PLANNING COMMITTEE REPORT March 1988

We wish to thank all of you for your response to the call for comments on the proposed bylaws. Over 50 letters have arrived, many from overseas members. Comments are still coming in. Most suggestions are well thought out and appropriate. Each letter received is being given consideration.

We have already concluded from comments that there should be one class of member, Active member. ALL members will receive the 10-10 News.

The committee will continue to meet to change and refine the proposed bylaws. We expect to be ready to submit it to the Board soon. The implementation of the bylaws and day-to-day operation of 10-10 after adoption present additional problems. 10-10 will need people to perform tasks when asked. Any volunteers?

THE YOUNG MEMBERS OF TEN-TEN

With the Winter 1988 issue, we seemed to have gone as low as possible in ages of our members. So starting with this issue, we will change the format some-what, by introducing various young members, rather than by their age. So with that in mind, meet Jason Nevitt, KD4ASC. Jason, (picture on the cover) is 10 years old, and lives in Woodbridge, Virginia. Jason and his mother, Carole, attended a 10 week course to obtain their ham licenses. Being a ham is a family tradition of sorts. Jason's father, Jack, K4JWG, has been a ham since he was 16 year old. He qualifies for the OLD TIMERS club. Jack's dad, Howard, WA3FAA, and his uncle, John, have many years of combined radio operation and experience. With three hams in one family, it is just a matter of time before the fourth one, 7 year old Kimberly, gets her ticket too. Carole says: "We have found our experiences on the radio to be both an exciting hobby, and a fun thing to do as a family. And, I have found this hobby to be the perfect cure for stress."

DEX

On the cover of the Winter, 1980 issue of this journal there was a picture of "Dex", HB9BRQ/K3KWJ, and the tag line was, "Our Man in Geneva." "Dex" is Dexter Anderson, the call sign is now W4KM, and the 10-10 number is 06271.

Dex works for the U. S. Department of State, and 10-10 has much for which to thank him. I don't know if he still holds the HB9 call sign, but he does get over there occasionally, and it was through his efforts that 4U1ITU, in Geneva, was assigned 10-10 number 11111.

Some time back Dex performed another service for 10-10. He had before him a copy of the Postal Service Zip + 4 Directory, and took the trouble to type out the Zip + 4 codes for just about everyone whose name and call sign appears in the News. This had to be quite a chore, because some do not have their addresses listed, and these had to be found. At any rate, we now have the information, and will use it when we are in a position to do so.

Here's another item: In the U. S. S. R. there are magazines devoted to radio. Dex subscribes to these, and does summary translations of the articles so that his translations may be reproduced and distributed to an I. A. R. U. mailing list. I won't pretend that I understand everything I read in these translations, but sometimes run across something that could have application to 10-10. In the translation of Radio for July, 1987 I ran across this bit: "Thought also needs to be given to sport ethics. Attention should be focussed on 'phony champions' . . . and the practice of 'earning' certificates by simply exchanging QSL cards without taking the trouble to make the [underlying] contacts." I have no idea whether this happens among 10-10 members, but I suppose it could.

And again: back in December I received from Dex a copy of the cover and some pages from RadioRivista, which is subtitled, "Organo Ufficiale Della Associazione Radioamatori Italiani." I don't read or speak Italian, but anyone ought to be able to figure out what that means.

The inside pages have the general heading, "Ten & Ten-Ten", and a sub-title, "La banda negletta." The contents of the two pages are articles by F3CY, Mike Deffay, 10-10 No. 22872 and at the lower right

corner of the first article, which was in the August issue of RadioRivista, there was a large reproduction of the 10-10 logo.

The second article, which appeared last September, was accompanied by a full page listing of 10 meter beacon stations, apparently taken from a German magazine.

I started this account by thanking Dex, and am ending it by thanking Mike Deffay, F3CY, who is a staunch supporter of 10-10 in France, and, indeed, in all of Europe. I do wish that the band would open between here and France so that I could thank him in person.

A VOICE FROM THE PAST

Those of you who read what I write will recall that I have said I had some phonetic alphabet and time conversion cards, supplied by Bert Ayers, W6CL, No. 17762, and that I would send a set to anyone who sent me an SASE.

Last week I received a request from Harry Young, W6YRJ. There was a note which read, "Our first QSO was on 10 meter FM, July 11, 1948. I used your #4509 on Dec. 3, 1975 with nine other numbers to submit to Morrie, W6EHM for my #11911." Harry's address was in Solvang, California, which is well out of ground wave range from this area.

I sent Harry the cards, and included a note in which I asked him a couple of questions. It turned out that both he and I were at different addresses in 1948, so the contact wasn't impossible. Further, he included a copy of his file card, which listed ten contacts over the years, plus a lot of personal information which I must have given him during those ten contacts.

About that FM contact: I didn't believe it at first, but thought a while and realized that, at one time, I had built a modulator to hang on the side of the Meissner Signal Shifter I used for frequency control. That gave me a Narrow Band FM signal - a cheap way of getting on the phone bands. The Signal Shifter drove a couple of 1Z-40's, and Harry's note says

that I was running 275 watts, and my receiver was a surplus BC-348R. I don't recall much about the 348, except that it was a good solid receiver and that it probably wasn't much good above 20 meters. Under those circumstances, I used a crystal-controlled converter for ten, and the receiver became a tuned I.F. At that time, 'phone' meant AM, and to receive NSFM (narrow-band frequency modulation) you tuned off on the slope of the passband. It worked!

Harry's card also listed the other rigs I had been using over the years - a 1S520, a 1S620S, and a 1S 830S. I still have the 830 as a standby rig, but the one I use most often is a 1S940S.

It also turns out that Harry is a former co-worker of Norm Lefcourt, W6IRT, No. 14901, who is 10-10's V. P. Norm also runs the QRP Chapter net on Tuesday evenings at 8:00, Pacific time. When I check in next week, I'll pass Harry's greetings along. Give a listen; maybe you'll want to join us.

THE CITY HEADACHE

City names can be a pain in the neck. Let's say that I have an exceptional stroke of DX luck and hook up with someone in Ouagadougou, which is the capital city of Upper Volta. He starts off by giving me the spelling of his city in phonetics, like this: OSCARDSCARUNIFORMUNIFORMALFAALFAGOLF GOLFALFA . . . All the while I am dutifully writing it down and wind up with OOUUUAUUUU . . . before I get wise to the fact that he's giving each letter's phonetic equivalent twice.

It's not quite that bad in a contest, where most of the contacts are apt to be stateside, hence more intelligible to us, but it's bad enough, what with everyone trying to make as many contacts as possible.

You may have noticed that Harry Syring's announcements of 10-10 contests no longer require that you log the city name. But, what of us who want to use the contacts for Bars? Well, city names are no longer required for Bars either. I have checked with both Bobbie Vaughan (Bars, 100-900) and Russ Wirtz (Bars, 1000 and up, and Plaques) and they don't insist on city name either.

Mentioning Russ Wirtz up above reminds me that, as of the publication of this issue, Russ will no longer handle those upper-level Bars and Plaques.

Russ' job has changed, and now requires a lot of moving around from place to place, which means that he will no longer be home enough to handle the 10-10 assignment.

The new Manager for Bars 1000 and up, and Plaques will be Buehren D. "Andy" Anderson, N5CUQ. Andy is involved in a lot of other things as well, but tells me he will make time for the good of 10-10. His address is Rt. 3, Box 245, Fredericksburg, TX 78624.

SCHOLARSHIPS

Last issue we carried an announcement of the two 10-10 scholarships that are being offered. Unfortunately, it got somewhat buried, and maybe a lot of you didn't see it. Anyhow, 10-10 is providing the funds for two \$750.00 Scholarships, and they are being administered by the Foundation for Amateur Radio (FAR).

The Foundation administers scholarships for a number of amateur radio organizations, and elsewhere in this issue there is a full-page announcement which gives all the details.

It is important for 10-10 chapters and individual members to be active in supporting these scholarships by assisting in finding suitable candidates. There are a lot of them around, but they may never hear of the scholarships unless someone tells them. That's part of our job.

Even more important: What about the Scholarship Fund? Treasurer Gerry Gross has set up a special account for scholarship support. Anyone can contribute to it, and you are urged to do so, even if it's only a buck. Dues to 10-10 are as low as any we know of for a ham radio organization. That ought to mean you have something left over for incidentals. Make the Scholarship Fund your "incidental". Send a check to Gerry, and make sure it's made payable to '10-10 Scholarship Fund'. And, if things work out as we hope and expect, it may even turn out to be tax-deductible. We'll let you know.

TAKE HIM AT HIS WORD

On Page 23 of the last issue, Editor Joe Williams wrote as follows: "I received two complaints since I took over as editor, and word that quite a few were received in California. I don't mind receiving comments or criticism about my work, but send them to me. As editor of the 10-10 News, I am

responsible for how it is put together. My address is on Page two of each issue."

I have a suggestion for you. If you do like what you read in the News, or how it looks, write Joe and tell him so. If you don't like what you see, write Joe and tell him so. However, if you do this last, try to make a positive suggestion as to how things might be improved. Also, if it will make you feel any better, send me a copy of your letter. My address is 5872 W. 77 Place, Los Angeles 90045.

What Joe and I are looking for are positive suggestions, not just gripes. Both of us want to make the News a better journal, but neither of us knows what will make you happier. And, by the way, if you like it just the way it is, write and say so.

LETTERS

I welcome your letters. If you send an SASE, I'll guarantee an answer. Maybe I will reply even if you don't send an SASE. It depends on what you are writing me about. If it's just a general comment, probably not. But, if it relates to the organization or operation of 10-10, your chances of getting a reply are pretty good.

In either case, write me, if only to get something off your mind. I'll listen. Maybe something will happen as a result.

Howard

CONNIE'S CORNER

By Connie Hauck, K6EXQ

Those of us who are general class, or above, should really do some soul searching. Many times, below 28.5 is crowded, and above is dead silence. What do we do but throw the switch. Notice that I said us, and we, which includes myself. The band would not just suddenly shut off at 28.5. We have become so used to many signals that we have an automatic shut off, and forget that we can call CQ just in case there is another like us tuning the band. One will never know what is missed that way. 1987 was such a big year for us with so

many things to attend, that by the time Reno was over, our get up and go was gone.

Dayton Hamvention is just around the corner, and I'm packing my bags. To those of you who have not been before, in the cafeteria, look for a table or more with people in deep conversation, and passing papers back and forth. That will be the dedicated paper chasers, exchanging numbers and lists. Join us. Even if you don't chase paper, we are nice to know, and we might just convert you as we did WA6POZ. People are beginning to realize just how very dedicated we are, and how much our support to 10-10 means. We are a force to be reckoned with. You will never have better friends than among the 10-10 group.

Last issue, I put out a plea for a room for a friend in Fla., who could not locate one. Our good friend Reg, VE3RG in Canada had last year booked an extra, and not only answered my plea, but that of another also.

I mentioned that K7NWM was going to put my mailing list on a disc for me, after converting his program. By the time Shreveport came last year, my certificate list was in shambles, and I couldn't get it straightened out. KD6JC, who has the same computer as myself, and a lot more understanding of it than I, offered to get it in order for me. She spent many hours working on it, and just crawled out of her sick bed to finish it up so I'd

have it for Dayton. Many times, Ollie, N4IT has helped me out with something that I needed. I could go on and on with help that I've had along the way, but I think you get the drift.

I'd like to make special mention of certificate managers. More often they are the ones that we blame when our certificates are late, or points are not what we expected. At times, they do make mistakes, but do you know how much TLC is spent in checking your list to be sure that you get every point possible? Thanks to all of you for the great job that you are doing for us.

Did you know that in the last Rose Parade, the Red Cross Float carried W6AK, operating on 20, 15, and 10? Had you been monitoring as I should have, you might have had a very interesting contact.

A sky diver asked the instructor how to use the parachute. "You count to 10 and pull the rip cord." The sky diver said, "What was the number again?" The instructor said "3".

The last two items came from the Gateway Chapter Newsletter. I do read and enjoy each publication that I receive, and I am especially pleased to have the Channel News come to my mail box often from England. It is always filled with detailed news of the chapters over there. They are doing such a great job in uniting and keeping 10 alive.

You will note that there are many new chapters this time. Delaware may be next. Happy to have West Virginia back in the fold. Support our new friends and all of our DX. They don't have the population to draw from that; we do, so let us support them. The Blue and Gray in Kentucky have joined forces with Crater Lake in Klamath Falls, Oregon, to issue a joint certificate. See Chapter Chatter for more details. I'd like to thank the Massachusetts Minute Men for the Old Ironsides number. I also thank the Blue and Gray, and Crater Lake each for the Friendship Award. Also, the Citrus Belt 10-10 Int'l. for the HC, and Lake Erie Extension Canal Locke Number 10 for the number.

(Connie's Conner Cont'd)

I have been very lucky this month, to have received so many lovely certificates. They are all very much appreciated. There are a few more certificates that I need or want, so I shall be looking for your nets, to see if I can pick up what I need. I had a letter and seal from the Twenty-Eight Chapter in Australia, and that shamed me into upgrading that one. One CM has been cited by an official observer for giving the cost of a certificate on the air. Wish we could get everyone to get the certificate guide from W4YHF so we could say, look in there. Those of you who read this, order the guide. It is only \$4.00 P.P. stateside, and \$5.00 DX, for a full directory. Monthly updates are available for \$0.70 each. Each full directory is updated just before mailing. Everyone should get this, it has all the info that one needs. This isn't a money making project for Jim, so don't feel that you are lining his pockets, it is just about break even.

Notes are beginning to come in, SEE YOU IN DAYTON, and this year as usual, there are some new ones.

I'm really looking forward to seeing all of you.

We have several new chapters, and more in the making.

Let us say welcome to the following: Branding Iron (KA4VVD): Thurs. 7:00 P.M. local time. Cert. 5 pts or IQ. \$2+2FCS. No CM was listed, but you may find out on a net or send to the CH, and he can forward, until we are notified of the CM. Many upgrades are available.

Citrus Belt of 10-10 INTL. (KA6RSW), meets Sat. 28.415 at 8:00 A.M. local, and Wed. at 7:00 P.M. local time on the same frequency. Basic cert. 10 contacts, to include 1 C, or 1 y1, or an IQ. \$1.00 + 2FCS to Jim Lee, P.O. Box 796, Mentone, CA 92359. Upgrades are available.

Erie Ext. Locke #10 (N8IRC): net is Tue., 28.320, 8:00 P.M. EST. Basis 5 CL, or IQ, or 50 pts. \$2.00 + 2FCS to Ed Robinson, WB8ZQW, 765 Syme St., Masury, OH 44438. Upgrades are available.

Land of Legend (KABRBQ): net is on 28.390, Fri. at

10:30 P.M. EST. No certificates now, but keep watching.

Hatfield & McCoy (N8IBK): meets Sun. 28.456, at 10:00 P.M. EST. No certificate now.

I'd like to say a special thank you to the chapters who do not use English very much. I recently received an application from Germany, all written in German. I had been told to expect it, or I might not have been so brave. But I sent the application with a note requesting that any more letters be in English. Back came my reply in very good English. No apology was needed. It was great, and at any rate, much better than my German would have been. We do appreciate your extra effort. Just today, got an HC from Peninsula Southwest. Thanks much for that. I now have all of the numbers from England. One other country to work on.

73's to all, Connie Hauck, K6EXQ

THE PAPER CHASERS MEMORIAL FUND

By Marge Smothers, WA6ZPX

The rapid growth of 10-10 International during the last year prompts me to write this in support of the Paper Chasers Memorial Fund. I'm sure there are many new 10-10 members who perhaps haven't heard of this fund. To be eligible, one must possess a 10-10 number. When a participant passes on, his family is sent a framed certificate, noting his passing, and the fact that his passing leaves a void in our ranks, which can never be filled. Along with the suitable final certificate, is a list of the participating fellow members. In order to participate, all you need to do is send two dollars and two S.A.S.E.'s to either KGBS, OR N8BBJ. One S.A.S.E. is to notify you that your letter was received, and the second, to notify you when funds are low, and another donation is needed. Since its inception in mid-1984, this hasn't been necessary. Unfortunately, I possess one of these certificates, so I have a personal interest in spreading the word for a needed and worth-while endeavor.

CHAPTER CHATTER

By Connie Hauck, K6EXQ

ARIZONA SUNSET (WB7VZI): Feb. was a great month for check-ins. Keep it up.

ALASKAN IDITAROD (KL7JON): We've all been busy, as I hope you have been following the Iditarod Race.

CRATER LAKE (KA7ARC): Yet another new CH, Bill Larimore. Our net has changed to a frequency of 28.760, on Sat., at 2000Z. We did this to make it easier for you working on the new Four Lakes Friendship award, which we are issuing along with the Blue & Gray, from KY. One must work 2 Charters from each chapter, who has an HC on the Friendship. Blue & Gray will be HMB, while Crater Lake will be HMC. Each chapter has its own CM. Cost is \$1.00 + 3FCS. HMB will be issued even numbers, while HMC the odd numbers, to keep it straight. Help us make it work. CITY OF ROSES (KF7AK): Welcome Bob as the new CH. A lot of winter, and not much activity. Check-ins have been good, but no special things planned. We will not have a table at ARRL Convention in Portland this year, as they cannot give us one as in the past.

C.A.T.T. (W8PJY): We were at the ARRL Convention in Cin., and handed out 10-10 info, and added some new members. The forum at Dayton will be Sat. A.M., at 10:45 to 11:45 A.M. Let's have a good turn out so that we can keep a Sat. slot. We look for the paper chasers there too. Look for the C.A.T.T. flag in the flea market and stop for a visit.

SHAWNEE (W8NRC): Old Shawnee is QRT, and the New Shawnee 2 will replace it 4-1-88. No certificates, numbers only. Basic is 10 contacts or IQ. Upgrades are available. HCLs are from all over the world. If you are holding packet 10-10 nets, look for us, 101.5 to 105, on 28 MHz. Have heard CA. Where are the other 49 states? We will send you a special QSL for postage only.

CROSSROADS VILLAGE & MID LID (KGBS): We have been having good check-ins.

MICHIANA (N8GFI): We plan to attend Dayton again.

TEACHERS PET: We have 34+ states and 3 countries among our members. We all appreciate W8PFD who has helped us so much in our efforts.

DIRKSEN (K9EPH): Check-ins are slow, but we are there.

CARNE (AJ9C): Congratulations to W9WYN, Jack, on being the first to reach 12,000 point level on Steel City. We are going strong with 47 states, and 12 countries represented.

AIR CAPITAL (K5ERJ): Note, a worksheet will be furnished to begin work on the crosscountry at 5,000-pts level, instead of 3,000, as of 5-1-88. Please read rules for crosscountry and pilot carefully. Many applications are marginal. QSO party, May 14-15. 1 pt. upgrade for each student, dual, and solo collected ON THE AIR. No lists please. Logs to be sent by June 1, to K5ERJ. No other upgrades to be included in this.

COLORADO CENTENNIAL (N0CKW): Our nets continue to grow.

COLORADO BIG HORN: Please forget the previous info regarding free certs to Techs and Novices. It only created confusion. New CM is Paul Larsen, KA0ZPD, 544 Worchester St. Denver, CO 80239.

CLIFF DWELLERS (K0WZX): Some confusion regarding net listing. Should be 29.330, 0100Z, year round. The lower frequency is 28.380, Tue., at 0100Z.

GATEWAY (W8OCCF): We keep the band jumping locally, and enjoy 10 meters to the fullest.

IOWA RIVER VALLEY (N0GIV): For those who have the Iowa Fishing License, we have made it easy for you. The Arm Chair Fisherman, 2 C & 2 F. C.S.. CM Debbie Peterson, KA0YWJ, R.R. 1, Box 35, Duncombe, IA 50532-9513.

PIKES PEAK (KC0TQ): Since we have moved to the novice band, we have increased our activity.

SKY BLUE WATERS (KC0GP): Look for Dayton & Reno #'s, worth 2 pts. each. We have 27+ WAS seals out and 48 working on HK, which is worth 2 pts. Each K is 4 pts.

(Chapter Chatter Cont'd)

NORTHERN NEVADA (W7ABX): Our net frequency is now at 28.455. Days and times remain the same. Expecting a lot of you to visit Reno in August. Contact KB6AN, or K7CZQ, for details.

WIRE GRASS PEANUT PICKERS (W4PNC): When you reach 4,000 pts., you get the Grand Goober. Some of you are close.

TREASURE COAST (K4KAH): I have quit chasing paper, because I can't see paying \$2 + postage for a certificate that has been run off on a copy machine for 15 cents. We are not in this for profit.

CASTLE CRAIG (W1KKF): Welcome new CH. New station activities is KA1IXY. Stn call is W1NRG. Chapter activity is low, but 10-10 is booming. In the first district, 34 new members, 50 renewals, and 6 reinstatements. NI API must have a big club, or be very persuasive. Anyhow, it is good work, and we are happy to have the numbers.

MAINE-IACS (W1MGP): We lost one of our most faithful members, Joe, KA1HJS, #38690. We meet each Fri. 28.4 + or - at 8 P.M. local. We rag chew and exchange 10-10 numbers. Everyone is welcome.

SO. NEW ENGLAND NUTMEG (W1OUC): We welcome Pete, as new CH. In the last three months, we have had three silent keys. W1BPY, Bill Conant, WB1GMM, Herb & K1HEF, Judd. Judd and Herb were both very active on 10-10. We are not too active, but we will survive, so look for us.

WHITE MOUNTAIN (KB1XI): Just issued #555. We need only North and South Dakota to have all 50 states in our membership. We plan many special events, so John, W4ILEV has set up an info bureau. So if you want to be kept informed, send John O'Neill 2 or 3 s.a.s.e.'s to be kept on file, and mailed to you with work-sheets in a timely fashion. We are indeed grateful to all of you for your support. We have had 5 locals upgrade because of our program. Even with poor conditions, we have a dozen countries represented.

BROOKLYN BRIDGE (N2EZP): Upon completion of WAS, a

number and gold seal is issued. A new certificate is planned in which the gold seal will be important.

WB7NUU is a permanent WC, and is a 25 pt upgrade once each month. Valentine Week Special was so well received, that it will become an annual event.

TROTTERS AND PACERS (K2HLC): Bimonthly breakfast continues to be well attended. Revised awards program going great, and our CMs are working hard to keep up with the applications. If you are not aware of the new program, see guide by W4YHF, or an s.a.s.e. to K2HLC or WB2LLH. Thanks for great mutual support in Metro area chapters.

LIARS 2 (WB2SJQ): Mobile to mobile within same state +100, mobile to mobile out of state + 150. Fixed to mobile is +50. Watch out, Dayton.

FLOUR CITY (WB2JPD): Not being on the air and not knowing when we will be, and lacking local support, Steve and I have decided to discontinue F C certificates. We thank you for your past support, and will miss you. Any applications will be returned to you. We still continue our 10-10 membership, and read all about you and the new awards.

BABY DOLL (KA3CNN): Gordon is acting CH. 26 pts for 25 Betsy Ross, Mae West, Dolly Parton, Blaze Starr. Must have 100 #'s to send in. Dan, KZ3T is the NC and does a great job. More upgrades coming out. Baby Doll of yrs. 87/88 worth 100 pt upgrade 1 time only.

CRADLE OF LIBERTY (K3FFG): Now have 202 local members so Liberty Bell should be easy to earn.

DELAWARE VALLEY (K3LBM): See you in Dayton

BILLY THE KID (WMSQ): We have a new NM seal, embossed gold foil. If you would like one, send \$1 + 2 F.C.S. + your SL #. You will receive a new cert. with the seal. Our Sun. net is moving to Sat. 28.365, at 1900.

GREEN COUNTRY (W5NNL): Look for us field day on 10, using the call N5FER.

ARE YOU PHOTOGENIC?

As you read this issue of the News, you will notice one thing. There are fewer pictures this issue. Every one enjoys seeing pictures of fellow members in the News. But unfortunately, we can't print what we don't have. If anyone has photos they would like to share with the rest of the membership, submit them to the editor. They could be individuals, chapters, ham families, 10-10 activities, etc.. Having pictures in the News depends on you, the 10-10 members. For information on the picture format, see page 2.

Left: Robert, WA5JDU and Terri, KA7LPP, in the number one 10-10 station in the world.

Expenses exceeded income for the quarter because of two extraordinary items. During the quarter the Board established the 10-10 Scholarship fund, and authorized an expenditure of \$3000 to fund it. And prior to the Shreveport convention, discussions began on the expenses of the NEWS and Roster for the year 1986-1987. An audit of ours and the printer's records revealed that the printing of two issues of the NEWS and the Roster for 1986 were never paid (10-10 was never invoiced). We got the missing invoices and they were paid.

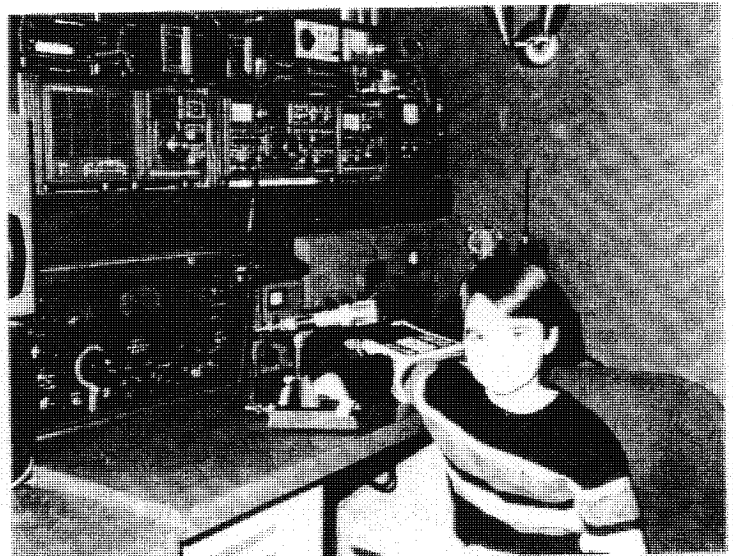

During the quarterly meeting of the Board, I announced that I would not run for another term as Treasurer (my terms expires on December 31, 1988). I have been informed by my employer that my department is moving at year end, and I may have to move. For this and other reasons, I have decided it would be best for 10-10 if I did not seek another term.

ANOTHER-10-YEAR OLD IN TEN-TEN

Meet 10-year-old David M Rogers, KA9ZGH.

David began his career in ham radio in June 1987, when he received his novice license. On January 2, 1988, he upgraded to technician. He received his 10-10 number also in January. David is pictured in the ham shack, which he shares with his father, Tom, W9ZS, who is also a 10-10 member.

The old A.M. gear pictured is the same station his dad used to obtain his 10-10 number in 1970. David enjoys operating 10 meters, 2-meter packet radio, and the local repeaters. He plans to upgrade to General when school is out for the summer. David also has interests in RC model planes, and plays tenor sax in the school band.

CONTEST COMMENTS

1988 WINTER PHONE QSO PARTY

Jerry Frieders, W9ZGP

We lost! We lost! Yes, we did not take first place this time, so congratulations are in order to the great bunch of hard working ops out there in the northeastern part of the U.S.A. Surely, the Fort McHenry chapter will enjoy holding the City of Lights Chapter's big silver cup trophy for at least the next six months. We will be sending the trophy soon, but we were told to get an overseas shipping crate ready for the Channel Chapter, and plan on sending it to Merry Old G land. One of these qso parties soon will take over 50 logs for a chapter to win. Our chapter really enjoyed getting together once a week to check out the log entries.

A big thanks to Earl, WB9NYC, for his hospitality. Helpers were Joe, N9A, John, WB9DOF, Bob, K9EUI, Ed, W9ETU, Jim, N9HFL, Gene, WA9SIJ, Marty, WB9TNQ. John, WB9DOF also entered everything in his computer, which was a great help. Chapter contest chairmen did a fine job getting the logs and checking them, and also sending a complete summary. They can then catch errors within their chapter before it is mailed. I encourage other chapters to do this. Maybe it should be a must for a chapter entry in the future. Letters of encouragement were nice to read as there were quite a few. One entrant tried to bribe us. Bob, WABOX sent his very own coin. A big wooden nickel. We wouldn't budge. Keep in mind, during the upcoming Summer QSO Party, we will be looking for any and most unusual bribe, or token. We will be glad to list all entrants.

In closing, a comment about mailing dates. If you take the time to work several hundred log entries, spend all that time and energy, and then mail your log two or three days late, that's just tuff. I did that a few years ago, after working about 250 q's. The rules are for everyone. We received about five logs, posted three to seven days late, from the U.S.A. They were disqualified. I must agree with Larry, WA2SUH (Fall 87 issue),

CERTIFIED MAIL IS BAD NEWS. I had to make three trips to the post office to pick up certified mail. That was driving 8 miles each time, and standing in line for 20 minutes, and parking meter money. Come on, put a post card in your envelope, and we will mail it right back. It's a lot cheaper. All certified mail will be refused this summer by W9ZGP. You will get it back, and then you can mail it first class. We received 772 pieces of mail with no problem. If you think your log was lost, please contact your post office. A possible first for a 10-X QSO Party was the log entry from Tom, RA6AR, from Sochi, U.S.S.R.. He included a nice note and hopes to compile a much better score this August. A letter from Dave, ZS1DL indicated he entered his very first contest.

A sad note from Reg, VE3RG. Reg was tops from Canada last summer. This winter, a sleet and snow storm hit his qth. The beam and rig were wiped out after only two contacts. Look out for Reg this summer, as he will be back for the Summer QSO Party, and going for the top Canadian score once again. Will be looking for 1,000 entries this summer 73's, Jerry, W9ZGP

Don't forget to order your Certificate Net Guide from Jim Beeswick, W4YHF. Keep abreast with the happenings in the paper-chasers world of 10-10 International. The cost is only \$3.00 plus 3 F.C.S. stateside, \$5.00 U.S. for DX. Up-dates are \$0.70 per month, \$1.00 U.S. for DX. Send your order to Jim Beeswick, W4YHF, Route 5, Box 778, Ellijay, GA. 30540

Contest Manager

Starts: 0000Z (UTC) August 6, 1988
Ends: 2400Z (UTC) August 7, 1988

Ten-Ten QSO Parties are open to all amateurs but only paid-up members are eligible for awards and chapter assignment of scores. They are conducted to encourage Ten-Meter operation and interest in the Net. Non-members may use numbers collected to qualify for membership; members may use them for awards.

RULES

1. All contacts must take place on the Ten-Meter phone band.
2. Exchange: Callsign, Name, State, and Ten-Ten Number.
3. A Station may be counted only once.
4. Single operator stations only are acceptable.
5. SSB, AM, or FM modes are acceptable.
6. All contacts must take place during the 48 hour contest period.
7. Logs must be kept in UTC.
8. A Dupe Sheet is required of all participants. Computer duping is OK. (Send SASE to me for copy of typical dupe sheet.)
9. Chapter assignment of scores may be only by a paid-up member belonging to that chapter as a local member, and be able to work that chapter net via groundwave from the location of the station working the contest.
10. Illegible or improperly submitted logs will be rejected. See below for log submission requirements.
11. Failure to comply with any of these rules or their intent may result in disqualification.

SCORING

1. Two points for each contact WITH a Ten-Ten number exchange.
2. One point for each contact WITHOUT a Ten-Ten number exchange.

AWARDS

First Place certificates to all U.S. call areas; KL7 included with 7th area. Also Canada, South America, Central America, Caribbean (including Bermuda), Europe, Asia, Africa, and the Pacific (including KH6, all pacific islands, New Zealand and Australia.) Individual and chapter scores are published in the NEWS. Paid members only are listed.

LOG SUBMISSION

Logs are accepted from 10-10 members only and must be legible, in UTC, and complete. Each line entry must show callsign, time, name, State, and 10-10 number if any. A cover sheet is required showing your name, callsign, QTH, 10-10 number, membership expiration date, chapter assignment if any, total contacts, and total points. A cover sheet can be found on the rear page of the 10-10 NEWS. A Dupe Sheet must accompany all logs. Logs must be postmarked no later than September 1, 1988 and mailed to: City of Lights Chapter, c/o Jerry Frieders, W9ZGP, 1501 Molitor Road, Aurora, Illinois 60505
