster (done on a laser printer for clarity), but also a "reverse" Roster, which lists members by call sign within each district. The Roster copy has to be separated page by page and "pasted up" so that two pages as they came from the computer result in one page when printed. With this done, one may then determine how many pages there are to be in the complete publication (it must be a number divisible by four), number the pages, get the cover copy made up, and send the whole mess off to the printer.

AT THIS POINT YOU MAY BE WONDERING WHY we bother to have these various computer outputs done both by 10-10 number and by call sign. Wouldn't one or the other be sufficient? The answer to that question is a resounding "No!" Members forget their 10-10 numbers and we can only trace through call signs - sometimes through several changes brought about by residential moves, upgrades, and other factors. Occasionally we get one that we can't trace, but it is a rare thing. Several years ago we had a spate of situations in which a ham claimed a number for which we could find no attachment to his call sign. I don't know exactly how it happened in these cases, but there is a way in which it could happen. It goes like this: Ham A (a member) works Ham B (not a member), and asks him if he is a 10-10 member. Getting a negative answer, Ham A says, "It's easy to become a member. Let me give you my number." Ham B assumes that he has been given a 10-10 number and proceeds to use it as his number, which ultimately leads to all sorts of confusion.

ONE PROBLEM THAT 10-10 HAS IS MISINFORMATION on the air. I heard a chap the other evening who said, in all seriousness, that 10-10 started by a group of hams getting together on the air, deciding that they needed some additional identification, and proceeding to hand out I.D. numbers on the air. Now, that has some small basis of truth, but is mostly misinformation, in that it is woefully incomplete. Worst of all, the chap who said it had a low 10-10 number and should have known better. I can think of only one legitimate way in which one can get a 10-10 number on the air. Let's say you have completed all the requirements and sent off an application to your district manager, along with a check. You don't hear anything for a couple of days and get antsy. Then you happen to work your manager and ask him if he has received your application. He answers that he has, that he has mailed everything to you and you should have it in a day or two, and if you are that antsy, here's the number you have been assigned. Now, that would be legitimate.

A COUPLE OF PAGES BACK I MENTIONED THAT these three pages weren't all going to be written at one shot. There has been a time gap immediately preceding this page, during which XYL Edith and I went off to Alaska. It wasn't practical to take 10 meter gear along, so I compromised by taking a 2 meter hand-held, hoping to make contacts in Anchorage and Fairbanks, where there seemed to be more repeaters than in other locations. My results? Zilch! I did meet one other ham, however, whom Edith spotted on the cruise from Whittier to Vancouver. He was a 7 from down Arizona way who, when asked if he worked 10, replied in the negative, but told me that there was some kind of a CW group on 10, and that they had an organization. It turned out that he was talking about 10-10. I don't know what CW group he was referring to.

AS USUAL, THERE WAS A BOX OF MAIL WAITING AT THE POST OFFICE, most of which turned out to be of the junk variety. I'll get to the rest, but it will take time to get to it. This page comes first, or Editor Jim Michaels will not be so genial with me.

BY THE TIME YOU GET THIS ISSUE, THOSE OF YOU WHO HAVE ORDERED ROSTERS will have received them, providing the Postal Service cooperates. We had hoped that the Roster would be out by late May. However, even though I hurried and got the copy in very early, a combination of circumstances threw a monkey wrench into the works, so that delivery by June 6 was the earliest we could get. When I arrived home on the 16th and had no copy in the mail, I was really concerned, but a couple of calls straightened things out, and as of this writing, Dee Gilbert, KA6HQJ, who is Roster Manager, has things well in hand. And, by the way, if things go wrong on your Roster order, don't write Dee! She has no information about your order. Your order should go to your District Manager, who receives and accounts for the money you have sent (\$4.50). Your Manager then sends a mailing sticker to Dee, who affixes it to an envelope and mails out the Roster. She has no records of what is sent out, hence cannot answer questions. And, by the way, if you have not yet ordered your Roster, do it now. The quantity is limited, and, if we sell out early, we can get a new edition in the works.

WHEN I MENTIONED AN ISSUE OR TWO BACK THAT WE MIGHT GET TO ENGLAND in the early fall, it elicited some letters from G-land, and they were most welcome. One came from Geoff Simpson, G3WYI, No. 27933. Geoff is the son of the late Joe Simpson, G4JS, No. 969, whose picture was on the cover of the Winter, 1983 issue of this journal, and whom many of us had met when he was visiting the U. S. during the summer of the previous year.

Geoff was especially concerned with the late delivery of the News to DX members, and asked if the old practice of air delivery for an additional fee might be reinstituted. To answer Geoff and other DX members who have asked the same question would take more space than I have available. A short answer is that there are a number of factors involved, and they deal with almost every aspect of mailing the News. Most important among them, however, is that if we do this for a limited number of DX members (and there never were more than twenty or so who requested and paid for this service) someone has to do it. That is, someone has to take all pieces to the post office, have them weighed and pay the appropriate postage (which varies with distance), and get them into the mail.

Geoff reports that the Pendle Witch and Laurel Mancunium Chapters are going great guns, but that they are having problems with people who send them IRC's which are unstamped by country of origin, and hence unnegotiable, as well as those who send checks in Canadian and U. S. dollars, which cost more to cash than they are worth. Incidentally, Treasurer Gerry Gross has mentioned the same problem. The answer is, don't send a check, send an International Postal Money Order.

AND A LETTER FROM PHIL DYKES, G4XXYX says that he runs 10 w. P.E.P on SB and 1 watt on CW, and has collected thus far in 1986 14 new numbers. His complaint - I hear stations in the U. S. faintly, but can't break them because they don't pause long enough to listen!

Several years ago I responded to a question as to why it takes 6 weeks for a check made payable to 10-10 to clear. Recently I have had several checks return unpaid because of 'closed account' or 'non-sufficient funds' both checks were within a week of being 6 weeks from 'date of issue' to the date of 'demand for payment'. A quick review: Area Managers send me monthly all checks received. I deposit them within a week. It can take a week for the check to work its way back to the bank for payment. PLEASE allow 6 weeks for processing (its your float). Also checks should always be made payable to '10-10 International Net, Inc.', not the Area Manager.

As far as Jordan, the call issued to me was JY860, I made 1718 total contacts, 122 on 10 meters, 104 countries (36 on 10), and 5 new 10-10 numbers. For the CO-WPX I made 1268 contacts, 459 prefixes, for a total of 1,989,306 points, 3 more prefixes and I would have had 2 million points.

I returned to find I was going to spend the week of my wedding anniversary, number 18, in Hawaii. Anyway with all the traveling I'm a running late producing the year-end reports, they'll be ready for the next issue of the NEWS.

Following is a list which should prove helpful when sending for or submitting information to the 10-10 International Net. Remember that postage is very expensive and we are sure that you would like to avoid any delays:

JOHN WA1ZLK

John H. Schmitt, WA1ZLK, #20610 of Watertown, MA was the former District Manager for the first USA call sign area. He had replaced Earle White, W1NC when Earle passed away in May of 1985. John had been working with Earle, assisting him in his duties as a district manager. John was a loyal and dedicated member of 10-10 and belonged to several of the New England chapters. We will miss him in all of our 10-10 activities.

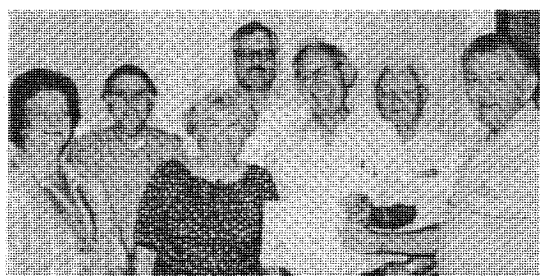

Ten-Ten "Worked All Continents" Certificates Issued

Chuck Imsande, W6YLJ, WAC Award Manager reports that 80 applications were received for the new 10-10 Worked All Continents Award by May 31, 1986. This was the cutoff date established for the drawing of the early certificate numbers, and all applications received by May 31st were included in the drawing which was held at the 10-10 Quarterly Brunch on June 1, 1986, in Long Beach, CA.

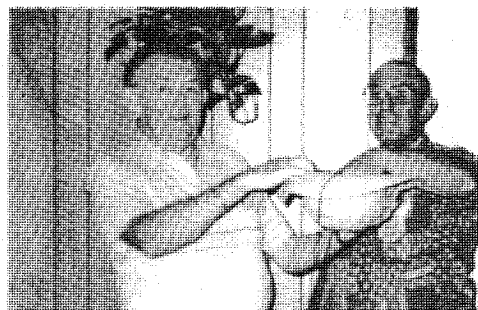

All applicants names were placed in a hat and Norm Lefcourt, W6IRT, 10-10 #14981, Ten-Ten's Vice President drew the names before a group of about 50 10-10'ers attending the Brunch. Howard Bowman, W6QIR, President and Bob Hartley, W6WPY, Secretary, acted as official recorders of the names as each were drawn from the hat.

The first name drawn was George O. Bradburn, WA3GLQ, 10-10 #32119, who will receive 10-10 WAC Certificate Number ONE. George lives in Hyattsville, MD.

The second name drawn was Jaime Vial, CE3AEZ, 10-10 #6239. Jaime lives in Santiago, Chile and will receive 10-10 WAC Number TWO. Certificate number THREE went to Rick Rickerson, KE4JO, 10-10 #32063 of Saluda, SC; Certificate number FOUR was awarded to none other than 10-10's DX Call Area Manager, Carol Hugentober, K8DHK, 10-10 #29588 of Cincinnati, OH. The fifth name drawn was Joseph Tehan, WA7EJU, 10-10 #31479, from Scottsdale, AZ who will receive Certificate number FIVE. The complete list of all original certificate numbers are listed in the Certificate Block elsewhere in this issue.

Those applicants for the new 10-10 WAC Award who were present at the drawing on June 1st, receive their Certificates from WAC Award Manager Chuck Imsande. From left to right: Louise Chapman, N6ELK; Bob Hartley, W6WPY; Lovergne Irwin, KD6DJ; Gerry Gross, WA6POZ; Howard Bowman, W6QIR; Bob Stewart, N6SH; and Chuck Imsande, W6YLJ, WAC Award Manager.

Chuck Imsande, W6YLJ, holds "the hat" while 10-10's Vice President, Norm Lefcourt, W6IRT draws the first WAC Certificate number.

Six out of the original number of 80 applications were present at the Brunch and a great time was had by all trying to beat each other out for the next number to be drawn. The first number to draw from the group present was President Howard Bowman, who received Certificate number 10. The next to be drawn was Louise Chapman, N6ELK, 10-10 #36654 who received number 30. 10-10's Secretary, Bob Hartley, was the next to be drawn and received number 47.

Treasurer Gerry Gross, WA6POZ, 10-10 #21274 was next and received number 53. Lovergne Irwin, KD6DJ, 10-10 #33704 received number 65, and Bob Stewart, N6SH, 10-10 #17382 was the last of the attendees to be drawn and received number 69.

It was decided to draw for the original group of certificate numbers to give everyone an equal chance at the prized Certificate Number ONE. This was the same way that 10-10 numbers were assigned back in the early days of 10-10 when it was decided that the group was getting too big to remember everyone. Approximately the first 180 10-10 numbers were assigned by drawing names "out of the hat". Certificate numbers will be assigned on each application received after May 31st based on the date of receipt by the WAC Certificate Manager.

Of the 80 applications received for the Certificate Number Drawing, 28 States and 4 Foreign Countries were represented. California lead the States with 17 applications, Texas was second with 11 and Massachusetts third with 5. Illinois and Ohio each had 4 applications. Australia, Brazil, Chile and Japan were the four foreign countries. Several applications were received on the last day, May 31st, just in time to be included in the drawing.

If you would like a list of Rules and Application for the new 10-10 Worked All Continents Award, send a SASE (#10 business size) to the WAC Award Manager, Chuck Imsande, W6YLJ, 18130 Bromley Street, Tarzana, CA 91356.

WITH 10-10

by: CHUCK ALBRECHT

Chapter Head, Colorado Centennial
former 10-10 News Editor ('76-'82)

Attending a swapfest in Colorado Springs in May brought me into contact with 10-10'ers from the Pike's Peak Chapter and members from the Cliff Dwellers Chapter in Pueblo, Colorado. It was very enjoyable to meet with some of the most active 10-10'ers in the Rocky Mt area. These amateurs keep the band humming in both cities. The trip was also instrumental for me to meet the new Manager For Ø-Land, Alice-NØDES. Her appointment puts Pueblo, Colorado on the 10-10 map, although Pueblo Hams have already helped to do that.

My XYL & I have our plans made to attend the 1986 ARRL National Convention in San Diego September 5-7 and are looking forward to the 10-10 Booth and meeting with with 10-10'ers. See you there. I would like to pass along my new & permanet address: 532 Florence Street, Aurora, COLORADO 80010. See you in the Fall 10-10 News and I hope to hear you on 10 metres soon.

CHAPTER CHATTER

SUMMER

CONNIE HAUCK, K6EXQ
No. 19681
CHAPTER COORDINATOR

CASTLE CRAIG (W1VDF): We have decided to have a picnic instead of field day this year.
SUMMER UPGRADE SPECIALS Seal of Meriden 50 points no special contacts and all contacts may be retro. Flag of CT. 5 holders os Seal of Meriden again all contacts retro.
The Constitution State Award 5 holders of Flag of CT. and may use retro contacts.

MAINE IACS (W1MPG): WE are mainly a rag chewing net however, we are always glad to have visitors MASS. MINUTE MAN (W1FFT): John Schmitt first district manager and successor to Earl F. White W1NC became a silent key April 27, 1986. He was the second within a year. A very loyal member of this chapter and 10-10 Int. Inc.

SO N.E. NUTMEG (K1BFC): Sorry I did not make it to Dayton. I was spending three weeks in China on business.

TORTTERS AND PACERS (K2HLC): Requirements for the "Triple Crown of Trotting" will be modified. Currently requires T & P numbers in 30 different states. Due to propagation, now and through Dec. 31, 1986, you may use a combination of states and winners circle holders to fulfill this requirement. Example: you could use 15 different states and 15 winner's circle numbers. Immediately, and until further notice, T & P will offer a 5 point upgrade in your Raceway point value for proof of paid 10-10 membership. further, you get a 5 point upgrade for each year you are paid, so that if your 10-10 membership is paid through 1990 you would receive a 25 point Raceway upgrade. Be advised, this pertains to Raceway number holders only. Send your proof of membership to Jack Sennis, NN2B, 8 Century Way, Trenton, N.J., 08690. Please enclose a SASE. This is a perpetuating program. L.I.A.R.S. (WB2MAN): 2-land QSO party was an unqualified success with great band conditions. Results next time. We will hold our 1000th net this summer. We'd like to hear from any of the old chapters who have a certificate program older than ours (mid 1973). Whitehouse (WB3BNA): Starting 1st Monday night in September net will meet at 0000 (8 PM local) to accomodate Monday night football fans. After last Sunday in October back to usual time. Wiregrass Peanut Pickers (W4PNC): New upgrade - Century Club - members who reach a point value of 100 receive a "C" number - with a 5 point upgrade. Also can count a one point bonus for working a Peanut Picker with a "C" number (one time only). OLD NORTH STATE (W4NJS): We just have not been able to hold a net meeting now for some months. There has been absolutely no propagation from this location. Once in a while we have heard an occasional South American station. Otherwise, until just the past week or so, we are now hearing a few stations, now and then. SKIPJACK (KC3RA): Now we have had the program in effect for about a month and Certificate Manager Al, K3TKJ, has just mailed out the 79th certificate with California being the farthest qualified state. So the propagation is coming up. The Net at 0130 hours UCT each Saturday on 28.450 mhz has been a surprise also. Not only have the regular twenty checkins from the Delmarva group been there, but stations from all over the country have been coming in to say Hi and qualify for their certificate. It's been keeping Net Manager Bill, KB3QV, on his toes throughout the nets. but that's the fun. In case those with our certificate are wondering about the unusual nature of the artwork: it is computer made, although you won't find it in any program known to the average computer. We wanted smoehting a little different and I think you will agree our certificate

committee succeeded. If the rest of you are a little curious, see you on the net.

AMERICAN EAGLE (WB4NWG): Hamfest at Manassas, Va. on June 1, chapter will have a booth and promote 10-x and other area chapters.

CYPRESS (KA4OFG): Now offering certificate till Dec. 31, 1986 for 1 IQ (number 1 thru 75) or 5 contacts and 2 FCS to Bob Lucas K4HTU.

CHATTANOOGA CHOO-CHOO (NR4R): CHOO-CHOO top operator of the month: Feb/KB0ON: Mar/KALCAD: Apr/KA5ovo. Winner of this award receives +10; all others submitting entries will receive +2.

DRUID CITY (K4CIH): Large plaque will be awarded to first person (member) who reaches 500 points. visits from N5DAS - KA8JKV and KA5ovo - great to have them drop by.

OUTLAWS ON 10 (N5CNH): Now we have two Outlaws in Soviet Union.

CROSSROADS VILAGE/ MID LID (KG8S): We will not hold a net every Sunday from Memorial Day to Labor Day due to vacations, etc.

MICHIGAN ROBINS (WD8PFD): Would like more checkins on the CW net. It would sure help people to get going with 10x10. Some out of staters have been in the net.

LILAC CITY (W7LBK): Lilac City voted to abandon our frequency of 27390 and all Lilac City Net activities well be on 28790. Hope this will not disrupt anything.

THUNDERBIRD (KA7PGB): All W.A.S. holders are instant qualifiers on point system.

CINCINNATI AREA TEN TUNERS (W8PJY): "Dayton" was a huge success. There were about 90 folds at the 10-10 forum. The main speaker was surely missed. Hope she will be there next year. robert, WA5JDU, gave a talk. The Paper Chasers Banquet had about 100 in attendance.

SKY BLUE WATERS (KC0GP): The Sky Blue Waters chapter is starting a WAS as of August 1, 1986. All contacts must start from this date. As many as 5 WC can be used. Any club station with an SBW is considered a wild card. a WAS without any wild cards will get a 50 point upgrade on his/her SBW number. For each wild card used 5 points will be subtracted. No contacts can be counted until August 1, 1986. The cost is a SASE.

PIKES PEAK (KC0TQ): A group of Cliffdwellers met for lunch with members of the Pikes Peak Chapter during the Pikes Peak Amateur Radio Assn Swapfest on May 18. It was a fun time for both chapters. Our checkin count drops during the daylight saving time period since the Cliff Dweller and Pikes Peak A.M. net time coincides and we are the only ground wave groups within range.

GREAT LAKES (W8HIU): Summer vacation - Memorial Day to Labor Day for formal net.

CITY OF LIGHTS (W9ZGP): A.R.R.L. CENTRAL DIVISION CONVENTION/HAMFEST Oct. 18-19, 1986. Norris Sports Center, St. Chales, IL. Sponsored by FOX RIVER RADIO LEAGUS "CITY OF LIGHTS".

CLIFF DWELLERS (N0DKK): Effective June 1, 1986, the 10-X Cliff Dwellers chapter of Pueblo, CO. have a new chapter head. N0DKK, Earl Bockman, assumed chapter head duties.

GATEWAY (W0ERZ): The Gateway Chapter has just celebrated our 14th birthday! 730 consecutive weekly nets. Are there any other chapters that can top this remarkable achievement?

WAR EAGLE (KD0TG): There have been a few 10 M openings into Iowa but nothing outstanding.

NORHTERN NEVADA (W7ABX): See everyone in Reno for Paper Chasers gathering Aug. 14, 1986.

PENDLE WITCH (G3WYI): Stations sending MONEY ORDERS: these MUST be made out in BRITISH currency otherwise we cannot cash them here. CHEQUES ARE NO GOOD IN THIS COUNTRY FROM ABROAD. I.R.C.s MUST BE STAMPED WITH COUNTRY OF ORIGIN(most important). BROOMSTICK AWARD COST 5 DOLLARS & NOT AS INDICATED IN THE 10x CERT. GUIDE. We are having a few cases where stations are sending cheques or unstamped I.R.C.s towards payment for our certificates, etc. These cannot be cashed here in U.K. I have sent the requested certificate and enclosed the cheque/I.R.C.s to stations concerned in all good faith. Unfortunately, some stations have not sent the money back nor have they responded to letters to this effect. WE regard this as a POOR SHOW & not in the amateur "spirit"! Stations applying for awards that are "in debt" will not be supplied with further certificates, etc.

LAKE SIMCOE CHAPTER 10x10 (VE3RG): The Lake Simcoe Chapter was very happy and thankful to receive a \$100.00 check from the Scarborough Bluffs Chapter 10x10 Int. Also 5 points for showing paid up membership in 10x10.

LAKE GENEVA CHAPTER (F6EAK): Due to tragic death of our CH and CM, Ted Vogel, HB9OP, #22907, In February, F6EAK has become CH and W4KM has temporarily become CM (until a CM in the Geneva area can be found). We are taking steps to transfer chapter records to W4KM's OTH and hope to resume issuing certificates by summer's end.
