WORDS FROM THE PRESIDENT

ESSAYESSEE!!

District Managers (and other Managers) who work for 10-10 out of the generosity of their hearts and the goodness of their souls have to take a lot of undeserved guff from members and would-be members.

One of the more troublesome (because it becomes very expensive) is the failure of those who write them seeking membership renewals or maybe just asking for information to enclose an SASE!

I suspect that there are a lot of people out there who just don't know what an SASE is. Those four letters appear in a number of places in each issue of the News, and maybe we expect too much when we think that everyone who reads them will know what they mean.

Let's take a whack at trying to explain what we mean. The letters "S" and "A" mean Self-Addressed. Now, you ask, why would we find it desirable to have something self-addressed. The reason is so obvious that you probably never thought of it: a lot of you have handwriting (and also, at times, printing) that is just downright impossible to read. If we ask you to do the writing (or printing), the monkey is on your back. If the postal people can't read it, that's your fault. Complain to them, not to your Manager.

Those last two letters, "S" and "E" mean stamped envelope. You know what an envelope is. There are two sizes in common use - one is about 3 5/8" x 6" and is commonly called "letter size." The other, often referred to as "business size" is about 4" x 9 1/2". This makes it handy, since the smaller size fits nicely, without folding, in the larger one. Both these items are made of paper, nicely sealed up on three sides, with the fourth a kind of flap with a thin strip of glue, so you can put something inside, and then use your moist tongue to lick the flap and seal up the whole thing, safe from prying eyes.

Now comes the important part: You must put a postage stamp on both the envelopes. The stamp must carry enough value to get the envelope where it is supposed to go. That means that the stamp on the outer envelope has to be able to get it to your Manager, and the stamp on the inner envelope must get that one back to you (assuming your name and address are legible).

All of this is very simple. Let's just do it!

GETTING THINGS TOGETHER

Every time I go to write one of these segments for the News, I have to stop and think about whether it is something I have written about before, and, if so, how recently.

I don't suppose it really matters much, since so many of our members are new in the last few months. Even if I have written about something, they likely will not have read it.

What I want to tell you about is what goes into getting out an issue of the News. There are just quite a few streams that have to come together so that we can dump our few thousand copies into the maw of the postal service.

Every month, Area Managers report membership information to Records Manager Lee Pasewalk. This includes new members, renewals, and all kinds of changes. Lee puts this together and sends me a summary. At the end of each quarter, he assembles everything and gets it to our computer facility.

Meanwhile, I have copies of the invoices from the last issue, so I know how many were printed, how many mailed, and how many sent out in bulk to managers and others. Also, if I'm lucky, I have some information on special needs, such as conventions and hamfests.

Up in Milwaukee, Editor Joe Williams is desperately hoping that everyone will remember the editorial deadlines, which are the 15th of March, June, September, and December. If everyone gets camera-ready copy in on time, Joe has 2 - 3 weeks in which to paste up everything the way it has to go, get photos screened and sized, and do everything else needed to get copy to me in the first week or so of the following month.

About the same time, Lee has taken all the membership information to the computer people, and I have sent them a purchase order to let them know what we need. When Joe's copy gets to me, I review it and confer with him by telephone if there are questions I can't answer myself. Then I take the copy to the printer, along with a purchase order that specifies my best guess as to the number of copies to be printed. Notice I said, "best guess." There is always some uncertainty, since we don't know how many members haven't renewed. Then we sit back, hope we've guessed right, and let the mail people do their little chore of giving it all to the U. S. P. S!

CHANGING THINGS

There seems to be quite a bit of misunderstanding around about the new Bylaws and some of their provisions. Managers are telling me that members are asking about life and family memberships.

Let's get one thing abundantly clear: there are no current provisions for either life or family memberships. We (10-10) are currently operating under the old Bylaws, which have no provision for either of these.

Here's how it will work: When the new Bylaws are finally adopted (probably before you read this), there will be provision in them for both the kinds of membership mentioned. But, the actual operating procedures will not yet be in place. Determining them will be the task of the officers and directors to be chosen this fall.

When those procedures are in place, ample notice will be given by way of these pages. Then, and not before then, will you be able to apply for a life membership, or you family types will be able to apply for a family membership. Until then, hold your fire, please.

HARSH MEASURES!

Some weeks after writing the piece on ESSAYESSEE! that appears back in the beginning of this column, I had a long 'phone conversation with Andy Anderson, NSCUQ, who handles Bars above 1000 and plaques.

Andy is being bugged by you types who don't enclose the SASE. If you look on Page 30, which has the award information, you'll see that Rule 5, under "Bars and Plaques" governs this requirement.

Andy has a solution. He says that if an applicant doesn't enclose the SASE there will be no reply. Now, we always encourage all applicants to be patient. After all, managers are volunteers, and they have to live their own lives too. But, if no reply comes after a few weeks, think back. Did you enclose the SASE? If you didn't, that's the reason. Get busy and send the necessary!

I don't know if Bobbie Vaughan, WB7NUU, who handles Bars up to 900 will be this tough, but she should be. The SASE is your responsibility, not Bobbie's or Andy's.

GROUCHING

A lot of people probably think that I am an old grouch, and maybe I am. Was that a voice I just heard from out there somewhere, saying, "You're darned right you are!"

What I am grouching about now is the number of guys I hear, especially down in the 28.3 - 28.5 region who just don't identify. Yes, I know that identification rules are a lot less stringent now than they were in the 'olden days'. But that's no excuse for ten sounding like a two meter repeater.

Let's say that one of the chaps you hear mentions that he has a 10-10 number, and you'd like to add it to your collection, but you don't know his call sign. How do you call him? How do you know his number isn't one you already have? Unless he gives his call sign, you are up a tree. To carry it a bit further, suppose you are working on your WAS and would like to know what state the chap is in. Grouch! Grouch! You don't even know what call area he's in!

Well, that's often - not always, but often - how I hear things on the band. Does the shoe fit you? Give it some thought. Maybe give your call just once in a while - not every transmission, but once in a while!

ELSEWHERE

Some readers may skip certain items, such as the minutes of the quarterly meeting, because they may think them boring. Don't do it! This time they contain information about a dues increase, and family and life memberships. Also, while I'm thinking of things to which you should pay attention, there are many of you who are sending in money for a 1988 Roster. Don't! There is no 1988 Roster, and sending in money just causes problem. The Roster is bought by only a small proportion of our members, and how to cope with that problem will be up to next year's officers.

There's also a story about this year's scholarship winners - the first in 10-10's new program. You can - and should - contribute to the scholarship fund, whether as an individual or as a chapter. Make your checks payable to "10-10 Scholarship Fund" and mail them to Treasurer Gerry Gross, 8145 Corycroft Ave., Canoga Park, CA 91306. Gerry has set up a separate account specifically to receive such donations. He will welcome yours.

Well, that's all for this time. Thanks for reading and listening, and for your letters and cards. It is all appreciated.

Howard #4509

SECRETARY REPORT

By Don Hirst, W6AGP

Report on Ten-Ten International Net, Inc. Quarterly Meeting

The quarterly Ten-Ten luncheon meeting was held on Sunday August 14, 1988 at Sir George's Restaurant in Long Beach, CA. The meeting was conducted by Ten-Ten President, Howard Bowman, W6QIR. Following welcoming remarks by Howard, our Treasurer, Gerry Gross, WA6POZ, provided a comprehensive Treasurer's report, including actual expenses by category for the 1987-88 year and budgeted expenses for the 1988-89 year, with actuals by quarter through June 1988. Gerry also provided income estimates by quarter and quarterly expenses for publishing the 10-10 News (including printing costs, postal costs, mailing service, and data-processing service). With the recently increased postal expenses and with increased Ten-Ten membership, the projected cost for the 10-10 News will be \$34,200 for the 1st - 4th quarters of the Fiscal year. (A summary of the Gerry's report is published separately in the 10-10 News.)

There were discussions with regards to the financial status of Ten-Ten International in view of actual and anticipated cost increases for operating expenses. Several very important motions were made and passed, with respect to the topics of Life Memberships, Family Memberships, increasing the cost of annual membership dues, and proration of current dues during 1989 towards Life or Family Memberships.

A motion was made and approved, to institute Life Membership, starting on January 1, 1989. The cost of Life Membership will be 25 times the annual fee for US or International membership, as appropriate.

A motion was made and approved, to institute Family Memberships, starting on January 1, 1989, at an additional fee of \$.50 per family member per year. (One member would pay the normal annual dues and additional members of the family who are licensed and have 10-10 numbers, would pay 50 cents each.) A motion was also made and approved, allowing any member applying for Life or Family Membership during 1989 to prorate their current dues towards the cost of the new class of membership.

A motion was also made and approved to raise the fee for annual 10-10 membership, starting January 1st, 1990. The new fee structure approved is: \$6.00 per year for US membership and \$8.00 per year for International Membership. The motion also provided that the cost of Life Membership would rise accordingly in 1990, to 25 times the increased annual membership fee. (There is clearly a good incentive, if interested in Life Membership, to take action during 1989, before the scheduled 1990 dues increase!)

A motion was made and approved, to send \$1,000.00 to the Milwaukee Convention Chairman for expenses for the 1989 Ten-Ten Convention to be held in Milwaukee. This amount is within the budget.

A motion was made and approved, that the new By-Laws be accepted as written.

Jim Michaels, W6PGM, who is serving effectively as Chairman of the Nominating Committee, made a brief report on the activities of the Nominating Committee to date. President Howard Bowman, W6QIR, announced that the Foundation For Amateur Radio had named the winners of the 10-10 International Net scholarships for 1988. (Please see Howard's column for a complete page of details and several pictures.)

Thanks to Jim Michaels, W6PGM, for taking minutes at the quarterly meeting. Respectfully submitted by Don Hirst, W6AGP, #39048, Secretary.

FIRST SCHOLARSHIP WINNERS ANNOUNCED

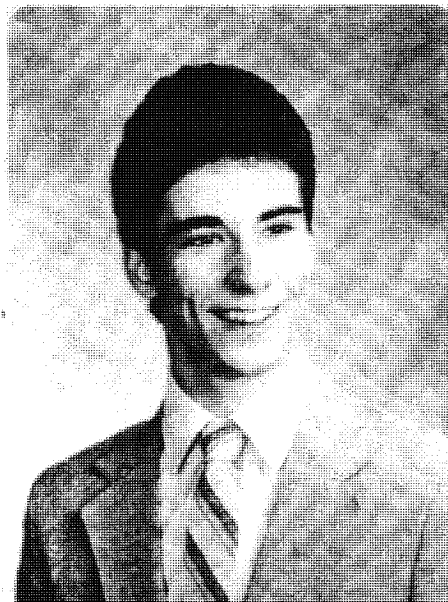

In a recent announcement, the Foundation For Amateur Radio revealed that the first two scholarship winners are Stephanie Ann Dougherty, N8FIT and Nathan S. Willingham, KA0IFO.

Stephanie is from an all-ham family. Her father is KN8I, her mother is KD8LI, and a sister is N8ERH. Stephanie was first licensed as a Novice (KA8QJQ) in 1982, and attained General Class a year later as N8FIT. She has been a member of the Eastern Michigan Amateur Radio Club for five years, has taken part in a number of Field Days and SET's and has assisted in providing communications for a number of major events.

A licensed private pilot, Stephanie also enjoys riflery, motorcycle riding, racquetball, and bowling. Chosen Michigan YL of the year in 1986, Stephanie also won an ARRL Scholarship in 1987. She works at the Vet Clinic as a secretary at the Michigan State University, where she will enter her sophomore year as a student in Electrical Engineering.

At age 19, Stephanie is fully occupied with her school work, her job, and her many other activities, with the result that her ham activities are mainly confined to two meters.

Nathan is 18, and is entering his sophomore year at Oral Roberts University with a major in Electrical Engineering. His father is James, KOARS.

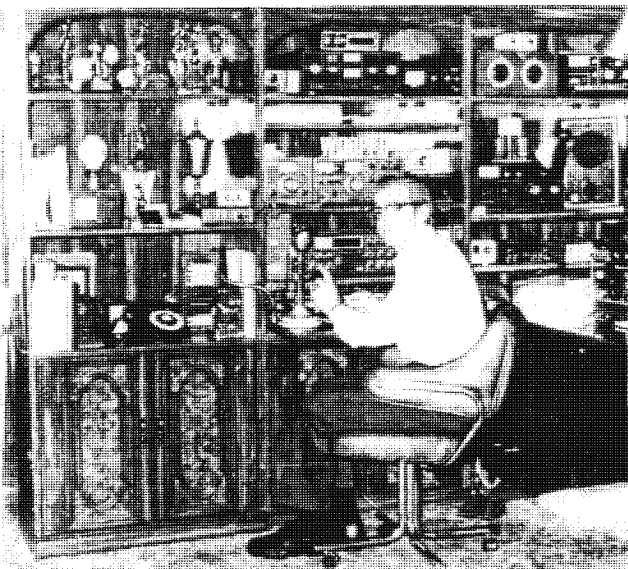

Nathan was first licensed as a novice in 1955, when he was 15. He obtained his general, advance, and extra class license the same year, in the period March to September, and elected to keep his same call sign, KA0UFO. He belongs to both ARRL and the Macon County, MO. Radio Club, and operates most bands between 2 and 80, but prefers 20 meter CW.

Nathan has other hobbies too. He enjoys hunting and fishing, slow-pitch baseball, and working on his old truck. While still in high school, he was a delegate to the Missouri Boys State (1986), and a year later, a delegate to the Missouri State Highway Patrol Cadet Academy. At graduation, in 1987, he received the U.S. Army National Scholar/Athlete Award. He has either won or placed second in numerous Science Fair competitions,

with his projects, generally having to do with amateur radio, or electronics in some form.

Stephanie's application for a 10-10 Scholarship was sponsored by Leon Switzer, N8CQA, 10-10 No. 35405, while Nathan was sponsored by Dale Bagley, NZOS, 10-10 No. 8655. At a membership meeting of 10-10, where both winners were announced, action was taken to make both Honorary Members of 10-10. John Hugentober, 8th District Manager subsequently assigned No. 48844 to Stephanie, and Alice Hathaway, NODES, who is 10th District Manager, assigned No. 48755 to Nathan.

The scholarship program, which is funded by 10-10, is administered by the Foundation For Amateur Radio. The Foundation administers similar programs for a number of other radio clubs and organizations. Contributions to the 10-10 Scholarship Program may be made by sending a check to Treasurer, Gerry Gross, 8145 Cozycroft Ave., Canoga Park, CA 91306. It is important that the check be made payable to the 10-10 Scholarship Fund.

Bill Craig, WD8PFD

NOW YOU SEE IT, NOW YOU DON'T

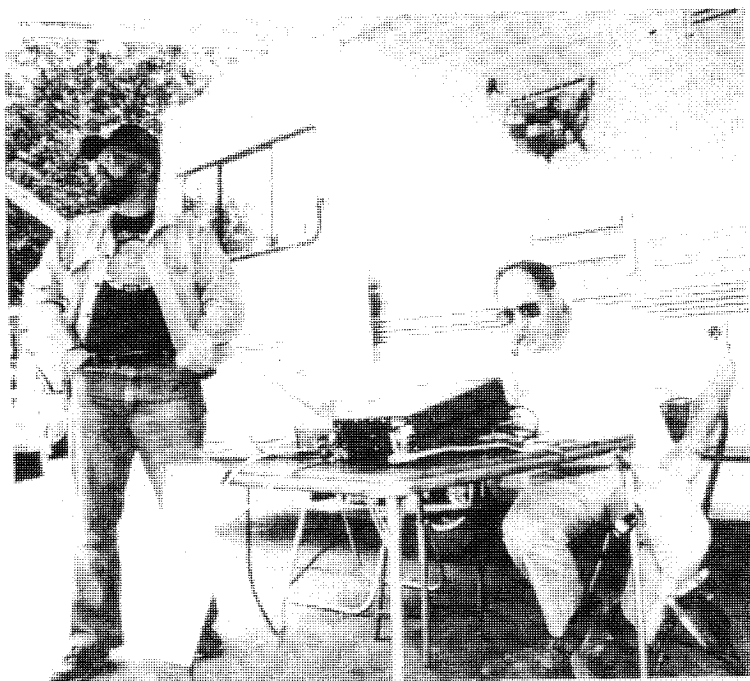

Meet Bill Craig, WD8PFD, better known as the "Polish Fire Department" by his friends. And friends he has. Young and old, Hams and non-hams. Bill hails originally from Windsor Ontario. He has charmed many an audience as a professional magician, starting around the age of 15. For twenty-five years, he has warmed the hearts of many with his tricks and illusions. (see cover, this issue) Though no longer performing professionally, he can still capture an audience, especially the younger generation.

Bill started in ham radio back in 1949. We wonder if his father had something to do with that. Though not a ham, his father used to build radios during Bill's early childhood.

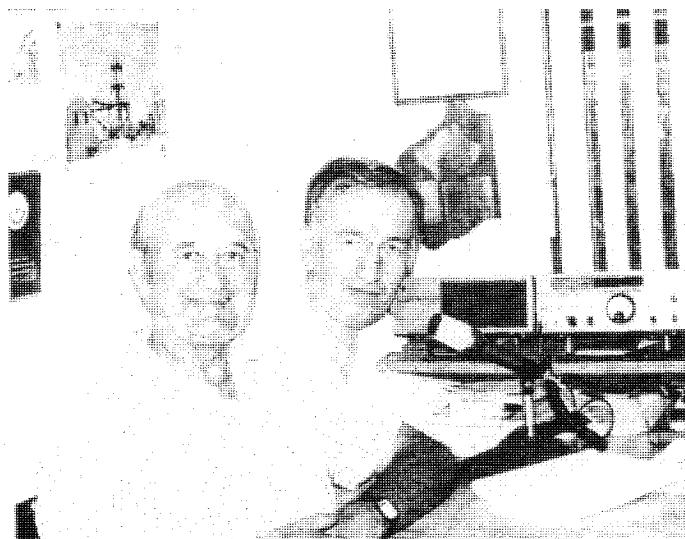

Bill joined 10-10 in 1980. He has been net control of the Michigan Robins Net for seven years. He has attended Dayton for the past 15 years, and will continue to do so for years to come.

Bill has quite a family. Besides his wife, his father who turned 100 years old this past May, and his mother who will be 99 in December, are still living. He has three children, one is a 10-10 member also, VE3LFV, 10-10# 33645. He also has 8 grand children and one great grand. As ten meters opens more, be sure to look for the Polish Fire Department. He Will Be There.

With the approval of the By-Laws, Life and Family memberships became reality. The Board approved the following fees for these membership classes: Life membership is equal to 25 times the annual dues, (\$100 US and \$125 International), and Family membership equal to \$.50 per year per family member. The Board also approved two other resolutions: during 1989, applicants for Life and Family memberships will have previous paid dues prorated and credited towards their new membership class. Effective Jan 1, 1990, annual dues will be \$6 and \$8, (US and International, respectively).

To apply for Life or Family Life membership, (family member where the primary member is a life member), mail a copy of your current membership card and the appropriate funds to the Treasurer. Send the full amount; the Treasurer will calculate any proration.

To apply for Family membership, send a copy of your and the primary member's membership cards, and the appropriate funds to your Area Manager.

For the first time since August 1987, I find myself with some free time at work and at home. The project that I had been working on is completed, allowing me to leave work a little early, and check into a few weekday nets. However, by the time this gets to you, I will have completed a two week vacation to Washington, Oregon and Western Canada, and will be back at work on a new assignment.

Remember the 2nd 10-10 International Convention in Milwaukee in August of 1989, and the Dayton Hamvention during April. See you there.

CHAPTER COORDINATOR'S DESK.....
By Hugh WA4QZU

Perhaps one of the major frustrations for paperchasers is to apply for a cert upgrade and wait . . . and wait . . . for a reply which may never come. So, in August, a questionnaire in lieu of the regular quarterly report was sent to 202 Chapters which are believed to be active in 10-10. The responses (Wow! 35 returned in 8 days) -or lack of - will enable a revival of the Endangered Species and Extinct Lists. If your Chapter is active and you did not receive a questionnaire, let me know.

It is imperative that I have an accurate frequency guide for Chapter nets so I asked the Editor to publish my current listing in this bulletin. Please review to see if your Chapter is listed on the proper (and only the proper) day(s) and that the data is correct. Also, when requesting multiple or new frequencies, remember that 28.3 - 28.5 (and maybe 28.5 - 28.6) will probably be QRM City by next fall if not this fall. But we still need to help the novices and techs regardless of QRM.

The requirements for establishing a 10-10 Chapter, plus an application, are mailed to any person requesting them. The requirements are minimal and contain no hints about effective Chapter or net operation. I plan to prepare a guideline of good practices to observe - and pitfalls to avoid - to be included in the mailing. I am accumulating notes and will review all comments. Tnx KC1CP for your excellent notes. You may have covered all the bases. Now if I can reduce them to one page!

Special Chapter Events are not new and they usually create a flurry of activity on 10 meters at a most opportune time. However, if advance notice of the event is not timed to coincide with the publication of this bulletin or WAYNE's Supplements, the word may not get around to all possible participants. Plan ahead-hi!

How 'bout some statistics? Fifty Chapters have never filed a quarterly report; thirty-five have not filed since 1986; forty-three have not filed since 1987 and only seventy-four have filed in 1988. I don't believe we have only 74 active Chapters so keep those cards and letters (and reports) comin' folks.

GRIST FOR YOUR MILL.....

By-Laws of 10-10 Int. state that the Board will establish requirements for Chapters. The current requirements, which the Board has never seen I am told, specify that a prospective Chapter have 7 (5 for DX) members within ground wave distance and hold weekly nets. Some very active Chapters issue certificates and hold weekly nets but do not have the local members to become "authorized". We have the opportunity to fine-tune the Chapter program if we wish. Should net info and records be kept for these Chapters? (Probably). Should we amend the reqs to grant full (or associate) status to Chapters like Paper Doll, Queens & Kings, Bluebird, Doll Chasers, etc.? Or, if we don't amend, should any information about "unauthorized" Chapters appear in a 10-10 pub? Have I opened Pandora's Box? What do you think?

PHILOSOPHER'S STOOL.....

Each 10-10 Official is ultimately responsible, in my opinion, to the "full" members of 10-10. In this column I have requested comment on several items. If only two or three members respond, they may "run the show". Though your's may not be the majority opinion, it will be considered. And please, if you relate a problem, suggest a possible solution.

HELPING HANDS.....

While KA1CAD was expressing the idea to me at Dayton, KB6AN and KA4UEM were already writing OM/YL (don't like X-YL) teams to request that each adopt a DX Chapter and Air Mail the extra copy of the Bulletin to the CH. This alleviates

(Chapter Coordinator Cont.)

a sometime two-month overseas mail delay. All DX Chapter CMs should be receiving an early copy and I am told that the Board is working on a permanent solution.

F6EAK and F3CY held meetings in France to coordinate activity and promote 10-10 Int. during the REF French National meeting.

Although the Cert Guide published by WAYHF is not considered an official 10-10 pub. I, and a lot of others, thank him every day for his "unofficial" efforts.

Remember - and join if you haven't - the PAPER CHASERS MEMORIAL FUND. SKs, and we recently lost a couple of fine ones, are listed elsewhere in the bulletin.

10-10 SCHOLARSHIP FUND - 2 scholarships for amateur radio operators are funded each year by 10-10 as stated in the Articles of Incorporation. You can contribute by sending money or check made to 10-10 Scholarship Fund to WA6P0Z - any amount and thank you for asking!

HATFIELD & MCCOY - very interesting legend, net 0200Z - Mon - 28.456, CH is N8IBK, from WV no less but no other details

CHAPTER CHATTER.....

Many people have informed me that Chapter comments on nets held, check-ins, CH changes and propagation status are extraneous. I want to

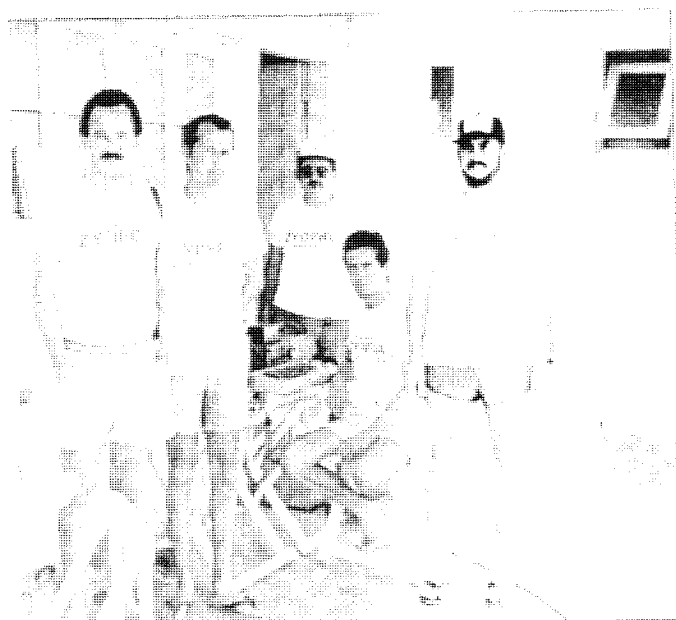

(Chapter Coordinator Cont.)

continue receiving the comments but I plan to list only the most pertinent comments in the future.

MINUTEMAN - W1FFT (Newsy) has resigned as CH due to ill health. I consider 12 1/2 years as CH and 10-10 #571 pertinent. 73 and TNX from all of us.

NEWS BEFORE IT HAPPENS.....

Shortly after you read this, the Board will meet to elect Officers and Directors for a two-year period commencing Jan. 1, 1989. They will be charged with the task of transiting to the new By-laws in 1991 while working under the old By-Laws. I suggest you read the new By-Laws and become familiar with the new election procedures. The Board is already discussing a dues increase (we have a lot of fun for 4/5 bucks) and procedural changes for DX mailing and roster publication.

POINTS TO PONDER.....

K2HLC feels that more exposure should be given to reporting Chapters and I agree. Laws and reports always seem to be made for, and attention given to, non-compliers. However, it is difficult to give equal exposure to almost 200 Chapters.

K5ERJ says we need to read the rules for Cross Co. and Pilot. More to the point, he says, "let's play the (10-10) game right." I agree - let's do play it right.

FINALLY.....

Tnx from GZU for all the help and words of encouragement at Dayton, MA/R1 and Reno. If this is not what you wanted I guess I need more help! And, when I say that this boat-rocker when asked what "YES" spells might politely say "NO", one outstanding ham out there will know what I mean - 'nuff sed.

A MAJOR MILESTONE

By Chuck Imsande, W6YLJ

On August 28, 1988, Al Kaiser, N1API, 10-10's 1st District Manager, issued 10-10 # 50000 to Scot Carey, KA1RMS, of Storrs, CT. This major milestone of attaining 50000 members has been accomplished since the inception of 10-10 back in 1962. Growth of 10-10 was slow at first, with only about 90 members from 1962 to 1964. About another 90 new members came aboard in 1965. Rapid growth followed 1965 and by 1971, 2700 numbers had been issued. Number 10000 was achieved by 1974, and by 1978, there were 18500! In 1981, number 33000 was issued and another major milestone was achieved in early 1985 when number 40000 was issued. And now, in 1988, just three short years, another 10000 members have been added to the 10-10 roster with the assignment of 50000.

Scott lives in Storrs, CT., a small town just 1 1/2 miles north of the University of Connecticut, with XYL Cassi, and their three children, Amy 12, Jerry 9, and Elizabeth 7. Scott is 34 years old, and has worked for a building contractor as a job superintendent for the past 10 years. He has been interested in ham radio since a teenager in high school, and originally took

the test for his license back in 1982. After failing the test, he gave up ham radio until last year when he joined a class sponsored by the Natchaug Amateur Radio Association. He passed his Novice test and received his ticket on January 19, 1988. By the time you read this, Scott should have up-graded and intends to go "all-the-way".

The station at KA1RMS is located in the basement and uses a Heathkit 101 into various home made antennas. Scott likes to experiment with home made antennas and has a 10 meter vertical, an inverted "v", and a random length wire.

We welcome our 50000th 10-10 member, and wish him well in his new hobby.

CHAPTER CHANGES

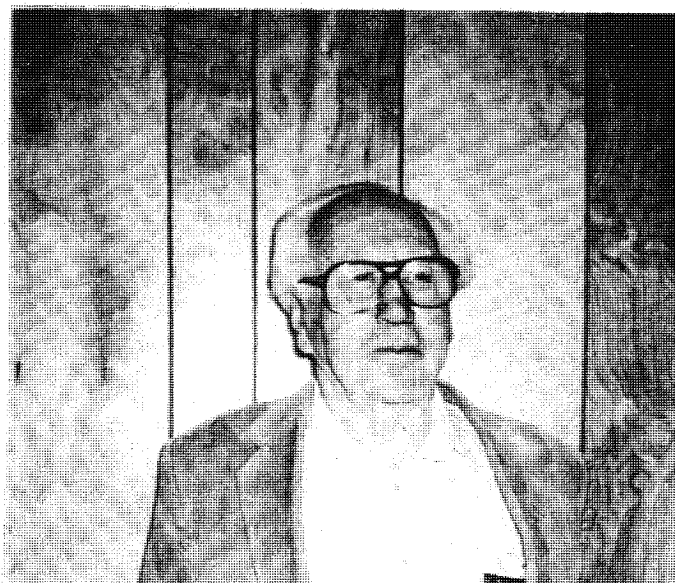

Chapters, Please take note. any changes in chapter heads, certificate managers, net times, net frequencies, etc. should be sent to the Chapter Coordinator, Hugh Sullivan, WA4QZU. His address is on page 2 of the bulletin. Announcements such as qso parties, meetings, special recognitions, articles, pictures, etc., send to me. Beginning with the next issue, any item I feel should be sent to Hugh

for his column, I will forward to him.

While we are on the subject, lets add another item, SILENT KEYS. Grace Dunlap, K5MRU, handles this column. I receive a monthly report from her on all silent keys. Please submit them to her. She makes distribution of this information to the proper areas in 10-10. Your cooperation will be a great help to all of us. And Please Don't Forget The Deadline For Articles To Be Submitted. It is the 15th of the month to me, and earlier to the other parties to make up their column.

GEORGE ELLIOTT SR.
W6ENC, No. 1774

George Elliott was the kind of man who inspired love and respect from everyone who knew him. Born in 1901, he became a Silent Key on August 23, 1988.

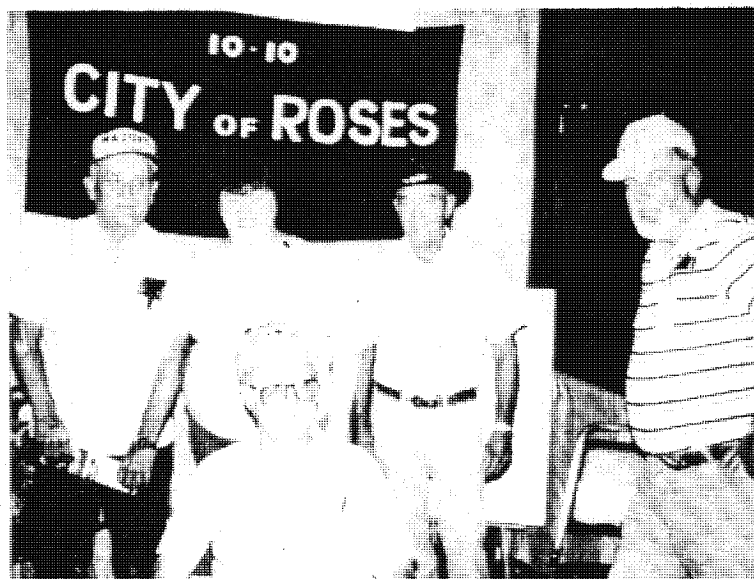

George's contributions to 10-10 were many, extending over a period of at least seventeen years. Records simply do not exist prior to 1971, but in that year, he was Net Coordinator, and held that office until 1978, when he was elected President for that year.

Following his presidency, George became a 10-10 Director in 1979, and has been a member of the Board of Directors ever since.

Widely known across the nation and around the world, George was a wonderful source of information about 10-10 history and how our practices had developed. Always available with advice and suggestions, he will surely be missed.

CW GETS AN AWARD

By Fred, W3DCN, Ft. McHenry Chapter

I am very pleased to announce that the Fort McHenry Chapter will sponsor a trophy for the semi-annual CW QSO Party. The trophy will be ready for the chapter winning the Fall 1988 event. The general guidelines established by "The City Of Lights" chapter for the phone qso party will be applicable for this trophy. It is our hope that more participation will be generated for the 10-10 CW contest.

COMMENTS FROM THE 1988 SUMMER
QSO PARTY By Jerry, W9ZGP

Another year of 10-10 phone QSO parties has ended with the August contest, along with fun and games for the City of Lights Net. Fun was checking all the mail and logs we received. Every Thursday evening, we would gather at Earl's QTH, WB9NYC, a most gracious host. Then after the paper work, would be the games. A nifty pool table adorns the ham shack, therefore the games. Helping with the judging were WB9NYC, W9ZGP, NA9A, K9EUI, W9CAE/VK3DOQ, N9HFL, KE9CX, and WB9DOF doing the computer operating.

We received so many letters and comments with the logs that I feel it would take to much space to print it all. Many logs included a note stating the fact that it was their first contest of any kind, and they hoped everything was correct with their entry. Some had received their number the day the contest started or just a few days before. The problem here was that they had no copy of the rules, and did not include things that the rules call for.

PLEASE ONCE AGAIN, DO NOT SEND LOGS VIA REGISTERED MAIL.

Save your money. Send your log by first class mail. PLEASE WEIGH THAT ENVELOPE. I received about six or more logs with .20 postage due. If you think that envelope is more than one

ounce, then put another .20 on it. We received a log that weighed in at about 2 ounces with \$2.50 postage on it. Don't throw your money away gang.... We received again from the same operators, a duplicate copy of everything, log, copy of membership card, etc. Two copies of a log is not a dupe sheet.

A BIG congratulations to the Houston Shot Chapter for winning, and they will receive the City of Lights Trophy from the Winter winners, the Ft. McHenry Chapter. We are glad to see the trophy going out to different parts of the country.

The District Leader for the First District in the Winter 1988 Phone QSO Party was N1ECV. We listed it as N1EVC. Page 15 of the Spring 1988 issue.

HATFIELD AND MCCOYS, JOIN
FORCES BY Albert Starr, N8IBK

I would like to let all our 10 meter and 10-10 members know about our chapter here in West Virginia and Kentucky, the Hatfield and McCoy Chapter. We have two West Virginia counties, Logan, and Mingo, and one from Kentucky, Pike, check into our net each week. A good catch for any paper chaser. We meet on Sunday evenings at 10:00 P.M., 0200 UTC, 28.456 MHZ. Certificates given on check in for 10-10 members.

PICTURES FOR 10-10

Many times it has been asked that anyone submitting pictures for publication in the

10-10 News, be careful of the type of pictures you are submitting. I am still receiving quite a few that are not good enough for print. They are either out of focus, too dark, too light, the subject is too far back, etc. Please, when submitting pictures, make sure they are sharp. We encourage every one to submit pictures, but what good are they if they can't be printed.

PAPER CHASERS MEMORIAL FUND

The rapid growth of 10-10 International prompts the re-issuing of the appeal for the Paper Chasers Memorial Fund. To be eligible, one must possess a 10-10 number. When a participant passes on, his/her family is sent a framed certificate, noting his passing, and the fact that his passing leaves a void in our ranks, which can never be filled. Along with the suitable final certificate, is a list of the participating fellow members. In order to participate, all you need to do is send two dollars and two S.A.S.E's to either KG8s, or N8BBJ. One S.A.S.E. is to notify you that your letter was received, and the second, to notify you when funds are low, and another donation is needed. Since its inception in mid-1984, this hasn't been necessary.

10-10 INTERNATIONAL CONVENTION

Time is drawing close. less than a year to go for the 2nd bi-annual 10-10 International Convention. Correction on the ticket price. \$5.00 advance, \$7.00 at the door. More information to come.

10-10 INTERNATIONAL NET WINTER PHONE QSO PARTY

By: Harry Syring, WB1FTQ, #23934, Contest Manager.
37 Bradford Drive, Windsor, Conn. 06095

Starts: 0000Z (UTC) February 4, 1989
Ends: 2400Z (UTC) February 5, 1989

Ten-Ten QSO Parties are open to all amateurs but only paid-up members are eligible for awards or chapter assignment of scores. They are conducted to encourage Ten-meter operation and interest in the Net. Non-Members may use numbers collected to qualify for membership; members may use them for awards.

RULES

1. All contacts must take place on the Ten-Meter Phone band.
2. Exchange: Callsign, Name, State, and Ten-Ten Number.
3. A Station may be counted only once.
4. Single operator stations only are acceptable.
5. SSB, AM, or FM modes are acceptable.
6. All contacts must take place during the 48 hour contest period.
7. Logs must be kept in UTC.
8. A Dupe sheet is required of all participants. Computer duping is OK. (Send SASE to me for copy of typical dupe sheet.)
9. Chapter assignment of scores may be only by a paid-up member belonging to that chapter as a local member, and be able to work that chapter net via groundwave from the location of the station working the contest.
10. Illegible or improperly submitted logs will be rejected. See below for log submission requirements.
11. Failure to comply with any of these rules or their intent may result in disqualification.

SCORING

1. Two points for each contact WITH a Ten-Ten number exchange.
2. One point for each contact WITHOUT a Ten-Ten number exchange.

AWARDS

First Place certificates to all U.S. call areas; KL7 included with 7th area. Also Canada, South America, Central America, Caribbean (including Bermuda), Europe, Asia, Africa, and the Pacific (including KH6, all Pacific islands, New Zealand and Australia.) Individual and chapter scores are published in the NEWS. Paid members only are listed.

LOG SUBMISSION

Logs are accepted from 10-10 members only and must be legible, in UTC, and complete. Each line entry must show callsign, time, name, state and 10-10 number if any. A cover sheet is required showing your name, callsign, QTH, 10-10 number, membership expiration date, chapter assignment if any, total contacts and total points. A sample Cover Sheet can be found on the rear page of the 10-10 NEWS. A Dupe Sheet must accompany all logs. Logs must be Postmarked no later than March 1, 1989 and mailed to: Fort McHenry Chapter, c/o Fred Plitt W3DCN, 2271 Four Seasons Drive, Gambrills, MD 21054

Next Contest: Spring CW Party May 6,7, 1989.

Volunteer your chapter now to score during 1990! Drop me a card for full information.

10-10 INFORMATION AND AWARDS

MEMBERSHIP

Work 10 members on 10 meters. Log each 10-10 number, call sign, op's name and QTH. Send list to your call sign area manager (see inside back cover), with \$1 registration fee and \$4 first year's dues. You will receive a certificate and permanent 10-10 number. You must pay dues annually to remain in good standing and participate fully.

AWARDS

If you apply for any of the following 10-10 awards, you MUST include proof of paid-up membership, (a copy of your membership card, or of your address label from the NEWS). Your application will be rejected if you fail to comply.

BARS AND PLAQUES

Log the 10-10 numbers of members of members you worked on 10 meters, all bona-fide number exchanges. List 100, no more, no less

1. List numbers in numerical order. Show also call sign, handle, location.
2. Submit only one list at a time.
3. Log books or copies of log pages are not acceptable.
4. Give your name, address, call sign, and 10-10 number, and show which Bar you are requesting.
