CONVENTION 1989

By Henry Hiett, WD9FCQ

Plans for the 1989 10-10

International Convention are well underway. Forums are being set up, activities are being planned. But there is quite a lot to do before the weekend of August 11, 1989 arrives. A couple of issues back, a request was printed here in the 10-10 News asking that anyone needing space in a trailer camp to contact me. Letters were also sent out with a stamped postcard enclosed to all of the certificate managers. We had asked that the cards be filled out and returned to Richard Schlatterer, KA9MTY. The information on this card is very important, to give us some idea of how many members to plan for. It shouldn't have taken much effort to fill out the card and return it. The response was very poor. But there has been comments on 10 meters of various members planning to attend. The last page of this issue will contain a questionnaire. Please fill it out and send it to Richard Schlatterer, KA9MTY, P.O. Box 83134, Brown Deer, Wisconsin, 53223. Please submit this information immediately.

Effective January 14, 1989, The Red Carpet Exposition Center will change names. It will be called THE GRAND HOTEL MILWAUKEE. The change is due to a name conflict with another hotel chain. Room cost is \$54.00 per night. For reservations, send check or money order to The Grand Hotel Milwaukee, 4747 South Howell Avenue, Milwaukee, WI., 53207. Credit card reservations are accepted by phone. Outside Wisconsin, inside the U.S., call 1-800-558-3862. In Wisconsin and outside the U.S. call 414-481-8000. Be sure to give them your call sign, tell them you are a member of 10-10 International Net, and that you are making reservations for the convention. Do not make out checks to 10-10 International.

The ticket price for the convention is \$5.00 advance, and \$7.00 at the door. Tickets will go on sale January 31, 1989.

The banquet will be held on Saturday evening, August 12th. The cost is \$15.00, which includes tax, tip, and gratuity. The menu features Prime Rib Of Beef. This will

be a sit down meal, meaning that you will be served at your table. It is requested that you order your banquet and convention tickets at the same time. Because of limited seating, first come first served.

The convention will begin at 11:30 A.M. with a general assembly. This will be followed by a Board Of Directors Meeting, open to the membership.

For the non-ham members of the family, there are various activities around the city, the biggest being the Wisconsin State Fair. At the Lake Front, we have various ethnic festivals, a different one each week. There are tours, such as the Botanical Gardens, Pabst Mansion, The Grand Mall, Johnson Wax Co., The Domes, and much more.

Any chapter wishing to reserve a chapter table, to show off their chapter, the cost is \$5.00. Table reservations are sent to Jerry Heien, N9AVY, 3308 Lake Vista Lane, Wonder lake Illinois 60097

There will be volunteer examiners on hand to administer license exams. The cost is \$4.75. We will also have various displays by vendors, as well as a flea market. This will definitely be a very enjoyable weekend for everyone.

For those of you who are flying to Chicago's O'Hare International Airport, we have \$2.00 discount coupons for the United Limo Bus Service to Milwaukee. The cost is \$15.00 minus the coupon for the round trip fare. You may request a coupon from Dick, KA9MTY

To help raise funds to support some of the convention activities, the convention committee had decided to hold a raffle through-out 10-10. Due to legal technicalities, this idea had to be abandoned. Those of you who requested raffle tickets, we appreciated your support.

NOW HEAR THIS: Radio Station, W60I/9, the voice of the 1989 convention will be in Milwaukee Wisc. and in full operation by the time you receive this bulletin. All contacts with W60I/9 will receive a convention qsl card. You must send an s.a.s.e to Duane Riel, NX9H, 501 Mackinac Avenue, South Milwaukee, Wisc. 53172

For further information, contact Henry Hiett, WD9FCQ

NEW MEMBER ROSTER

By J.C. "Corky" Cochran

PAPER CHASERS AND NEW MEMBERS, ATTENTION: It has been decided that the new-member listing will no longer be published in the Ten-Ten News. But for those members who desire the data, it will be available in a computer generated print-out at a nominal cost. All numbers and calls from 38000 to 50999 can be had, mailed flat, and post-paid for \$2.00. Some of the numbers above 50000 are not yet assigned. But a "supplement" to cover that, can be purchased for \$0.85 per copy, (mailed after the 15th of each month--ONLY ON ORDER). This is a volunteer effort, and is not an official function of Ten-Ten. Make checks payable to J.C. Cochran. The address is: W3FQN, 4221 Harcourt Road, Baltimore MD. 21214. This service will continue only until a new more readable and more serviceable roster can be made available. Support the Scholarship Fund, and Remember, "TEN-TEN IS GOOD, AND GETTING BETTER!"

FROM THE OFFICE OF THE PRESIDENT NORM LEFCOURT, W6IRT

Fellow Amateur Radio Operators and 10-10 members:

I take great pleasure in announcing that at the annual meeting of 10-10 International on Dec. 4, 1988 those members present elected me president. The election was held in accordance with the existing 1988 bylaws; therefore, the term of office for the elected officers will be two years.

I should start out by telling you something about me and my amateur radio background. I was born in New York and in 1941 moved to Atlanta. (I was a damn Yankee carpetbagger.) I took RADIO courses under Charlie Kruger at Tech High School and in 1947, passed the FCC test. I received license W4IRT. Under the watchful eye of Charlie, trustee of W4YC, the school station, we got W4YC back on the air at war's end. We were on 20 meters with a Lazy H antenna fed with 600-ohm open wire line.

My first receiver was a home-brew super-regen with plug-in coils. My first transmitter had a 6L6 final and 6V6 high-level AM modulator. The antenna was a dipole with a stub as a match--10 meters, naturally.

When I moved to California in 1948, the call was changed to W6IRT (the FCC accommodated hams in those days). I hold an advanced class license. The present rig is a TS 820S, four element tri-band Wilson System One mounted on a 60-ft. tower. Also, I converted an 11-meter rig for mobile use. The antenna is a modified 11-meter fiberglass whip 5'6" long.

10-10 INTERNATIONAL:

As you probably know, during the past 18 months I was chairman of the planning committee along with Morrie W6EHM and Gerry WA6POZ. We feel the committee was successful since our complete revision of the bylaws was approved effective Jan. 1, 1989. The new provisions will enable 10-10 to move forward as an international amateur radio organization.

MILWAUKEE, WI:

The board of directors will be asked to designate Milwaukee as the site for our first annual general

membership meeting (Art. VII, Sec. 1) Aug. 11-13, 1989. The XYL and I are planning to be there; how about YOU?

ELECTION OF OFFICERS:

We must put together an election of officers and directors by mail ballot to be sent to all full members (Art. IX, Sec. 1-9). A nominating committee must be selected no later than this coming July. We need several members to serve on the nominating committee. Don't let me down; please volunteer to help. This is your organization!

COMPLAINT DEPARTMENT:

At this time I guess I'm it. I was a salesman for the #1 TV company for many years, so believe me, I have been chewed out by experts. I can take it. I like compliments, too. Send mail to: W6IRT Norm Lefcourt, 7713 Wilkinson Ave., North Hollywood, CA 91605.

GENERAL MANAGER:

All officers and directors agree that 10-10 needs a General Manager. The position will enable our organization to have a person specifically charged to carry out the day-to-day business of 10-10, such as overseeing, preparing, and mailing of ballots; public relations and membership contact; etc. This will be a position of great importance. Knowledge of computers will be necessary. If you would like to put your name in or someone else's please do so. Send to complaint department listed above.

10-10 INTERNATIONAL NEWS:

The 10-10 Quarterly News has been improving. Joe Williams, our editor, has full responsibility, and has some excellent ideas for the publication. But remember, he needs your input with news, technical articles, photos, etc. Send suggestions for improvements, to complaint department as listed.

Truly yours, Norm W6IRT #14981

FROM THE DESK OF THE SECRETARY DON HIRST, W6AGP

Report on Ten-Ten International Net, Inc. Quarterly Meeting

The quarterly Ten-Ten luncheon meeting was held on Sunday December 4, 1988 at Sir George's Restaurant in Long Beach, CA. There was a sizeable crowd in attendance and the meeting was conducted by Howard Bowman, W6QIR, President. Following the Pledge of Allegiance, and a Minute of Silence for the Silent Keys, Howard made some opening remarks, then called on each of the officials of Ten-Ten for any comments or reports. Our Treasurer, Gerry Gross, WA6POZ, gave a summary of revenue and expenses for the current quarter and for the year to date. He also mentioned that as of November 1st, 1988 the 10-10 Scholarship Fund had a balance of \$1897.74 not including some last minute club and individual donations he had received. Gerry indicated that 12,096 copies of the latest issue of Ten-Ten International News were mailed to members in the US, 154 to Canada, and 643 to other foreign locations.

Chuck Imsande, W6YLJ, reported there has been a lot of interest lately in the WAC Award. He has sent out 33 certificates in the last three months. Also, a lot of interest shown in the 10-10 Information Packages requested from him by readers of World Radio News, at the rate of 25-30 requests per week.

Morrie Goldman, W6EHM, reviewed the establishment of the scholarship fund, that we had awarded two scholarships in 1988 and would be awarding two more in 1989. He indicated a check for \$1500.00 would be forwarded shortly to fund the 1989 scholarships.

Jim Michaels, W6PQM, served as Chairman of the Nominating Committee, and commented that Irv Hunter, K6PW0, didn't have any idea how 10-10 would grow to about 50,000 members back in the earliest days of 10-10. Jim indicated that in accordance with Articles 11 A and 12 A,B,E, and F, the following slate of candidates was presented. For President, Norm Lefcourt, W6IRT, for Vice President, Morrie Goldman, W6EHM, for Secretary, Don Hirst, W6AGP, and for Treasurer, Gerry Gross, WA6POZ. Gerry Gross then requested that his name be withdrawn from nomination for Treasurer, due to personal circumstances. He agreed to continue to serve until April 1, 1989 until another Treasurer can be found. A motion was made and seconded that the offices as nominated, be elected to serve for a term of two years, and it was voted unanimously.

Howard Bowman, who has been dedicated to 10-10 and served as President for some years now, thanked all the officers and managers of 10-10 for their support over the past few years. He indicated that the new offices will have their work cut out for them with the new By-Laws and new elections that will be required (all the members worldwide voting for the Officers) as 10-10 moves into this new format for elections. Norm asked for a round of applause by way of Thanks and Appreciation for all Howard's efforts as President, and for the great job he did in this office. Norm pointed out there is far more work involved that most members of 10-10 are aware of. Under the new By-Laws, the Board of Directors will run 10-10 but keep the membership informed. After April 1, 1989 a nominating committee will be established to nominate and receive nominations for new officials of 10-10. It was also decided to continue the holding of quarterly 10-10 luncheons, though they are not mentioned in the new By-Laws. The meeting was then adjourned.

Respectfully submitted by Don Hirst, W6AGP, #39046, Secretary

Don

Somewhere in this issue of the NEWS is the results of the election of officers. Missing from that list is me, after 8 years as Treasurer and with a move pending midyear, I decided not to continue. I plan to continue to be active in 10-10, and be at Dayton and Milwaukee. However, looking at that list of officers you will notice that the office of Treasurer is vacant. The nomination committee was unable to fill the position. There are not many requirements: the individual must live in California, as the Corporate Secretary, your home address is listed as the corporate address; The individual must be able to perform basic accounting functions and be able to balance a check book. If anyone is interested, send me or Norm, W6IRT a note.

WORDS FROM THE PAST PRESIDENT HOWARD BOWMAN, W6QIR

HISTORY

A few years back, I began bugging you in these pages for copies of old issues of the News. I was especially interested in issue of the Sixties and early Seventies - I already had most issues of later dates, and even some of the earlier ones.

Anyhow, the response was wonderful. I had located an old German bookbinder, whose shop was not too far from home. From a casual inspection of his shop, it was evident that most of his work was theses and dissertations, which tend to be one- or two-copy jobs, making my order a natural for him. As it turned out, the first volume of 10-10's material was not easy, since paper sizes tended to be erratic.

I found that some materials were on 8½" x 14" paper, some on 6" x 8½", and some on sizes in between. This meant trimming of the larger sheets, and placement of the smaller so they wouldn't get lost. He did it, and the result is a three-volume set of 10-10 publications which is almost complete. The 'almost' arises because there is one issue of the News that we never did find - the fall issue of 1976. Indeed, no one knows whether that issue was ever published.

The first of the bound volumes covers the years 1969 - 1979, and is slightly taller than the other two, because of the 14" issues. The second volume covers 1980 - 1983, and the third 1984 - 1987. All are handsomely bound in red.

It is especially instructive to go back and look at those who were mentioned as officers or managers, or who held other responsible positions in 10-10 back in the early days -- and who are still at it! I saw especially the names of Lee Pasewalk, W6MGM, Morrie Goldman, W6EHM, Grace Dunlap, K5MRU. All of them came aboard in 1973, Lee as manager for areas 1, 2, and 3, Grace for areas 4 and 5, and Morrie for 6 and 7. By December of 1975 10-10 had a manager in each call area, and Lee had taken over as Records Manager - a job he holds to this day.

There are a couple of other names that appeared in the early days and who I hear regularly - Fran Levy, W6MXT, and Joe Plumb, K6CQN. No longer officers or managers, both check in regularly on the daily net. They, with the others listed, have made their contributions to 10-10, and should be honored for them.

ENVOI

I first became a member of 10-10 in May of 1972. About three years later, Morrie Goldman, W6EHM, who was then 10-10's President, conned me into becoming Roster Manager. That was back in the days when the Roster had been produced by typing it up on adding-machine tape, and pasting those tapes so as to make it possible to photograph and print them. The Roster ran 32 pages or so.

Since that time, in one way or another, I have been involved in 10-10's affairs, and now it's time for me to leave.

Before I fold up my typewriter and steal quietly away, however, there are some people I want to thank.

Most of all, I want to thank the many managers, all of whom go quietly about their tasks, solving their own problems, giving of their time, and getting precious little from the members in return except for complaints. By and large, over the years our managers have performed nobly, and I cannot thank them enough. And that goes for the managers of past years, too. In almost every instance, when a manager had to leave his post, for one reason or another, he (or she) found a replacement. Volunteers are not easy to come by, and that one act of assistance is a great big plus.

Then I want to thank the hundreds who have written me over the years, commenting on what I have written, offering suggestions, commenting usefully and giving me added information. Believe me, every word was read. If you enclosed an SASE, you got a reply, and sometimes you got one even if you didn't. I'll even thank the carpers, who usually didn't have their facts straight, but were good for a laugh anyhow.

Lastly, I want to thank the Planning Committee - Morrie Goldman, W6EHM, Gerry Gross, W6POZ, and Norm Lefcourt, W6IRT. They have set a course for 10-10 to follow which certainly has laudable objectives, even though it may not be easy to achieve.

73,

Howard - W6QIR, #4509.

175TH ANNIVERSARY CELEBRATION

By John Hackworth, N3FUR

Place: On board an American boat anchored in the Patapsco, down river from the British fleet. Date: September 13 and 14, 1814. Who: Francis Scott Key. Why: The boat and its occupants were being detained while the British bombarded the city of Baltimore, and Fort McHenry.

With these pieces of history, can you name the most significant event that occurred during that time? If you guessed it was the writing of the words which were destined to become our National Anthem, you are correct. It was while he was aboard that boat that Francis Scott Key expressed his emotions of the siege which he had witnessed.

During 25 hours of brutal pounding by the bombs and rockets fired at Fort McHenry from the British ships, Key and his fellow Americans watched with great anxiety. As dawn crept across the eastern sky, it was evident that the defenders had survived, and with it, the red, white, and blue of the Star Spangled Banner, tattered, but ever so proud, waving over the Fort.

As he stood watching the flag wave in its triumph and defiance, Key wrote his emotions in verse on the back of an old letter. After his release and return to Baltimore later that day, Key revised and expanded the poem in the quiet of a room at the Indian Queen Hotel. Originally distributed to Baltimoreans on September 17th, under the title, "Defense Of Fort McHenry," it subsequently became "The Star Spangled Banner" shortly after publication in the Baltimore Patriot on September 20th.

Set to the music of "To Anacreon in Heav'n," it became an immediate "hit" in Baltimore, and the surrounding areas of Maryland. However the song was to encounter much opposition over many decades before finally becoming our official National Anthem on March 3, 1931. To commemorate the 175th anniversary of that historic event, the 175th Anniversary Commission was established by the Patriots of Fort McHenry (a private sector initiat-

ive) on May 2, 1988, to arrange and coordinate the national celebration in September 1989. A committee from the Fort McHenry Chapter of Ten-Ten International Inc. will co-ordinate the efforts of the amateur radio community with the commission. Arrangements are being made to operate a special event amateur radio station from the Baltimore area. Preliminary details are being worked out and support is being solicited from other amateur radio organizations in the local area. The Fort McHenry Chapter will operate 10 meters, and special QSL's are planned to be sent for contacts. Full details including dates and suggested frequencies will be published in an upcoming issue. Support from ANY interested parties will be greatly appreciated. Contact me or W3FQN.

Fort McHenry, the National Monument and Historic Shrine, is a very special piece of our American history, and it also needs your support. Funding of \$15 million is needed for construction, restoration and preservation projects over the next few years. With the Federal budget cuts, those funds must be raised through contributions and activities of the private sector. If you would like to make a contribution toward that goal, whatever amount, send it to: Patriots of Fort McHenry, Fort McHenry National Monument and Historic Shrine, Baltimore MD. 21230. Be sure to let them know you are an Amateur Radio Operator, so they will recognize the breadth of the support the ARS community provides to our great nation.

REDMOND BEACON IS ACTIVE

By Mark Allen, WJ7X

There is a beacon operating from Redmond (Seattle) Washington, on 28.252 Mhz. The beacon had an output power of 10 watts. It is presently operating 24 hours a day, seven days per week. The antenna is normally a vertical, but is switched to a beam facing S.S.E. by request. The beacon ID's as WJ7X/Beacon/Seattle WA, every minute. Look for it. It's there waiting for you.

PS From the President

10-10 International has established two \$750.00 Scholarships. This year's winners were N8F1T and KQ0IFD. All licensed amateurs (U.S. or foreign) are eligible, with a written recommendation from a full member of 10-10. Applicant must intend to seek at least an Associate degree from a college or university in the U.S. Preference will be given to those seeking a graduate degree. RESULTS OF THE 2ND ANNUAL STEEL CITY 10 METER ALL MODE CONTEST

SEPT. 24 & 25, 1989

DE ND9Y, GLENN, TEN X 32436, STEEL CITY 16CL

The results are in, and the numbers are definitely on the rise (sunspots and 36 logs received). By all indications, our contest is slowly growing, as band conditions continue to improve. We, The SteelCity Chapter, want to thank all who sent in logs and also to those who were there to be worked and took the time to make contacts. Congratulations to NK7L for taking top individual honors with 356 contacts. 30 multi's, for 19,710 points, while the Citrus Belt Chapter took top honors with 28,825 points. The top DX was KH6DRT, with 2,366 points. Thanks again to all, and see you in 1989.

CHAPTER COORDINATOR'S DESK.....
By Hugh WA4QZU

One of my announced first objectives was to determine the status of all chapters. Based on responses to my first two Quarterly Reports - or lack of same - the following chapters are:
QRT-THEIR REQUEST: Flagstaff, Hoot Owls, Minn-Dak Sunflower, Oklahoma 89er, Treasure Coast
QRT-NO REPORTS FOR YEARS: Australian Capital, Birdwing, Buzzard's Roost, City of Five Flags, City of Oakland Park, City of Oaks, Cradle of the Confederacy, Earl of Granville, Festival City, Golden Triangle, Great Valley, Independence Day, Kentucky Cardinal, Lobster Trap, Mother of the West, Parnaiba City, Salt Stone, Sara's Box, Tast, Tidewater

The following Chapters, still presumed active, have not returned either of my two report requests (did I forget to say please?): Earthquake Country, God's Country, Hungarian Landscape, Lake Simcoe, Mason Dixon, N.I.T.T., Nutmeg, Prince of Pork, S.M.O.G., Tulip, Twin Tiers.

The following offer a certificate but, by their choice, are not considered Chapters: Bluebird(MD), Busy Bee, Dad & Lad, European Award, Grt. St. Of Wisconsin, Orange Co.(El Camino Real), Over 55, PA Dutch Country, Procrastinator, Raggedy Ann & Andy, Santa Fe Trail, S.C.C.A.R.A., Truth or Consequences, Yoder Knitch.

A second objective was to establish an accurate frequency listing. The listing cannot be published every quarter and the changes are too lengthy to list here so, I will attempt to have an updated listing printed next quarter.

A third objective was to prepare a set of guidelines and hints to be sent to potential new chapters in addition to the requirements for establishing a chapter. They are prepared and fifteen have been sent

already.

SOAP BOX.....
1. Chapters have the right to administer their program as they see fit so long as there is no conflict with 10-10 regulations or good amateur practice.

Awarding First State Designation -
Partly because of the proliferation of Cs, HDs, HMs, CLs, etc. a FS designation is unique and therefore coveted. In my opinion, the FS suffix should, in the future, be awarded to the first application received from a RESIDENT of a state who qualified while in that state. I will not attempt to define RESIDENT but my point is that FS should not be awarded to an individual based on qualification during a short trip or visit to a state. I probably could have picked up a few more FS this year (Harborites would have been one) if I felt differently; K7CZQ could have MT and WY both if she wanted (Would K7CZQ share with K7BND? - tune in next quarter for the exciting conclusion). In answer to your next question, I think WB1DBZ and K9EHP (and probably some others) are residents of two states (brief pause for attorneys to shudder). What's your opinion?

Earning WAS - I have transmitted from about 15-20 states during the past 15 months. A couple of those states have very few paperchasers. In my opinion, if a person contacted me in all 15 states, he or she should be entitled to use my number for all 15 states on the WAS endorsement to a certificate. Again, my point is that I don't think contacts should be required with a resident of a state while he is in that state. However, if I contact 10-10ers from 50 states while in the parking lot at Dayton, I didn't get any states because I was not in my home state (but I can use the numbers otherwise). I know at least two CMs will disagree with me. (For CHs and CMs who do not agree please reread

number 1 under this heading-hi!)
What's your opinion?

COMPLAINT DEPARTMENT.....
I have received a number of (20 or more) complaints about the Backscatter Net. Most comments are that there is too much idle chatter, people have to repeat info time after time, no net discipline, specific relay stations are not assigned, too many checkins are taken at a time, favoritism, occupied frequencies are usurped, etc. A couple of months ago I got to make 4 calls in 2 hours, didn't get to give out any numbers and didn't get any (except 10-10). When we point the finger at someone, we must realize that three fingers point at us and I acknowledge personal guilt on some of the charges. If only 1 or 2 relay stations are named, only 10-20 checkins taken at a time with no additions to the bottom of the list, no more than 2 or 3 numbers announced, numbers are copied when announced and no more than 1 or 2 asked for when calling, the Backscatter Net would be enjoyed by more people. I must admit that, when I used to be NC at times, my methods were copied to some degree from W4KN(sk), W4YHF and WD4MPG to mention a few and they were strict and business-like. On the other hand, no frequencies may be reserved for the exclusive use of a person or group and NCs are not obliged to observe a set of established regulations; they are free to use an unoccupied frequency in any legal manner. Others are free to establish nets on other frequencies or get on 28.825 first. One problem with being somewhat specific, as I have done here, is that everything can't be covered in a few words. Disagree if you will but let's not engage in semantics. (This paragraph was not one of the fun parts of this job!) P.S. Dec has been much better in my opinion.

WHAT'S IN A NAME?.....
Associate, AUTH OR UNAUTHorized

Chapters - Separate classes of Chapters would require unnecessary paper work but recognition should be given to Chapters requesting authorization - if they have nets as required but don't have 7 members in ground wave distance - is the way I read my mail. This appears sensible as we don't un-authorize Chapters whose membership has decreased below the required number. I propose the following: A chapter failing to meet the requirements for authorization for lack of the required members within ground wave distance may, after a six-month probationary period, apply for authorization. Authorization will be at the discretion of the Chapter Coordinator. The proposal will be effective March 1, 1989 unless I receive sufficient comments to the contrary. Absent such comments, the Queens and Kings and Paper Dolls will be automatically authorized as of that date. The Doll Chasers may also be authorized if they choose. Dancing Dolls and Kangaroo Kourt may apply after the six-month period expires.

OOPS!.....
I was given ten lashes with a wet noodle, and properly so, by the Stark Co. Mutual Aid Net for not listing them on my frequency listing last quarter. As one of the older (26 years) and more active nets on 10-10, they deserved better. I did the same to Maine-iacs (apparently out of pasta). Stark Co. is on every Sun, 28.800, 1545Z-S, 1645Z-W and Maine-iacs is Fri(cal)Sat(zulu), 28.4025, 0000Z-S, 0100Z-W. There was a reason but no excuse; I apologize - please don't sue!

10-10 CHAPTERS, WHERE ARE YOU!

Joe Williams, WASTSG, Editor

10-10 International has well over one hundred and fifty chapters through-out the world. Checking the 10-10 roster, numbers have been issued above 50,000. Where are all of these chapters and members. If you take a look at the past issues of the 10-10 News, you will find that only a few chapters have their pictures appear, and these are usually the same ones from time to time. I am quite sure that there are chapter activities that you would like to share with the membership. Eyeball quo's, parties, displays your chapter puts on at various functions, new chapter heads, etc. Our picture file is just about depleted. We need a fresh supply. How about lending a hand. It would only take a couple of minutes from your activity to say smile, and "click", you have something for the 10-10 News.

How about articles to share with your fellow members? If you stop to think about it, there are many things one could submit.

What about the new members. I am sure the membership would like to know who you are. And you old timers. Don't it about time some one saw your face, or heard from you?

I receive many comments, that every one, or most every one enjoys seeing the pictures in the News. Well, lets get busy and get some in the files for publication.

On the same note, there are various activities going on, like chapter qso parties, banquets, etc. I hear about them while on the air, and while there in progress, or an announcement may appear in the net guide put out by W4YHF. Why not send an announcement to the News to be posted in the coming events section. Lets get on the band wagon and get your chapter recognized in the 10-10 NEWS.

I had the pleasure of visiting the Fort McHenry Chapter while attending school in Aberdeen MD during the last week of October. It was a most enjoyable eyeball at the airport, and just as enjoyable checking into their net from the qth of Corky, W3FQK. Thank You All, for the very warm hospitality. I

look forward to meeting a lot more chapters in the near future.

By the time you receive this issue, 1988 will be history. Looking back, many things took place in the past year. The rewriting of the 10-10 bi-laws, the awarding of the first 10-10 scholarship awards, a new president and vice-president was elected to office, a new chapter coordinator is getting his feet wet, and ten meters, yes, ten meters has been reborn. The past year has seen more activity on ten then has been in the past five to ten years. Membership is increasing to an all time high. We have passed the 50,000 mark.

Along with the happy and enjoyable memories, we also have a few sad ones. The silent keys, who have turned in their rigs for better ones upstairs, lost contacts with some of the familiar voices we hear every day on 10, which I hope one day will reappear.

What do we have to look forward to in 1989. I would say, a bigger and better year. Dayton Hamvention is always a hit with our memberships paper chasers. The Second Bi-Ennial Convention to be held in Milwaukee Wisconsin, August 11th through the 13th, the Reno get-together also in August, and of course the QSO parties. With the band as it is now, it is sure to be a sensation this year.

I intend to try a few ideas with the 10-10 News this year. One of them is a new column entitled "Letters To The Editor". This new column will be designed to let others know how you feel about the happenings in the 10-10 family. Here is a chance to express your likes and dislikes. Submit ideas on changes, etc. I know this will be a very sticky column, therefore, all articles received must be screened with the utmost care. Everything will not be printed, and above all, it is not intended for singling out individuals. If it gets out of hand, it will be discontinued. When you submit entries for the column, remember that no organization is 100 percent perfect. We all have our faults. Lets take extreme care not to jeopardize the membership of 10-10.

I hope every one had an enjoyable holiday, and hope you have an excellent year in 1989.

ZL1BI VISITS COLORADO

by NØCKW, 10X:8105

When the article appeared in the TEN-TEN NEWS (Summer issue) about the planned stateside trip of ZL1BI we in the Centennial & Big Horn chapters made plans to greet Shirley when she came to Colorado. We all gathered at a local eatry for fine food and lots of 10-10 chatter.

(shown LtoR) Don-KØPVI (CH of Colo Big Horn Chap), Paul-KAØZFD (CM of B.H.), Shirley-ZL1BI & Chuck-NØCKW (CH/CM of Colo Centennial Chap).

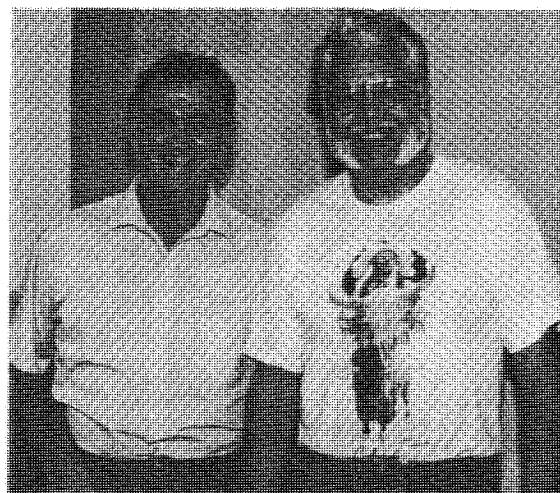

During the dinner, Shirley was presented with certificates from both chapters. The Colorado Big Horn is celebrating it's 10th year and the Colorado Centennial it's 13th year.

STARTS: 0000Z May 6, 1989
ENDS: 2400Z May 7, 1989

Ten-Ten QSO Parties are open to all amateurs but only paid-up members are eligible for awards or chapter assignment of scores. They are conducted to encourage Ten-Meter operation and interest in the Net. Non-Members may use the numbers collected to qualify for membership; Members may use them for awards.

RULES

1. All contacts must take place on the Ten-Meter band.
2. Exchanges: Callsign, Name, State, and Ten-Ten number.
3. A station may be counted only once.
4. Single operator stations only are acceptable.
5. CW and RTTY modes are acceptable.
6. All contacts must take place during the 48-hour contest period.
7. Logs must be kept in UTC. (Zulu Time).
8. A DUPE SHEET IS REQUIRED OF ALL PARTICIPANTS. COMPUTER DUPING IS OK. (You may send a SASE to me for a sample of a dupe sheet.)
9. Chapter assignment of scores may be only by a paid-up member belonging to that chapter as a local member, and able to work that chapter net via groundwave from the location of the station working the contest.
10. Illegible or improperly submitted logs will be rejected. See below for log submission requirements.
11. Failure to comply with any of these rules or their intent may result in disqualification.

SCORING

TWO points for each contact with a Ten-Ten Number exchange.
ONE point for wach contact without a Ten-Ten Number exchange.

AWARDS

First Place certificates to all U.S. callareas; KL7 included with 7th area. Also Canada, South America, Central America, Caribbean (including Bermuda), Europe, Africa, Asia, and the Pacific, (including KH6, all pacific islands, New Zealand and Australia). Individual and chapter scores are published in the NEWS. Paid members only are listed.

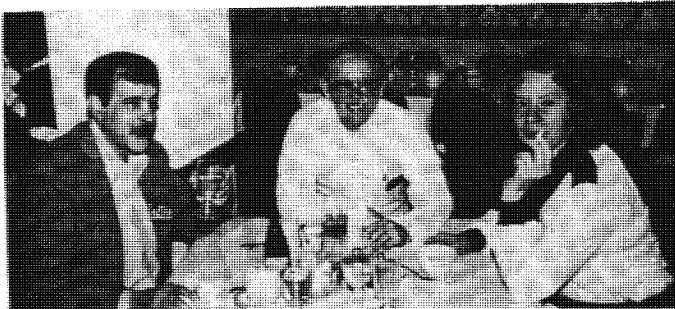

LOG SUBMISSION

Logs are accepted from 10-10 members only and must be legible, in UTC, and complete. Each line entry must show callsign, time, name, QTH, and 10-10 number (if any). A COVER SHEET IS REQUIRED of all logs showing your name, callsign, QTH, 10-10 number, membership expiration date, chapter assignment (if any), total contacts and total points. A cover sheet can be found on the rear page of the 10-10 NEWS. A DUPE SHEET MUST ACCOMPANY ALL LOGS. Logs must be postmarked no later than June 1, 1989 and mailed to: Boomtown Chapter, c/o Ed Neal, N5EBA, 1414 Hiawatha, Burkburnett, Texas 76354.

500 VP ROSTER

A roster of all VP numbers has just been released. This roster is in numerical order by VP number. It lists the members VP number, 10-10 number, and call sign. A worth-while way to keep track of all your contacts with VP numbers. To order your copy, send \$2.00 to Hiram E. Wolf, W4NWP, 126 West 37th Street, Riviera Beach, Florida 33404-2214.

CHAPTER CHANGES

Chapters, Please take note. any changes in chapter heads, certificate managers, net times, net frequencies, etc. should be sent to the Chapter Coordinator, Hugh Sullivan, WA4QZU. His address is on page 2 of the bulletin. Announcements such as qso parties, meetings, special recognitions, articles, pictures, etc., send to me. Beginning with the next issue, any item I feel should be sent to Hugh

Many times it has been asked that anyone submitting pictures for publication in the

10-10 News, be careful of the type of pictures you are submitting. I am still receiving quite a few that are not good enough for print. They are either out of focus, too dark, too light, the subject is too far back, etc. Please, when submitting pictures, make sure they are sharp. We encourage every one to submit pictures, but what good are they if they can't be printed.

CERTIFICATE NET GUIDE

Don't forget to order your Certificate Net Guide from Jim Beswick, W4YHF. Keep abreast with the happenings in the paper-chasers world of 10-10 International. For more information, contact Jim at 112 Owltown Farm, Ellijay, GA. 30540.

PAPER CHASERS MEMORIAL FUND

The rapid growth of 10-10 International prompts the re-issuing of the appeal for the Paper Chasers Memorial Fund. To be eligible, one must possess a 10-10 number. When a participant passes on, his/her family is sent a framed certificate, noting his passing, and the fact that his passing leaves a void in our ranks, which can never be filled. Along with the suitable final certificate, is a list of the participating fellow members. In order to participate, all you need to do is send two dollars and two S.A.S.E's to either KG8s, or N8BBJ. One S.A.S.E. is to notify you that your letter was received, and the second, to notify you when funds are low, and another donation is needed. Since its inception in mid-1984, this hasn't been necessary.

10-10 INTERNATIONAL CONVENTION

Time is drawing close. less than a year to go for the 2nd bi-annual 10-10 International Convention. Correction on the ticket price. \$5.00 advance, \$7.00 at the door. More information to come.

IS THIS FREQUENCY IN USE, PLEASE?

By Marge Smothers
Are these forgotten words anymore?
In the last few months, I've noticed so many times during a chapter net, there will either be those who tune up while you're trying to copy information, or someone comes on frequency calling CO several times without even asking, "Is this frequency in use, please?". Common sense dictates to listen first! You may not be able to hear the other end of a QSO or a Net Control Station taking check-ins.
We paperchaseers tolerate the length of time for check-ins and wait our turn for contacts, it's worth the time. But it surely would make life easier on the band if the above words could be memorized by those unfamiliar with the procedure.

ATTENTION BAR APPLICANTS

By Andy Anderson, NSCUQ
Bars maybe submitted according to the rules. However, if you do not have a computer, and wish to submit, send an S.A.S.E. to NSCUQ, Route 3, Box 243, Frederickburg, TX, 78524. You will receive a printed form that utilizes one page. This saves on postage as well as paper.
A reminder for the new comers who have Commodore 64/128 computers. Programs are available through NSCUQ. Write for info, IBM and compatibles have this one page report for bars also. Write KA4FHP. He has devoted quite a lot of time designing this form. It is a very handy item for number collecting.

FALL CW QSO PARTY

By Ron, NN5Y

We received several comments concerning the 10-10 CW party coinciding with the ARRL Sweepstakes CW Contest. Many stations to work, but many of the sweepstakes stations wouldn't take the time to pass the necessary info for the 10-10'ers. Several comments requested moving the 10-10 contest either one week back or forward to eliminate the conflict. One suggestion was to swap the 10-10 SSB and CW dates.

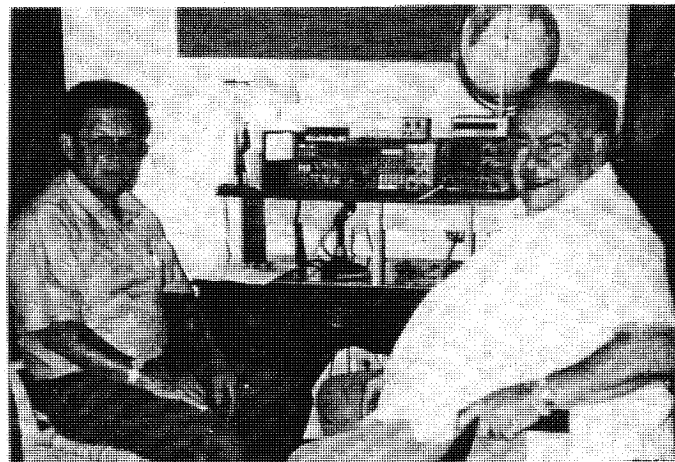

And That's The Way It Was. in 1988. Mike-KC5CP

Boy, those stateside stations are really booming. Jim-EI2AI

Boy, even the state of Colorado gets into the act of 10-10.

Six Month Solar Activity Outlook January 1989 - June 1989

The rate of rise of cycle 22 appears to be falling behind that of cycle 19, although it remains one of the strongest on record (see page 20). By the end of the outlook period the smoothed sunspot number is projected to be 173 (plus or minus 20) and the 10.7 cm flux 205 (plus or minus 20). The number of proton events and X-level solar flares for cycle 22 is lagging slightly behind the corresponding values for cycle 21 (see page 19).
